

Ngaruawahia United AFC

1968 - 2018

The Book of Joseph, Chapter 1,968

I. *It was three score years and eight after the turning of the century when Joseph of the Templeton clan of Ngaruawahia scanned the province and said to himself "Yonder are players unorganised. I will organise them like unto other provinces heretofore organised. I will cause a gathering of footballers unlike any that have been conceived. I will call them United, for so they will be."*

II. *The chosen gathered at the behest of their leader, but invasion of the sports fields was to be denied to them due to the tardiness of their preparation.*

III. *"The morrow will see us take the fields of glory", stated Joseph.*

IV. *And so, two score and nine years since the round ball was briefly shown the light of day in the Village, did the Machine of Green begin its mission on the fields of Wahia Nga Rua.*

The first 50 years of Ngaruawahia United AFC, 1968-2018.

What Makes Us Unique?

- With the aid of the former Ngaruawahia Borough Council and latterly the Waikato District Council we have developed what we consider the best footballing surface in the Waikato.
- Our October 50th Jubilee commemorated a wide range of people and events that have enhanced the township of Ngaruawahia. We have supported and hosted players on Centennial Park from a variety of cities, countries and nationalities.
- To that end we have hosted, for several years, representative teams from Christchurch, Dunedin, Wellington and Auckland when they came to play Waikato in the Summer League.
- Ngaruawahia has been involved in the preparation of international teams qualifying for the 2015 U-20 world cup and our club has had full games against the Solomon Islands and Samoa. During the World Cup being hosted in NZ Centennial Park was the chosen practice venue for the Panama team, approved by FIFA, the International Football Association.
- Players from 11 different countries have come at their own expense over the years to experience football and our local culture, taking home with them a love of our country's culture and a desire to maintain contact with us and possibly revisit. These players, each of high footballing skill, came from Chile, Argentina, Somalia, England, Scotland, Spain, India, Papua New Guinea, The Solomon Islands, Italy and South Africa.
- One of our coaches, Dave Edmondson, went on to become the Australian Womens National Coach.
- We have provided football for more than 2,300 players since 1968 with a number going on to represent Waikato, Auckland, Christchurch and New Zealand. One such player, Seamus Marten, represented New Zealand as a media officer for the 2006 World Cup in Germany.
- 1998 was the year that Ngaruawahia appeared almost daily in the national newspapers as our club progressed to the semi-finals of the nation-wide Chatham Cup in Dunedin. One extensive article appeared as a two-page spread on August 2nd in the Sunday News entitled "There's only one Ngaruawahia".
- In 1999, out of all sports codes across the Waikato, Ngaruawahia United received both the *Service to Sport* and the *Team of the Year* awards. The *Team of the Year* award was again awarded to us in 2006.
- Our web site of over 2,200 pages and 74,000 match photos, has followers scattered across the globe, and those following of our Facebook page are able to keep up with local events.
- This history, and much more, is contained in our 578-page hard-copy 50th Anniversary Book.
- This e-Book provides the reader with access to all of our photos, videos and media reports through links.

The story of a boy…

Well, I have been involved with the club for my entire life. One could say that I was born out of Ngaruawahia United AFC royalty, son of long time President and administrator Maxine Duffull (aka Williams nee Sellars) and double centurion Steve Williams. Unfortunately as the talents were split between my brother and I – he got the football prowess and I got the err…umm…big heart and "do good" mentality. I forget – I also got her bad memory, which is why reminiscing about the good old days is a little difficult for me. It could also be that I got her love of Wine…another contributor to my memory loss.

I can't recall my earliest memory of the club, but I remember some things that I wish I could bring back for the kids of today. I know I got the ability to tell stories, albeit long ones, so for this memoir I'll bullet point a whole bunch of things which I'm sure some people will remember:

- Picking up the grass for Millsy, who would hide money under the grass clippings in an attempt to encourage us to pick them up. It really only cost him a few lollies because whatever we found we were quickly back into the shop to spend it.
- Sleeping under the tables, or pulling two of the massive and heavy red chairs together and sleeping in there. I later found out that these were an absolute gold mine! The big heavy coins of the time use to fall out of peoples shallow pockets and into the side of the chair. Only those with small hands were able to get their hands down there to retrieve the treasures that lay hidden therein.
- Going to the chip shop and asking for the "crunchies" which were pretty much just the tiny chips and bits of batter that came away from whatever was being cooked and was left floating in the fryer. We didn't have to ask on Friday nights though as that was takeaway night and we'd usually have a chippy tea down the Club.
- That 6-person straight plank swing at the playground which hadn't been oiled since World War Two. If you were really good, you could run from one end to the other, over the mini hurdles that the little kids used to hang onto.
- There was a big hole between the Playground and the, now, #3 pitch. We used to ride in and out of it as it was like a BMX track – I can't even remember when it got filled in?
- Spending hours and hours in the Pines, building huts and hiding out from people, going eeling, and also a great place to ride our BMX's.
- Guy Fawkes was always a big thing at the club and then when we got older we started having fireworks fights with Roman Candles and Moon travellers (sky rockets) that we would drop into our rocket launcher and fire at people over by the playground – not safe, but it was different times back then.
- I remember Christmases at the club when Santa would turn up, usually in a Fire Truck and would hand out presents. I was glad the reindeers got a rest when he came to the club!
- I remember a Surfcasting competition out the front of the Club with E.C and Gary Crosby. It's amazing the things you think to do to keep yourselves entertained…truth be told I think it was practice for the very important TOKISS.
- We used to jump from the lean-to-entrance onto the Flax bush beside it. The flax has obviously perished, but the memory remains.
- I remember learning how to dance from April and Kirsten Henckel. Man they could dance, definitely their Mum's side I think! I have always had a lot of compliments about my dancing and I can honestly say, it came from them – they taught me Rhythm!
- The Jukebox – OMG I loved that thing, back then the novelty of being able to choose your own song – now we inevitably get stuck with someone's play list which only pleases about 40% of the people 30% of the time. Back then anyone could put on their jam, and the tunes, and for only 20 cents or 3 for 50 cents. What a bargain!
- The Pokie Machine - no-one played more and won more than Mary-Anne Henckel – she had the magic touch, played big and won big. I can still remember all of the pay -outs (typical accountant) - 10 credits for the watermelons and oranges, 25 for the Liberty Bells and 100 for the Bars - $20 (if you played one line like I did) – they burned in my head! I used to spend all of my pocket money down there as a kid (normally by the Friday night) on Chocolate bars, chips, drinks, music in the Jukebox and then Pokies!
- I remember helping Mum do the stock-takes of the Machines and at times having to count all the coins in there – WOW! – I'd never seen so much money! There must have been about $200 worth of 20 cent pieces – the big old ones – it weighed a tonne!
- Playing football in the foyer (sometimes with a football, but more often with the wine bladder from ones of the Casks that Mum and Aunty Liz had consumed!)
- I remember the songs we used to sing on the bus trips, "the Hula"…"come to Narra"…best bus driver", etc. Such good times, stopping at the Rangiriri, Muddy Waters, drinking things like Baby Cham and Miami Wine Coolers, Vaults, Stingers, the cruiser game and E.C's mix – good times!
- Watching Joe Wright play Darts (he always seemed grumpy), I remember stabbing my finger with a Dart and my Nan or Aunty Janet – can't quite recall -pulling it straight out – I was freaking out and they just quickly pulled it out as if nothing had happened.
- I have organised teams at the Club since 6th form (1998). As soon as I had a license I could fit almost 9 people into the converted CNG/Petrol Ford Lazer Station wagon. We had some great games. I remember playing Rovers on the now Number 2 field - they had proper Old boys like Waikato's "Shimo" etc.. We had been beaten in every game, mainly because we never had enough players but we still went out and played as we had a real thirst to just play football no matter what the score. That day we

thought we had cracked it. We started as usual with 9 players and went 1-0 up after 10 minutes! We got a 10th and then an 11th player, but ultimately went down 1-10 with Shimo getting 5 – bugger!

- Other teams of highlight was the successful wooden-spooners of the Federation league in 2011, our "third team", competing with the best in the rest of the federation! We had so much fun, parking the Bus, moving the Mini, and all the other shenanigans that we got up to! It was never about the football, true Narra style it was about the comradery you had with the lads and whilst we lost almost every game, those that were part of it. I remember it fondly.
- We then progressed to entering into the Waihi Tournament, a truly social tournament, who we all have come to make a pilgrimage to for the last 6 years, drinking our weight in beer, playing in the latest knockoff kit, playing more drinking games than football…it should be said, we won it once… then followed it up with last place the year after!

Then I grew up – all of a sudden, I had my 18th Birthday party there, my 21st, my Engagement party, Lisa and my combined 30th Birthday party.

I have celebrated many a milestone at this place, it really is a home for me – dragged there as a kid but drawn to it as an Adult. I constantly strive to make it a place for my kids and everyone else's that ensures that they enjoy it as much if not even more than me as a kid.

And for the last 5 years I have been President. A job that, to be honest – I never wanted. But, I have always been taught, if you don't like how things are done, or you want them to be done a particular way – don't "Moan" –Get involved and do something about it.

It has been a really tough 5 years.

Obviously the History books won't be kind about the on-field success that we have had as a Club with me at the "Helm". But I'd like to think we have really pushed the facilities along in terms of improving them. We have got a new Kitchen, some new training lights, a new paint job, some new dugouts and soon to be a new facility over by the playground that will be not only a new toilet block, but also storage for Junior equipment and additional changing facilities. Good things take time.

The focus going forward from now is to restore the Pride in the club. That might sound silly as everybody is very proud of this club, but it was heart wrenching when we made the decision to withdraw from the Northern League.

I want us to get back to punching above our weight like we have for over forty years. Where people chose to come and play because Narra was the place where you work hard - play hard. But it starts with our Youth and our investment in them. Too many parents take their kids into Hamilton for football. This is because it has been a long time since we had some decent youth coaches, rather than just (non playing) parents of the kids.

I'd like kids to be taught at Ngaruawahia United AFC by people like Webby, who was ahead of his time, he taught skills years ago and whilst I haven't been the best player in my family, he was the best Coach I ever had in terms of teaching technical skills.

It would also be great to have Marty Kerr-Bell also passing on his expertise. There are so many past players, who can do more to help us get back to where we should be by being part of our Youth Development programme.

I'd encourage you to consider this, as it is only a couple hours a week to contribute to make a big difference.

Well that's enough of the serious stuff. Thanks to everyone for being part of our great history and my memories! I don't know what the future holds, but please make sure you are a part of ours.

A Place to Call Home - Narra Style

Where do I begin to tell the story of how great a love has been . . .

….ahhh aptly written opening words from the theme song to Love Story. This is a short story of my love for the place I call home Ngaruawahia United AFC.

Having spent less than a year at home in eight years I was really happy to finally get back here and catch up on lost time with family and friends. With the last three years in England I, like so many others, had been exposed to the game of football and had fallen in love with it.

It was December 1976 and we had only been home a month or so before our relationship with the Club began through George Sunnex Snr over a couple of beers at the RSA. The following season AFFCO Rangers amalgamated with Narra and life in the Northern League began.

The early years were new and exciting and extremely busy no different to now actually! We were looking to build new Clubrooms and expand our playing fields so there was a lot of work to do.

The days of all crowding into the old concrete block shed on the edge of the now No 2 field after a game, Patchy the Gorman's foxy asleep on the nets in the corner, a couple of rows of seats from the old picture theatre and dozens of people standing room only, with their arms in the air passing money forward to Jimmy (the Greek) Anderson to buy a beer which would then be passed back along the outstretched arms to the person who purchased it, were coming to an end.

The biggest issue for us ladies in those days was the lack of toilets, well there were the temporary ones that were bought in for big games in the early days but otherwise you had to go home or wait till it was dark so you could hide between the cars. I never trusted those portable loos, they never seemed to be very stable.

I remember the boys talking about coming down one Sunday and one had blown over and killed a sheep! Yes there were actually sheep on the field back in those days, to help keep the grass down! There were also the stories of having to empty them, not like now when they pick them up and take them away and do it.

George Sunnex Snr and Maurie Frankhouser (or was it Jimmy McCaig Snr?), got a bit of their own back when trying to empty the tin down the bank into the wind! But hey that was how it was back then.

Great jubilations of course when Council put the ablution block/changing sheds up but getting there was still a problem. The area between to old clubrooms and the new sheds/toilets was a swamp and even though there were planks lined up all the way across, that became perilous in the dark after a few beers. There were many hilarious stories of those who didn't quite make it.

Once the shell of the new clubrooms went up, it was all go to get the job done. The guys would play the game and then as soon as the guests had gone they would be over at the site working. It was actually a fun time and involved everyone, Grandparents, Parents, Players, Members and kids. Everyone played a part in getting our new home up and running.

We used to have a really large old commercial chest freezer that was excellent at rocking the babes to sleep in their carry-cots. I guess it was an easy choice in those days as a lot of us were young married couples with young families and very little money so it was as much our entertainment as it was work! Most of the team were AFFCO workers and as Butchers, they made rubbish, plasterers, brickies, builders and painters! But hey, we all did our bit and loved it.

With the arrival of Dave Hall in the late seventies, he set about transforming our club into a more professional team and organisation. He gained sponsorship for our travelling suits, Sax Altman no less, and the day we lost on the field to Hamilton City at Muir Park then walked out in our new gear was the day we won off the field and became the envy of all the clubs not just in the Waikato, but in the Northern League as well.

Everyone wanted to play for us! In fact within two seasons we had acquired most of the `Muir Park Dynamos'. John McDermid, Graeme Fleming, Dick Plume, Jim Barry, John Cyples all transferred to join our already very formidable team. We had excellent administrators too, Liz & Charles Gorman Jnr who took over from Mary and Charles Gorman Snr, and along with the MacDonalds, the Fitness's, the McCaig's, the Sunnex's, the Connolly's, the Prendergast's, the Millers, the Henckels, the Patterson's to name a few, the club absolutely thrived. It became a great place to be and to socialise as much as the place to watch good football.

Anne Patterson was one of those excellent administrators who held many positions in the club and used to own a shop in the early eighties called Petticoat Lane. It was stocked to the rafters with fabulous dresses and was a favourite place for all the ladies to hang out!

I remember well the `morning teas' we used to partake in that would go for quite a few hours! Anne was always dreaming up something under the guise of fundraising which we all clambered over one another to be part of cos we always knew it would be something fun.

Even the kids all knew where to go to have a good time especially in the School Holidays when Anne and Stan would run camps at the Club. Ann would do all the catering and plan all the activities and Stan would organise them all and they would have a ball. Stan was the hard working Barman come cleaner at the time that also was the voice of reason and along with Charlie Snr they managed to keep us all on the straight and narrow.

I remember one of the biggest things to happen in our club life towards the end of the eighties was the employment of our first fully professional overseas Coach in Kit Fagan. Great excitement for those of us who were Liverpool fans because the `Joe Fagan' ex Liverpool Manager

and Kit's father, came to visit him and agreed to do a speaking engagement as a fundraiser for us. Awesome night it was too with visitors from all over the North Island wanting to purchase tickets.

It was great watching the growth of the Club but, of course, success generally comes at a cost! By the mid-eighties we had six senior men's and women's teams and fourteen junior teams. We even had trials for the 9th (5 teams) and 11th (3 teams) grades because of the number of kids in those age groups that wanted to play. We ran out of room at Centennial Park so we used St Pauls, Horotiu and the High School for training and even some games.

Lack of space meant we had to complete the work started on the new pitch in front of the clubrooms and along with the help of the Council and some hard working members in Charles Jnr and George Snr we got it done and playable in the early nineties.

We had many great coaches over the years Dave Hall, Kit Fagan, Dave Hayes, Ray Pooley (for whom we'd all chant "Who do you think you are kidding Mr Pooley if you think we're on the run"….!), Gordon Glen Watson, Mark Cooper, Dave Edmondson to name a few.

But Jeff Coulshed was our most successful. He was also the most entertaining in terms of his after-match speeches even if a couple of them resulted in trips to Auckland to face the Disciplinary Board!

The excitement around getting to the semi-final of the Chatham Cup and the trip to Dunedin in 1998 was the biggest thing in the Club's history at the time. Such a buzz being part of all that, only in Narra would you get the hype and level of news coverage that we got.

We actually managed to raise a substantial amount of money for the team, and the club as a whole benefited hugely from the success of that campaign. One of the best flights ever with just about everyone on it being Narra supporters! There were 65 of us. Not bad for a wee club.

That was some trip. I've been on many a huge bus trip especially those to Whangarei over the years but Dunedin was a whole new bag of tricks. Shame some of us were so excited the first night that we weren't very much company on the second night, a Rose, Trace, Liz?

We've had many great players as well over the years but they are too numerous to mention for fear of leaving people out, but we did bring in a couple of excellent players from overseas from time to time too, most of whom went on to make quite an impact on the game not just at our club but around the country.

A number of them we welcomed into our home for a few months so that they could adapt to their new country gradually! We inherited some locals as well in Nikolai and Stu, then Stoney, Spud, Fede, Steve Morrison, John Irving, Isaac Tetteh, to name but a few, came from afar.

We had some great characters too! McD' for one. I remember him saying to me once, "How do you recognise someone who becomes a `character' of the game?" I replied, *`they're the cheeky wee buggars now!"* For the most part that's true.

Through our solid relationship with Council and some dedicated helpers, our grounds and facilities continued improving and when Waikato FC found itself without a home for the 2010 season, we offered to host them and share their workload too. Given how short on numbers we already were, this was a huge undertaking for the existing committee members but we did it happily. The benefits to the Club were huge because apart from the financial gain we received we also enjoyed the connection to the players from all over NZ. Watching them play on our home turf over the summer was great!

It's so easy to think of so many good times associated with Narra. Give me a name, a game, or a tourney and I can tell you a story about it. With over forty years' worth of experience believe me it has sure been for the most part a lot of fun.

There have been some really sad times too. Getting relegated is always hard on the people involved but a double relegation as we suffered in 2010 was cruel. Having to pull out of Northern League in 2016 was undoubtedly the hardest thing we have had to face football-wise and was a sad day for us all.

However nothing is as hard as losing the great people that we have lost from our club and our lives over the years so anything else, pales in comparison. People matter, they can't be replaced, anything else can be.

The last big event in the club history was celebrating our 50th Anniversary this year. What a fantastic weekend it was. I won't lie, it was lots and lots of hard work by a small dedicated bunch of us but well worth it. In the words of Winston Churchill, " *Never has so much been owed by so many to so few*" I looked around at all the people there and felt so very proud not just of the Club and its great history, but of all of you. So many of you I have known since you were very young and to see you married with children of your own, such handsome, healthy, happy individuals made me very chuffed indeed.

Somehow I'd like to think that I have played a small part in that and it has given me so much pleasure over the years. I used to tell everyone that I had two sons but dozens of children.

So the journey back to Northern League has begun and our new look team took the first step last year in winning the Federation Two league. Next year we will continue to work our way back to the top tier and I for one can't wait.

Our Club looks beautiful and those that love it are prepared for the hard graft ahead and would really welcome any help you can give. Obviously that's time, if you are time poor, then money, if you are money poor, then we'll take your friendship.

We make a living by what we get, but we make a life by what we give. (Winston Churchill)

The Warm-up

Excuses

This 50-year compilation is a collection of photographs, statistics and media reports obtained from several sources.

Much we have acquired ourselves but other sources have been used - such as the Northern League web site by Barry Smith and some very limited data from the local WaiBoP (Waikato Bay of Plenty) footballing organisation.

It will be obvious that there are gaping holes in the information contained herein. We, as a club, were not well known for keeping early records and what we did keep and recollect may not be 100% accurate.

There has been an attempt, through Facebook, to update missing data. The contributions of those who have responded is appreciated. No doubt now that the history has been published more data will come rushing to the front and the questions will arise - "How come this was not included?", "Where is the information about .....?". Such responses are to be expected.

The book is a collection of data arranged into years and is not necessarily organised consecutively within those years. It is just a repository for the data that has been uncovered/ recovered/discovered.

Book Sections

The majority of pages contain collections of information grouped into years from 1968 through to 2018.

This is followed by pages on Life Members, Personality Parades and ending with an alphabetical listing of all those who have been (or still are) club members. This list contains the names and years that their membership has been valid, Juniors and Seniors, Players and Non-players. There will, unfortunately, be many names missing from this collection.

Hi-Lights of 50 years

Ngaruawahia United was formed in **1968** by Ngaruawahia High School engineering teacher Joe Templeton (an ex-Sunderland goalkeeper), mainly from players attending the High School.

However, due to a lack of numbers, no competition was entered into until the **1969** season, when the team competed in the Waikato B Division.

There has been uncovered newspaper accounts of a club formed in Ngaruawahia in **1922** with several games played locally, including Hamilton Wanderers. There are no records of their functioning after **1923**.

Amalgamation with Northern League neighbours AFFCo Rangers in **1977** saw Ngaruawahia gain painless entry into the Northern League 4th Division. Also in the same year the two-storied clubrooms were built, almost entirely by the club membership.

In the **1980s** the club and council combined to prepare "the tomato patch" as another playing surface and, with the later hosting of Waikato FC over the **2008** - **2009** summer season, Ngaruawahia had the beginnings of a very good playing pitch.

"The Tomato Patch" was originally designated as Cemetery land but, due to the almost impossible task of digging graves through the dense clay layer beneath the topsoil, the Ngaruawahia Borough Council permitted lease of the land to a local farmer. Some use was made of the land but its lack of drainage was a serious problem.

The club requested access to the area to form a third playing pitch and was assisted by the Council with two D8 bulldozers in tandem pulling a single router tooth to disrupt the clay and allow drainage channels to be inlaid.

Ngaruawahia moved up and down the Northern League tables over the years between Div. 4 South and Premiers.

A club highlight was reached in **1998** when the senior team met Dunedin Technical in the Chatham Cup semi-finals (losing 0-2) in Dunedin.

2006 saw the establishment of the club website and the regular matchday programmes that were published whenever the senior team has a home game. This became a full-coloured 20-24 page magazine in the **2009** season, strongly sponsored by the Ngaruawahia presence of Century 21 and then in **2010** by Print House of Hamilton.

2009 saw the passing of Club Founder and Patron Joseph (Joe) Templeton.

In **2012** we were assisted in the production of our match-day bulletin by the Waikato District Council.

By the beginning of this season the website had accumulated over 25,000 photos of teams and game shots.

In **2008** Centennial Park became the home ground of the Waikato FC summer franchise. Improvements were made to the changing rooms, the pitch and the clubrooms. The field was fenced and seating was borrowed from the Hamilton car racing circuit. Many members of Ngaruawahia United were involved behind the scenes in support of the franchise.

2011 saw the appointment of Phillip Ruggles as senior coach along with a new committee to assist in the re-establishment of Ngaruawahia United as a local force in Waikato football. At the same time Sharp Copiers came to our aid in fully sponsoring a 20-page full colour programme for the senior home games. The senior team came second in the Lotto Northern League Division 2 and were promoted to Division 1 for **2012**.

At the end of the **2011** season the local council commenced an upgrade of the No. 1 field, resurfacing it and installing an under-pitch automatic watering system. Approximately $80,000 has been invested in its upgrade. The first official fixture played on the pitch was on 24th March **2012** against Birkenhead United in the Northern League Div. 1 competition.

With permission from Audrey Harron (the daughter of our founder Joe Templeton) and the local Council, the #1 pitch on Centennial Park was renamed as Templeton Field.

2013 - Joel Pinto Nunez was appointed as Senior Coach for the 2013 season. After a shaky start we moved towards the top of the NRFL Division. The last match of the season (a catch-up one) against North Shore was taken in convincing fashion by Narra 5-0. This ensured us second position behind Glenfield Rovers and promotion to the Premier League.

Six members of the squad were picked up by three ASB summer league sides. Federico Marquez and Steve Morrison (Canterbury United), John Irving (Auckland City), Reid Drake, Danyon Drake and Ben Latham (Waikato United).

2014 - Rodrigo (Rodi) Rojas was appointed Senior Coach to take the team through the Premier League. Rodi has played 120 senior games for the club as well as many more in the lower divisions. This year saw the website photo collection swell to over 46,000, covering all grades from the First Kicks players to the Senior sides as well as off-field activities.

At the end of the **2016** season the club voluntarily withdrew from the Northern League as the prospect of appointing a coach for the following year was bleak, despite us being able to field two senior teams..

Playing in the Waikato A Division in **2017** saw the club gaining 2nd place and achieving promotion into the Waikato Championship League. This season saw an influx of fresh faces and the appointment of Jeff Tozer, Rodi Rojas & Richard Harris as co-coaches, with the goal of reaching the Waikato Premier League.

The **2018** season saw the team heading the field throughout the competition and were guaranteed promotion to the WaiBoP Premier League for 2019. The club website had now bloomed to containing over 78,000 match and team photos.

The club also celebrated its 50th Jubilee.

CLUB FOR NGARUAWAHIA

Waikato Times.
Friday July 15th, 1921

A meeting was held in Ngaruawahia on Tuesday for the purpose of inaugurating a "Soccer" club in the district.

There was a splendid attendance. The president. vice -presidents, chairman, secretary and treasurer were appointed and it was decided to call the club "The Ngaruawahia United Association Football Club". The colours were to be blue (royal). The membership fee was set at 5s.

As it is now too late in the season to get into the competition league it was decided to play practice matches at present, in order to get the players into their proper position, and that next year the dub affiliate with the South Auckland Football Association.

The club so far has got 15 players, viz. eight from Ngaruawahia, three from Horotiu and four from Glen Massey, and they will always have four men in reserve.

A practice match is to be held on Saturday, and all those interested in the game are invited to attend. Another meeting of the newly-formed club will be held in the boat-house, Ngaruawahia, on Tuesday 19th inst.

Hamilton v Ngaruawahia

Waikato Times.
Monday May 15th 1922

The first game for League honours between Hamilton Wanderers and Ngaruawahia took place at Ngaruawahia on Saturday under ideal weather conditions, and there was a good muster of spectators of both sexes.

Hamilton won the toss. Ngaruawahia set the ball in motion and continued to press the visitors for the first 15 minutes, when Wanderers pulled themselves together and the game evened up and give and take play was the rule until Ngaruawahia, by good passing, scored the opening goal of the match, T. Adams sending in a beautiful shot that gave Webster no chance.

This reverse put the Hamilton men on their mettle. After good work by the visitors, Crabb got the equaliser. Even play continued until M. Binnie scored Wanderers second goal, and just before the half-time whistle went Binnie secured Hamilton's third goal.

During the second spell a very fast and evenly contested game continued, neither team being able to pierce the other's defence. although Ngaruawahia was pressing when the whistle sounded for full time.

Mr Meikle acted as referee and at the entire satisfaction to all.

YMCA v Ngaruawahia

Waikato Times,
Monday June 19th, 1922

On the Seddon Park ground on Saturday last, Shand, for Ngaruawahia. won the toss and set Y.M. to play against the sun.

Clough, for the local team, early became prominent, the visiting defence having a warm time for the opening ten minutes. It was not long. however. before Ngaruawahia became prominent in attacking the home goal. Homer, being always a source of danger to the Y.M., and there is no doubt that had the visiting inside forwards been on the alert more to prey their advantage home they would have been one up. However, Y.M. were hereabouts getting more settled down, Ehich and Clough being conspicuous in shooting for goal, the latter eventually putting the locals one up after half an hour's play.

On resuming, play continued to be in favour of the Y.M., erratic shots at goal and individual instead of team work by the Y.M. forwards saving Ngaruawahia, and at half time being called the score was one goal to nil in favour of Y.M.

From the restart Y.M. for a period had by far the better of the game, though at times the visiting left wing would show flashes of brilliancy, only to be pulled up by either Ashton or Allen, the home backs, when almost near the goal.

After a spell of mid-field play Davies took the ball to within the Ngaruawahia penalty area, and one of the visitors handling the ball. Allen made no mistake with the penalty kick, Y.M. being then two up.

More give and take play followed, the home team having a shade the better of this, Ehich hereabouts being especially prominent, one of his shots from the extreme right completely beating the Ngaruawahia goalkeeper and hitting the crossbar, Shand clearing for the visitors. Directly after the visiting centre forward from 20 yards' range scored for Ngaruawahia, McCormack making a very poor attempt to save.

Ngaruawahia still continued to press, Cook, Allen and Ashton being always to the fore in repelling the visiting forwards, and Ashton transgressing the rules in the penalty area. Ngaruawahia had a splendid opportunity to equalise matters with the penalty kick. However, to the intense disappointment of the visiting supporters McCormack, the Y.M. goalie, brought off a brilliant save, and from now on Y.M. never lost their grip of the position. Davies, by following up, scored the last goal of the match, placing the score board to read three goals to one in favour of the local team.

For the winners, who by the way gave their best display this season, Allen, Walker, Ehich and Cook were the pick, although the remainder of the team were very close runners up and for Ngaruawahia Shand was a tower of strength to his side, Homer being the most prominent of their vanguard. Mr Meikle refereed.

It has not been discovered where the home games were played. There is the suspicion that "The Point" (the junction of the Waikato and Waipa Rivers) may have been the venue, but that area at the time was also occupied by housing, the riverboat wharf and railway sidings accessing the wharf.

CLUB SONG *Penned by Glen "Gladys" Gray*

We took a trip to Whangarei
One morning late in June
And stayed up there the weekend
In a crowded motel room.
We lost the game, which was a shame,
But didn't make a fuss
'cause all the lads and lassies
Came home plastered in the bus.

CHORUS -
Wai Aye! me lads!
We are the Green Machine.
From Wellington to Whangarei
The best you've ever seen.
All of our supporters there,
With all their smiling faces,
Wherever you go they seem to know
This team is going places.

On weekends you will find us all
Cheering on the team
From sideline or the clubrooms,
We are always very keen.
We score a goal, and there's a roar
You can hear all over town
And there is nothing in the world
Will ever put us down.

CHORUS -

Joseph Raymond Templeton (1922-2009)
Founder of Ngaruawahia United in 1968

Joe Templeton, an engineering and draughting teacher at Ngaruawahia High School, had a desire to establish a football club in Ngaruawahia.

For several years the High School had fielded football teams at various levels and he was of the opinion that these boys, along with other older players from the community, could form the basis of a club. The High School would be able to provide the facilities and the playing fields required.

However, despite the club being established as Ngaruawahia United, entry into the Waikato Senior Competition for 1968 did not eventuate and the fledgling group looked ahead to participation in 1969 in the Waikato 2nd Division.

WORLD EVENTS OF 1969

- The first man is landed on the moon.
- The first Led Zeppelin album is launched
- First ever space walk conducted between two Russian space vehicles Soyuz 4 and Soyuz 5.
- Richard Nixon becomes 37th President of the United States
- The Beatles give their last public performance.
- The Boeing 747 jumbo jet makes maiden flight.
- John Lennon & Yoko Ono married.
- Ngaruawahia United takes the field for the first time.
- First temporary artificial heart implanted.
- The Beatles have their photo taken at a zebra crossing on Abbey Road.
- The movie "Butch Cassidy and the Sundance Kid" opens.
- The first message is sent over ARPANET, the forerunner of the internet.
- Sesame Street first aired.

- New Zealand produces first steel from ironsands.
- Introduction of driver breath alcohol tests in NZ.
- Auckland harbour bridge expands to eight lanes with "Nippon Clip-ons".
- Twenty-year-old Kiwis allowed to vote.

The above photo was taken on Centennial Park, later to become the home of the club. Behind the players is the block shed that served as changing room and bar. It had previously served as the base for the Ngaruawahia Cricket Club.

The buildings in the top left distance are of the Waipa Primary School. The intervening space, known as the "Tomato Patch" was later to become the #1 field for the club.

That area was officially designated as Cemetery but the condition of the soil precluded any digging below the surface, due to the solidity of the clay substructure. It was also prone to extremely poor drainage.

In later years the Council assisted in providing proper drainage of the field with the provision of two connected bulldozers pulling a single router blade to break through the clay and enable drainage channels to be provided.

It was well noted by opposition teams that at the end of their games Ngaruawahia always left the field in high spirits, despite the scorelines always favouring their opponents. The "greens" never dwelt on any negatives from the match.

The Officers of the Club for the 1970 season (elected at the 1969 AGM) were:

President	Joe Templeton
Manager/Coach	Joe Templeton
Secretary	Jim McCaig
Treasurer	Jim McCaig
Captain	Jim McCaig
Vice Captain	Sandy MacDonald
Committee	Maurice Frankhouser
	Richard Saville
	Sandy MacDonald
	Charlie Gorman
	George Sunnex
	Clyde Turner

During the course of the year Jim McCaig was transferred by his employer to Mount Maunganui and, at a subsequent General Meeting, the vacancies were filled by:

Secretary	Sandy MacDonald
Captain	Robin Turner
Trustees	Sandy MacDonald
	Maurice Frankhouser
	Joe Templeton

The Club colours were chosen to carry over from the Ngaruawahia High School strip so that the secondary school boys could wear the same strip during both games on a Saturday if they wished to play for the club.

For the last few games of the season the team wore tops supplied by Railways of Frankton until the official strip arrived. The playing colours were vertical myrtle green and white stripes on the shirt with green trim, black shorts and green socks with a single white band at the top.

The Ngaruawahia Borough Council granted the club the use of Centennial Park as their home ground and many working bees were scheduled on the small hollow-block building and on the ground (containing a concrete cricket wicket).

While the cricket-wicket strip was being uplifted it was found to have been poured on top of another concrete strip. The second strip defied the efforts of the lads to remove it and was left to lay under about 50mm of top-soil. The concrete was subsequently removed in 1992.

The field marked out was 100 yards by 90 yards and a great deal of assistance was received from Mr Jack Kelly and the Borough Council in the basic levelling and development of the field. It was hoped that the Council would be erecting toilets on the ground in the near future.

The Club played through the 1969 season with a small number of members and players, which grew over the 1970 season. Club fees remained at $2.00.

ln two post-season matches against Huntly (in which Steve Baranyai donated a cup), Ngaruawahia won 6-2 and lost 3-4 but won the cup with a 9-6 aggregate.

Four trophies were purchased for annual presentations to its players. The most prestigious trophy was given the name of the Robin Bell Memorial Trophy in remembrance of Robin, whose accidental death was deeply felt by the Club.

At the end of the 1969 season the club had surplus cash of $69.00 and this was boosted to a satisfying $220.00 by the end of the 1970 year.

The Lions Club had made a donation of $100 to assist the club in its development This donation was presented by Lions President Mr George to Jim McCaig before the opening game of the season at Centennial Park (Ngaruawahia v Huntly Thistle).

Further funds were raised with two $100 raffles and a Pig-in-a-Barrow raffle. The three major fundraisers were won by H. Gray (Pig-in-a-Barrow), T. Hogan, Peter Henshilwood and E. Tubbs ($100 raffles).

This was the year in which the club opened an account with the Bank of New Zealand with an initial deposit of $2,380.

The annual RSA v United fixture was held on the High School grounds on Sunday October 18th resulting in a 2-2 draw. Parts of the match were filmed and the Club still has the 8mm movie of this.

The 1970 registered players for the Club were:

• Steven Barr	Robin Bell
• Stuart Bell	Martin Bell
• Nuki Berryman	Emmett Connolly
• Barry Callaghan	Peter Dooley
• Harry Docherty	Brian Firth
• John Forrest	Andrew Farrimond

• Keith Watson	Barry White

A number of the Ngaruawahia High School 1st XI boys were part of the team:

- Rex Nightingale, goalkeeper:
- Steven Barr, left half.
- Alan Rose, striker (6 goals).
- Neil Gorman, right half
- Robert Hunt, halfback.

An all-time low in goal-scoring was achieved by AFFCo Rangers. Troubles began when, after a string of narrow losses in the pre-season Air New Zealand Tournament, eight players transferred out.

Left with a mid-field and little else Rangers were beaten 12-2 by Ellerslie. However the tables were turned at the end of the season where AFFCo beat Ellerslie 3-2 to win their only match of the season.

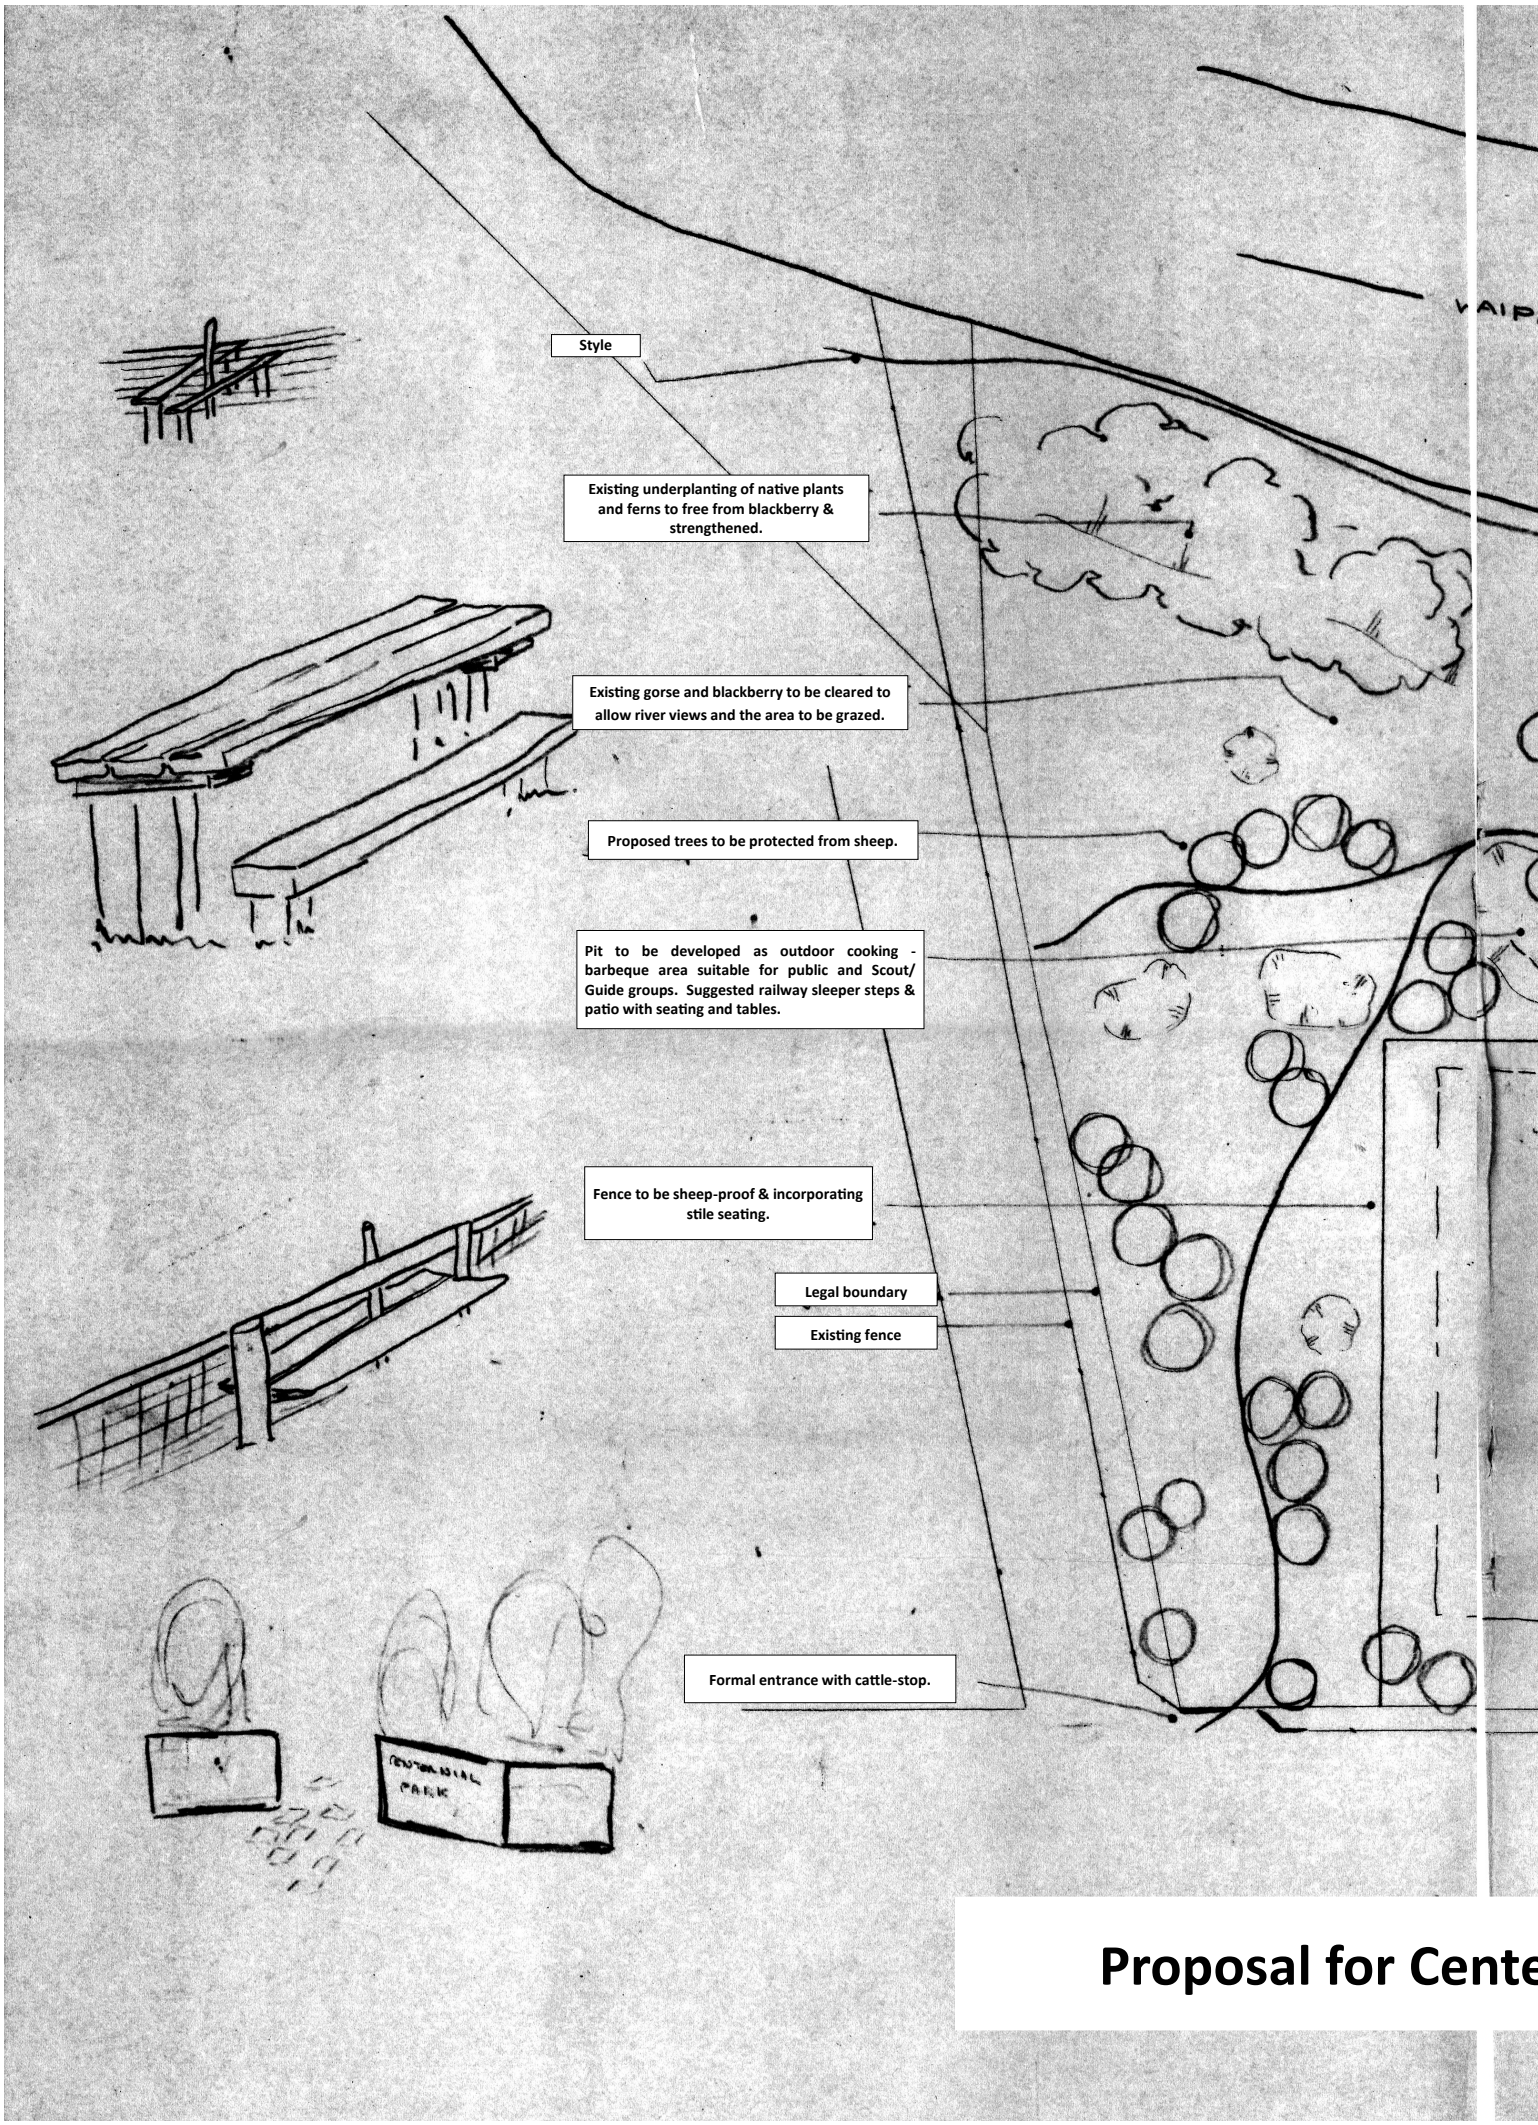

Alan Dornan, Pradyat Mandal, Paul McLennan and Bruce Heappey did their best to hold the team together and Steven Clarkson received the club's Player of the Year for his efforts in goal.

Club Logo Receives Royal Approval

During this 1977 season club member George Sunnex was instrumental in getting a logo designed for the club.

He approached one of his fellow workers at the AFFCo works at Horotiu, "Doggie" Wharakura, who submitted a collection of designs.

The designs were drawn up following approval of a Maori theme by Dame Te Atairangikaahu, the Maori Queen.

Of the designs submitted, the one to strike a chord was an incomplete doodle in the margin of the drawing sheet. George asked Mr Wharakura to fully develop the design, which was approved by both Dame Te Atairangikaahu and the club as suitable for use in representing the club and the community.

The Taniwha is deliberately incomplete, indicating a young, unfinished or emerging entity. The split tongue indicate neutrality of gender.

To the club's knowledge, this was the first sporting logo given approval by the local Tainui people through their Queen.

The logo first appeared on the playing shirts in 1978 where the screen printing process added a border. This border was later removed when the logo was "tidied up" in 1980 by club member Sandy MacDonald. The logo was also later added to the formal dress shirts of the players.

Red was added to several aspects of the design and several horizontal stripes were included where the logo was to appear on stationery. Banners top and bottom were added that contained the club's name.

The logo was to appear in large scale in two locations in the club - one on the outside upper cladding of the clubrooms and one over the bar. The logo over the bar was later replaced by a montage of hundreds of Ngaruawahia player's action shots that, from a short distance away, showed up as the Taniwha.

Painless Promotion

The great feature of note this year was the amalgamation of AFFCo Rangers and Ngaruawahia United under the banner of Ngaruawahia-Affco United, giving AFFCo Rangers a lifeline and Ngaruawahia automatic re-entry into the Northern League 4th Division.

The team played in the AFFCo strip of sky blue shirts with white facings, a white strip on the left side and sky blue shorts. Les Vuletich was the coach. The team retained their position in the League with 7th spot.

Horotiu Park, the home of AFFCo United from 1972-1976, had what Centennial Park did not - field lighting. Being only a few minute's drive from Ngaruawahia and about 12-15 minutes from Hamilton City, mid-week training was held at Horotiu under the lights until Centennial Park became illuminated a number of years later.

Changing facilities were almost non-existent, with only a brick toilet block on the edge of the pitch available.

Barney Barnard of Radio Waikato was found on most senior home games parked beside the old clubhouse relaying his on-air reports to the region. His gammy leg did not prevent him providing a colourful and accurate report every 30 minutes.

ARM WRESTLING

Thursday evenings came alive at the end of the season with some arm-wrestling action. Neil Gorman won by bluff and guile while George and Ian stayed locked in mortal combat until the table collapsed.

REP'S

The 1977 Waikato Representative side was made up of Sean Finn, Ron Little, John Brown, Paul Addison, Bill Trembath, Jeff Tozer, Colin Shannon, Mike Liddle, John Marshall, Robert Hutchison, Mike Haddleton with substitutes Gary Dillistone, Fred Roest and Paul Gemmell.

A match against Hamilton resulted in a 3-2 win to Hamilton with goals scored for Hamilton by John McDermid, Barry McKenzie and Keith Nelson. Waikato scored through Mike Haddleton and John Marshall.

A second clash was played against Combined Services for a 5-2 win to Waikato. The team comprised: Sean Finn, Doug Snapes, John Brown, Jim McNeill, Mike Heappey, Mike Haddleton (2), Mike Liddle, Colin Shannon, John Marshall, G Hancock (2), Robert Hutchison, Gary Dillistone, Jeff Tozer, M Lepine (one own goal).

COUNCIL ELECTIONS

Four Club members entered the local Council elections - Ian Todd, Graham Maley, Anne Patterson and Jim Luff.

A DRESSING DOWN

Cambridge Clothing (Auckland) travelled to Ngaruawahia to meet their Hamilton Branch in a soccer match. In the Hamilton team were Rod Hill, Dean Haggie, Jason Cargo, Ricky Duffull and Bruce McIntosh. Auckland won 1-0.

SCUTTLEBUT

The Club "Centre Spot" magazine featured the following in an article of Scuttlebut by Sideline Sam relating to the birth of Matt Williams. This small, unobtrusive entry in our local newspaper, belies the impact on history that this occasion is to have.

Having obligingly waited until his father had made his valuable contribution to the Mead Cup final, Matthew James Williams decided it was time to start his soccer career. Immediately at birth he began exercising his push-pass technique using the inside of either foot, flexing his tiny fists in frustration when he found the Waikato Hospital Board had failed to provide a practice ball.

His high, intelligent forehead indicates the potential of an accurate and powerful header in later years. Given a little time Matthew will begin to demonstrate the enthusiasm of his mother and the skills of his father in the world of soccer. (Dated 30th Sept. 1977)

BABY BOOM

Club babies that made appearances on the scene this year were via Gormans, MacDonalds, McCaigs, Williams, Barnes and Morgans.

Representatives

Five Ngaruawahia players were involved in the Waikato Senior Representative squad this year under the coaching of Les Vuletich: John Brown, Phillip Bullivant, Malcolm Sowerby, Mike Liddle & Ken Murray.

Welding Wizard

Charlie Green was the mainstay welder during the construction of the clubhouse, ably assisted by two other Charlies plus apprentices.

Clubroom Construction Tales

Two thousand five hundred square feet of roofing was completed on the new clubrooms covering 4000 square feet of clubroom over one weekend.

Many were the stories of the exploits of the workers that weekend. One was the convinced opinion that AFFCo were laying off workers just so they could spend more time on the Clubhouse construction.

Another was the appearance on the roof of Glen Gray (after it was completed) just before his lady arrived on the scene, so he could 'prove' that he did not come down to the club just for a drink!

What about Malcolm Burt toppling from the roof and landing perfectly between two of the flooring joists (he knows how to nutmeg!) ?

It was noted in the club Weekly that $12,970.23 had been spent on the construction of the new clubrooms.

PADDLEPAWS DISPLAYS SOCCER SKILLS
Admirably lead by Waikato Rugby League Representative OWEN GIBSON, the Affco Fitters and Ngaruawahia-Affco United soccer club on the field of battle in their annual League/Soccer foray. They were playing for a most handsome trophy made up by the talented DOUG RAESE. The trophy is turned from kauri showing half a soccer ball separated from half a league ball by a silver disc and supported on a burnt-wood base by a steel rod. No finer trophy exists in N.Z.
Sharp-eyed SHARKY BERRYMAN refereed the League section in which DODD MARSH and ALEC BUCHANAN capped fine running plays by the Fitters to notch up 6 points. BIG RED McINTOSH and SPOTTY SMITH illustrated the depth of talent in the Fitters squad with their dazzling and entertaining running. It was most unfortunate that SPOTTY got sucked into a mud-patch and had to be carried off.
KEITH HESLOP, MIKE JOBSIS and DAVE O'CARROLL were in great tackling form, necessitating the United team running for the gaps instead of barging their way through. TONNY (Alf Stamp) GEDDIS showed form with startling bursts of speed when trying to catch up with the play. ALEC BUCHANAN was well rewarded for his stirling work with a fine try and JAKE McMANUS tried valiantly to follow the example of OWEN GIBSON as he marshalled his troops in the fray. ROD (Paddlepaws) DENNIS, JEFF BRUNNING and CHARLIE GORMAN showed the benefits of a soccer background with their scintillating footwork.
LES (the Dail) entered the game for the Fitters in the soccer section to lend added strength to GORMAN, DENNIS and BRUNNING as United had finished this league part on level terms with tries from BONNIE CLARK and CHRIS DUFFELL. BEN HENRY wielded a lethal whistle and stamped his presence on the match.
MIKE LIDDLE netted United's first goal with KEN MURRAY scoring a soft shot towards the goal and watching PADDLEPAWS obligingly dive over the rolling ball. 2-0. The Fitters conceded a penalty but kept the shot out by using 5 keepers. Two versions of the next play exist - (1) MALCOLM SOWERBY broke through the defense to fire a screamer that DENNIS brilliantly fingertipped onto the bar for a magnificent save; (2) MALCOLM SOWERBY knifed through the Fitters defense, and by doing so
Doug Marsh responding to the crowd following his dynamic try.
John Brown finding his run-away touchdown was disallowed.

NEW COACH

At the beginning of the year the club appointed Dave Hall as senior coach, an association that was to eventually take the club into Northern League 1st Division. Dave had had a playing stint for Cameron before coming to Narra for half a season and then moving back into Hamilton.

In 1976 and 1977 Dave held the position of NZFA Coach in the Waikato and it was on the field of play in 1974 that Dave first had a meeting of the bodies when he and George Sunnex met in a crunching tackle that left Dave stretched out in the United v Cameron fixture.

NORTHERN SOUTH

This was the year the Northern 4th Division was split into North and South with Narra playing in the Waikato-Bay of Plenty / Taupo region (South).

THE GORMEN

Neil and Charlie Gorman featured exclusively in the goal-scoring in the Northern League opening match against Turangi as Narra won 3-0.

Chas netted his (a back-pass interception) and then had to leave the field with what was diagnosed as a spiral fracture of the ankle.

That same weekend the 3rd Division took to the field with eight of the team being experienced goalkeepers! - White, Prendergast, Bell, Henckel, Hill, Duffull, Riches and Wright.

SUBS

The 1978 subs were set at $10 adult, $4 student and $1.50 Junior.

PLAYER SHORTAGE

It is well known that teams tend to play better when down on numbers. This was proved so in one of our Waikato 3rd Division matches against Cambridge. Rodney Hill celebrated his birthday by flattening a striker and getting sent off. This was after we had made both of our substitutes! Paul McLennan was soon injured off and we were down to 9 men.

With the halftime score at 3-2 to Cambridge the old proverbial finger was pulled out and Staf Magee netted a hat-trick followed by a penalty from Ben Henckel.

The first half scorers were Ricky Duffull and Trevor McLaughlan. Final score 6-3 to Narra.

CHARLIE'S ANGEL

A very young player was asked if he played for Mr Gorman's team and was heard to reply "Na! I play for an old man called Charlie!"

ON LEAVE

A club member's wife was asked how long the clubhouse had been under construction and her reply was "Well, I think it's about two years now. That was the last time my husband was home on leave!"

NEW BOOTS

George Sunnex and Steve Williams received their new football boots from England but suffered complaints from their wives Janet and Maxine. The wives claim their boots messed up the sheets at night

PIG HUNTING

The Southern Hemisphere's largest pig-hunting competition, hosted by Narra, got underway again on August 6th with prizes for Biggest Boar $150, Biggest Saw $50, Best Tusks $25 and Longest Tusks $25.

The competition is in its 6th year, having been started in 1973 by AFFCo Rangers used to raise funds for their fire-razed clubrooms.

The current record was - Boar: D Bradbury 93kg. Sow - W Schubert 56kg.

CAMBRIDGE PRE SEASON

Narra finished as runners-up to Ellerslie in the Cambridge pre-season Tournament, winning $150.00.

PRE SEASON

Early-season training for berths in the senior side saw the following turn up: Sean Finn, Mike Liddle, Jason Cargo, Ken Murray, Malcolm Burt, Steve Williams, Phillip Bullivant, Eddie Carrigan, George Sunnex, Charlie Gorman, Jeff McLaughlan, Ray Guy, Rene Noorland, Tim Coyne, Mark Snowden, Alan Rose, Jim McCaig and Mike Heappey.

A pre-season friendly against Wanderers saw goals scored by Jim McCaig, Mike Liddle, George Sunnex and Phil Bullivant for a 4-3 win.

Another pre-season match resulted in Melville 2nd Division winning 3-1 over our 1st Division (goal by Glen Solomon) and the Melville 1st Division winning 2-0 (Pepe Veidema & Tom Finnegan) over our Northern League squad.

RONNIE JOHNSON MEMORIAL TROPHY

Our Pre-season Ronnie Johnson Memorial 3rd Division Tournament was a success for us. On the first weekend of play the results were:

On the second weekend play continued. Semi-finals: Te Aroha 1, Unicol 1 (Te Aroha 5-4 pen.) Ngaruawahia 2, Hillcrest 1.

In the finals Ngaruawahia blew Te Aroha away 11-1, even lending them our keeper Sean Finn for the second half! Team and goal scorers were Grant Prendergast, Staf Magee, Ben Henckel, Trevor McLaughlan (1), Jeff McLauglan (3), Steve Buchanan, Jim McCaig, Maurie Frankhouser, Glen Solomon (1), Andy Bell, William Harding, Dean Haggie (4), Bruce McIntosh (1) & Ken Murray (1).

STAF MAGEE

This was the season that Staf Magee really became famous for his pie-eating exploits and was at one stage thinking of challenging the world pie-eating record of 19 in 30 minutes!

CLUBHOUSE

By early March the mezzanine floor of the clubhouse had been poured under the direction of Wal Williamson, with the exception of the terrace area.

ALAN COTTER WINS INTERNATIONAL MEDALS

Alan Cotter, a past Club member, won a bronze medal as cox for the New Zealand Rowing Eight this year. The World Rowing Championships was held at Lake Karapiro, near Cambridge, New Zealand. The squad was third behind East Germany and West Germany. Of the 14 events this year, this was New Zealand's only rowing medal.

Alan made six appearances for our Northern League side in 1977, and was also prominent as a diminutive striker for the Club's Waikato sides as well as the local Ngaruawahia High School in previous years. He was also (obviously) involved in the Ngaruawahia Rowing Club as a cox.

In the following year (1979) Alan coxed the New Zealand rowing eight to a silver medal behind East Germany in Yugoslavia.

In 2008 he was appointed as High Performance Director for Rowing New Zealand, resigning in 2018.

Glen Gray's Song & Poems

The Narrer Knockers song was published in the club mag 13th April 1978, and written by Glen "Gladdis" Gray.

Glen (Gladdis) Gray

When the moon shines on the clubhouse
And the match is o'er and won,
You will find us, altogether,
Boozing up and having fun.

Chorus:
We are the champion drinkers,
cause we do like our beer
We are the Narrer Knockers
Full of fun and good cheer.
So listen and hear,
There is no need to fear!

Our supporters all come with us
To our matches far and near.
You can hear them on the sideline,
"If you lose you'll get no beer!"

Chorus…

If we lose a game this season,
You'll not find us sad and glum,
'cause our Coach gives us the message,
"Wait 'till training night, you bum!"

Chorus…

When you see us on the paddock,
Don't we make a lovely sight?
For we look like jolly green giants
And play like dy-no-mite.

Chorus…

Now you've seen us, and you've heard us,
So you know just who we are.
When you come to our new clubrooms,
You'll be welcome at the bar.

Chorus…

Voluntary Labour

The shop, the kitchen, the toilets they say,
Due to the labourers are well on their way.
The chill-room is there, though naked of beers;
To the boys working there it must surely bring tears.
This poem was written to point out to you,
Grateful thanks are due to those boys that were few.
The voluntary labour of all of this crowd
Should make this club thankful, successful and proud.

Building Fever

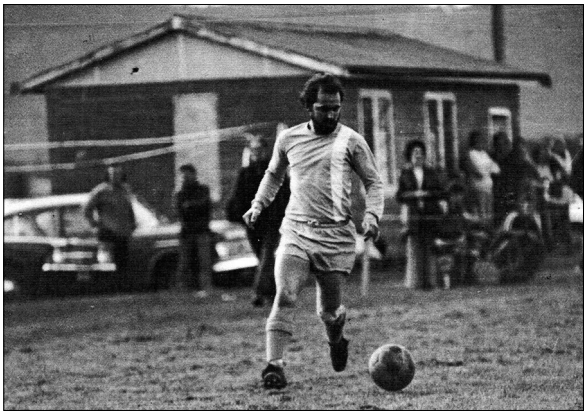

Our clubrooms – what a might feat!
Slogging away in the summer heat.
George on the ladder, Charles digging drains,
Staff mixing concrete getting ready for the cranes.
The top floor is coming on Tuesday (they say) -
Rushing to get it ready for the day.
Jimmy is getting the beer for the men,
A break which is needed for them (now and then).
Accident-prone Glen has again cut a finger –
Up for a dressing, a beer, and a linger!
Any excuse is better than none!
That's no way to get the building done!

Youth

When I was just a little boy My mother said to me,
"A soccer player, my wee lad, You're surely going to be!"
After many games and fewer scores, Biased ref's and stupid laws,
I've reached the stage, I've had my day –
The Coach has stood me down, they say.
My Mother, she was wrong again!
To me the 'fame' just never came.
How could she lie and let me down?
So, in with the young and out with the old.
The young of the club are surely the gold.
To them opportunity and fame in their hand,
They can make our club the best in the land.

Cup Time

Oh, to be in Argentina to see my country play!
And join Ally's tartan army would just make my day.
To cheer the lads in the final would give me the greatest joy
With numerous whiskies and ginger ale I'd feel just like a boy!
And if we didn't make the grade I'd come home with a grin
To Jimmy's "Narra Knocker", And say "I'd never bin"!

Cameron AFC

Following an early-year muster it was discovered that there were not enough players to justify entering an additional team in the Waikato Competition. This resulted in a number of players withdrawing their membership from Ngaruawahia United and being integral in the formation of the Taupiri Tornadoes club based in Taupiri. The new Club entered the Waikato B Division (the club later changed their name to Cameron).

The members of the new neighbouring club were Kerry Barakat (Captain), Jordan Barakat, David Bell, Martin Bell, Alistair Bell, Andrew Bell, Taffy Tengu, Phillip Van Houtte, Barry White, David White, Mark Snowden, Kerry Whare, Bernie, Harry, Philip Bell, Campbell Haggie and Richard Anderson.

Their team colours were Purple & Black (Home), and Blue & Black (Away).

Father and Son Combine in Ngaruawahia Victory

Huntly Press
Date unknown

The feature of Ngaruawahia-Affco's 3rd division Waikato match against Waikeria on Sunday was the first ever appearance of a father and son in the same team, with sixteen year old **Geoff Gray** playing right-half in front of his father, player/coach **Glen Gray**.

Glen, who gives his age as "approaching 21 for the second time", is living proof of the maxim that soccer players never grow old, they just grow more cunning.

By half-time, Ngaruawahia had established a comfortable 5-0 lead and it became only a matter of how many they could add in the second half.

Although Waikeria managed to score once, Ngaruawahia dictated most of the play adding a further 10 goals to make the final score Ngaruawahia 15, Waikeria 1.

Main goal scorers for Ngaruawahia were; **Steve Buchanan** (5), **Staff McGee** (4) and **Trevor McLaughlin** (2), with goals also from **Ricki Duffel**, **Rodney Hill** and **Glen Gray**.

Waikato 3rd Division 1979

With 17 teams originally entered into this Division there was a round to determine rankings where Ngaruawahia found themselves in the bottom half and competed there.

The teams that remained in the top section were Cambridge, Morrinsville, Tokoroa A, Tokoroa B, Putaruru, Matamata, Kinleith and Te Aroha A.

Excuses

Coach Dave Hall's collection of 20 most-used excuses for missing Thursday training in 1982 were:

1. "I'll be working late and won't finish 'till 6." *(Didn't turn up at all).*
2. "I'll be working until 5:30." *(Arrived 7:30).*
3. "I have the 'flu." *(But was OK on Saturday).*
4. "I have a heavy cold" *(But turned up for a game on Saturday).*
5. "I have friends calling in."
6. "My mate from the South Island may be calling in."
7. ."I feel over-trained but will be fine on Saturday."
8. "I have no transport" *(Didn't ask for help).*
9. Wants a night out.
10. Wants a night in.
11. Wants an early night *(Seen in the pub at 10 pm).*
12. Got a bad leg. *(Will be OK Saturday).*
13. Got a bad back. *(Will be OK Saturday).*
14. Got a headache.
15. Will be playing social basketball.
16. Will be playing social squash.
17. "Training's not worth it"
18. "I'm not getting fit" *(After three sessions).*
19. "I've got a birthday on." *(Not wanting to shout at the club).*
20. "I haven't come to train. I just want a chat with you."

Musical Cars

Dave Hall's car radio speakers are unique. When turning left the right speak.er cuts out and the left goes on the blink when turning right! When Dave puts the brakes on they both switch off!

Valuable Sub's

Of the 26 substitutes to warm the bench in the first 13 games of the NL season 18 were used and 7 won the game for the team!

Dave Hall Packet System

Senior Coach Dave hall has a rating system for each of the games his senior side plays. The greater the number of emptied cigarette packets around his feet after the match indicates a poorer on-field display by the team.

In the 13 pre-season matches, including Country Foods Cup games, the tally of packets was: University (I), Onehunga-Mangere (4), Huntly (6), Waiuku (4), Rotorua Suburbs (4), Taupo (4), Mt Maunganui (3), Tauranga City (2), Wanderers (5), Onehunga-Mangere again (4), Unicol (5), Mt Maunganui again (3) and Auckland University (3).

Waikato Rep's

Waikato Times, 3rd September 1982

Waikato's first repre-sentative under-19 soccer team leaves tomorrow to compete in the northern region tournament at Rotorua.

The Waikato team, coached by NZFA Waikato area coach Ron Cane, and managed by Claudelands Rovers coach Brian Lloyd, will play matches against Bay of Plenty and two Auckland sides.

After the tournament Don Jones, coach of Rothmans League side Hanimex North Shore United, will select a northern region under-19 team to play against central and southern region sides in Wellington later this season.

The 'northern region tournament will also be watched by national under-19 coach Doug Moore, who will keep an eye on candidates for his squad.

Two Hamilton players, Mark Cossey and Mat Walker, are already members of the national squad.

Waikato squad for the northern region tournament is.— M. Hadleigh (Unicol); B.Slimm (Otorohanga); W. de Souza, M. Redmond (St John's College); **Elliot Cathro, Keith Mackrell** (Ngaruawahia-AFFC0 United); R. Dixon; I. Taylor (Claudelands Rovers); S. Kerbers (Tokoroa); J. Reynolds, C. Patterson (Huntly Thistle); D. Ireland, M. Cossey, M. Walker, F. Begley, E. Sutcliffe (Hamilton).

The squad has had preparation for the tournament in the form of trials, and a final warm-up match against the Hamilton Rothmans League side last Sunday.

Draw for the tournament sees it play Auckland Red on Saturday afternoon, Bay of Plenty on Sunday morning, and Auckland Black on Sunday afternoon.

During May the **Bournemouth** team (which had clinched promotion to the English 3rd Division just 10 days before flying out) met Waikato. The "Cherries" had lost just four of their 46 games this season having the best defense in the 92-team league.

The Waikato squad comprised:

Alec Young.....Tauranga
Tony Dickman ..... Cambridge
Geoff Flowerday ..... Huntly
Jim Keaney..... Claudelands
Sean Crowe..... Ngaruawahia
John McDermid..... Ngaruawahia
Dick Plume..... Ngaruawahia
Graeme Fleming ..... Hamilton
Mike Groom ..... Hamilton
Peter Hoebergen ..... Hamilton
Paul Meecham..... Hamilton
Harry Gilgrist ..... Hamilton
Doug Snapes ..... Hamilton
Laurie Fawcett ..... Hamilton
Paul Gemmell..... Hamilton

The match was refereed by John Cameron with Sytze deBoer and Peter Hawes as linesmen.

Sunday Squad????

George Sunnex has really fired up the 1st Division squad this year. They are ready to run into the dirt for the Club (or face withdrawal of bar facilities) and are ready also to score goals should the occasion arise.

Mrs Ann Patterson has all Junior teams fired up. In Other words she has done a George Sunnex with all our little hackers. Well done Mrs P.

What's the difference?

IS THIS THE GAME WE PLAYED LAST SATURDAY?

DID THE REFEREE WATCH THE SAME GAME WE DID?

THE WAIKATO TIMES, MONDAY, APRIL 5, 1982

TRUE

In the third division, John McDermid produced two moments of class to steer Ngaruawahia-Affco United to a 2-0 win over Claudelands Rovers at Ngaruawahia.

The first came just three minutes into the match, McDermid flicked a free-kick into Rovers' penalty box, perfectly judged for an unmarked team-mate to dash in and head a goal.

MACKRELL IS STILL AN UNKNOWN!

Ten minutes later, McDermid chipped the ball into Rovers' goal from the edge of Rovers' penalty box.

That was all the scoring, but there was plenty of action in the remaining 75 minutes — a tigerish tussle from both sides in the first half, a 30-second-half fight from Rovers to get into the game.

LEARNED MORE LIKE A LOSING DRIVE!

Ngaruawahia looked the stronger side, and its running was more purposeful than Rovers. It faded in the second half, and Rovers could have snatched a draw if it had forwards capable of finishing promising moves.

...BUT THEY NEVER DID

IT WAS

Stand-out players for Ngaruawahia included McDermid and former Hamilton national league offsider Dick Plume — who may have considered himself lucky to finish the game after giving referee Sytse De Boer a high-volume assessment of his judicial abilities.

For Rovers, goalkeeper Eddie Wilson couldn't be blamed for either goal and otherwise looked safe under pressure from the hard-running Ngaruawahia attack. Dennis Wilson, an off-season signing from Tauranga City, was pick of the outfield men, but probably would have been better employed as an attacking midfielder than as a one-man strike force.

However, Rovers' coach Brian Lloyd's choice seemed dictated by a number of first-squad injuries.

RUBBISH!

???

WELL PUT

WE GAVE HIM FOUR CHALLENGES!

DOESN'T SAY MUCH FOR THE REF!

IN OTHER CARDS, ROVERS WERE SUPPOSED TO WIN!

IT SEEMS THAT THE CORRESPONDENT DOESN'T GIVE US A CHANCE OR DOING WELL THIS SEASON. WATCH THE 'TIMES' FOR FURTHER DIS.

UNITED

In 1969 Joe Templeton saw the start of one of his dreams - the establishment of soccer in Ngaruawahia - with the entry of a team in the Waikato 2nd Division. From a small beginning (1 point gained that first season), amalgamation with AFFCo Rangers in the 70's to aquire Northern League status, and promotion to the third division, things are again looking rosey.

A real feather in our caps was the transfer of Hamilton National League Captain John McDermid and fellow-player Dick Plume (featured on back cover) to our senior squad. Their inclusion in the team has had a dramatic effect on performance and application.

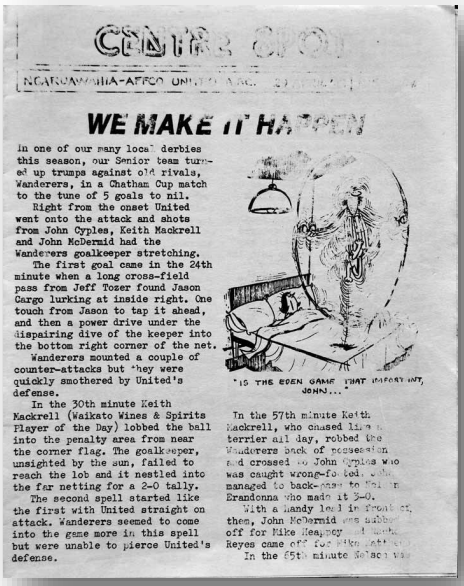

On Saturday we take another step (we hope) along the path to the Chatham Cup when we are host to Hamilton Wanderers, and this is followed with a steeper test against 1st Div. Eden in the Country Foods Cup. These two weeks break from the League will drop us behind the leaders in the table, but six early points so far will stand us in good stead.

Ten wins and six losses last Saturday and Sunday can't be sneezed at, can it.

In this World Cup year we need to capitalize on the popularity of our code and preach the good word around the district.

"MUST HAVE YOU HAD BEEN MARRIED TO SOMEONE WHO LIVES, SLEEPS AND DREAMS OF LIVERPOOL. NOW IF IT WERE NGARUAWAHIA, I COULD UNDERSTAND IT..."

WE MAKE IT HA[illegible]

In one of our many local derbies this season, our Senior team turned up trumps against old rivals, Wanderers, in a Chatham Cup match to the tune of 5 goals to nil.

Right from the onset United went onto the attack and shots from John Cyples, Keith Mackrell and John McDermid had the Wanderers goalkeeper stretching.

The first goal came in the 24th minute when a long cross-field pass from Jeff Tozer found Jason Cargo lurking at inside right. One touch from Jason to tap it ahead, and then a power drive under the despairing dive of the keeper into the bottom right corner of the net.

Wanderers mounted a couple of counter-attacks but they were quickly smothered by United's defense.

In the 30th minute Keith Mackrell (Waikato Wines & Spirits Player of the Day) lobbed the ball into the penalty area from near the corner flag. The goalkeeper, unsighted by the sun, failed to reach the lob and it nestled into the far netting for a 2-0 tally.

The second spell started like the first with United straight on attack. Wanderers seemed to come into the game more in this spell but were unable to pierce United's defense.

"IS THE EDEN GAME THAT IMPORTANT, JOHN..."

In the 57th minute Keith Mackrell, who chased like a terrier all day, robbed the Wanderers back of possession and crossed to John Cyples who was caught wrong-fo[illegible] managed to back-pass to [illegible] Erandonna who made it 3-0.

Winners

As you are aware, these awards are made as much on merit as on success which makes them quite difficult to win. Congratulations on a fine effort which has marked you among the five most meritorious teams this month from among the 52 in this, the country's biggest soccer League.

We sincerely hope later in the season to see your team winning the Team of the Month award.

As you may know, the prize is a box of Country Food products for each player used by you this month, plus one each for the Coach, Manager and Secretary.....

.....Congratulations once again.

Kind regards,
Yours Sincerely,
Lionel John

PROMOTION

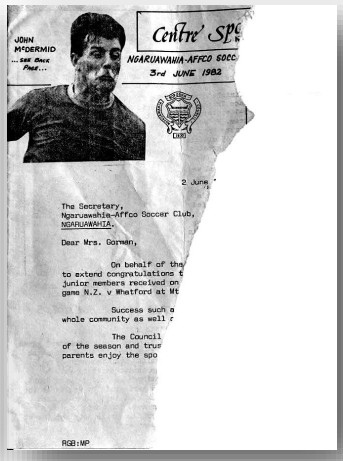

THE BATTLE of the Northern League third division could resume the most keenly contested of all the four senior divisions.

Orakei United, under coach Bill Still, has combined former first division players Joe Collins (Eastern Suburbs) and Ken Jorgenson and Ian Chicken (Marist).

This progressive club currently heads the table, but Ngaruawahia Affco, under former New Zealand and Hamilton representative Dave Hall, is making a strong challenge, along with Otara Rangers.

The championship race promises to be a beauty.

United's signing

A big welcome to Jim Barry and his wife Bernie, our lastest aquisitions. Jim had a brief run with the big boys at Point Chevalier on Saturday. Its good to have another talented lad about, and more so when his talents lie both in goal and out on the field!

Hunter staying

Phillip Hunter emphatically denied rumours that he will be leaving the Club. His great goal-scoring feats for the Reserve squad, helping them maintain an unbeaten 8 games, has brought him to the notice of un-named persons, and it was heard that he is expecting a call from Spain at any moment! "There is no way I will be moving," slurred Phillip at the bar on Saturday

CHAMPIONS!

Stunning burst

"That's what we should have done to them last week," he said, after watching his northern soccer league third division side trounce Pt Chevalier 7-1 at Ngaruawahia's Centennial Park.

Last week Ngaruawahia failed to take its chances and lost a vital point in the promotion race when it was held to a 1-1 draw by Pt Chev in Auckland.

"We had our chances last week, but we couldn't put them away," said Rod. "This time everything we did turned out right."

Hero of the day for Ngaruawahia was Clinton Naicho Hayes, who scored two goals, set up several others and deservedly won the man of the match award.

After the frustrations of last week, Ngaruawahia took certain of victory on Saturday by forcing a rare penetrating advantage into a stunning five goal burst in the first 25 minutes.

Fullback Geoff Norman started the rout with a goal after only six minutes. Left side 11 mainstay Ngaruawahia was free up the park to Kevin Mackey if he could.

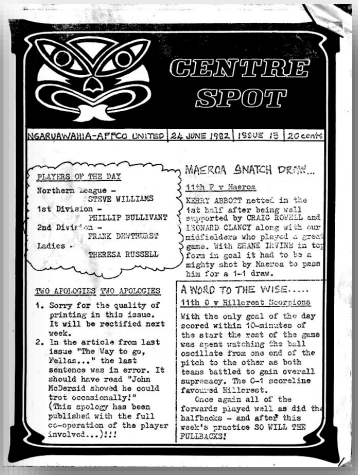

Mackey was on hand again 13 minutes later to put Ngaruawahia three up with a powerful shot, and although Pt Chev broke back only a minute later to pull one back, the result was already a foregone conclusion.

Hayes slammed home two goals from identical moves within minutes to give the home side a 5-1 half-time lead.

Midfielder Steve Williams, who had a goal disallowed in Auckland last week, was not more in the host of the last in the opening minutes of the second spell, but again had been ruled out by the referee.

But he lost the admiration of rivals and fans alike when he fouled home from a free-kick.

11th F v Maeroa

KERRY ABBOTT netted in the 1st half after being well supported by CRAIG HOWELL and LEONARD CLANCY along with our midfielders who played a great game. With SEAN IRVING in top form in goal it had to be a mighty shot by Maeroa to pass him for a 1-1 draw.

1. Sorry for the quality of printing in this issue. It will be rectified next week.
2. In the article from last issue "The Way to go, Fellas..." the last sentence was in error. It should have read "John McDermid showed he could trot occasionally!" (This apology has been published with the full co-operation of the player involved...);!!

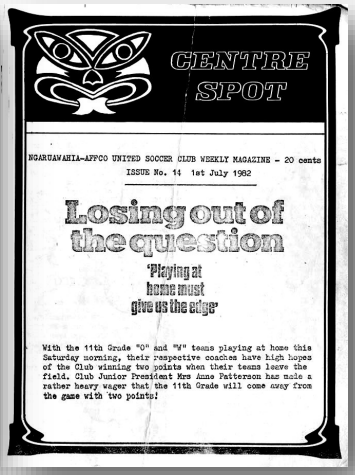

A WORD TO THE WISE.....

11th U v Hillcrest Scorpions

With the only goal of the day scored within 10-minutes of the start the rest of the game was spent watching the ball oscillate from one end of the pitch to the other as both teams battled to gain overall supremacy. The 0-1 scoreline favoured Hillcrest.

Good again all of the forwards played well as did the halfbacks - and after this week's practice SO WILL THE FULLBACKS!

With the 11th Grade "O" and "V" teams playing at home this Saturday morning, their respective coaches have high hopes of the Club winning two points when their teams leave the field. Club Junior President Mrs Anne Patterson has made a rather hearty wager that the 11th Grade will come away from the game with two points!

'I don't want to leave United'

That was the first statement uttered by repatriated Kiwi Charlie Gorman as his flight from Australia landed at Auckland Airport on Monday night. Mobbed by thousands of Ngaruawahia-Affco United fans as he strode through customs with his wife Elizabeth and his two daughters Sophia (13) and Angela (10), he paused momentarily before his adulating fans, led by John Stewart, and stated that it was his loyalty for United that drew him back across the Tasman after a brief 5 month self-imposed exile.

Cossetted by cabin Steward Graham Latta, the Gorman family were permitted to enter the flight deck and share luxuries with the 1st Class passengers in the upper decks until their 9pm landing at Mangere.

"There is nothing I have found that can match the homoiothermic comradship of the United Soccer Club," stated Chas. "That, and my wife Lis's yearning to become involved polyphonically in the Club again, have combined to bring me back."

Following a hectic social round this week, Charlie will be available for Club involvement at a negotiable fee, with Lis accepting invitations to Tupperware and Avon parties.

A moment to treasure!

9th A v Morrinsville Panthers

WE WON....WE WON....WE WON!!!

Through great team support we gained our first victory this season, and what a victory it was...

The whole squad played as a team should play!

When JODI POINTON weaved through and got the goal the parents went wild!

The backs KYLE GREGORY, KIRSTEN HENKEL, NICOLA JEFFCOTE and STEVEN SHOOKES never let one ball get past them and were the backbone of our historic win.

ROB and PAN would like to thank the Mums and Dads for their support and the use of their cars for our away games.

It's going to be one hell of a fight

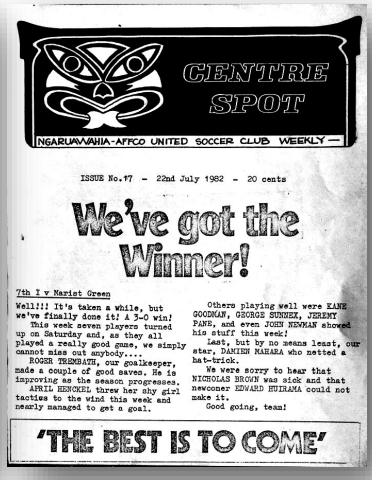

Oratia suffered their first league defeat last weekend - the first for 18 months! It took high-flyers Otara to do it, and we at Narra hope to make it two in a row for our weekend opponents.

No doubt Oratia will have some say in the matter!

Statistically there are still eight of the 10 teams who are able to hope for promotion with Kelston knocking on the door and Vanderers definitely out of contention.

However a big welcome to our visitors from the North - we hope you are not as successful as you hope you will be - but whatever the result at the end of the game, we know you will have enjoyed your brief afternoon as our guests.

We've got the Winner!

7th I v Marist Green

Well!!! It's taken a while, but we've finally done it! A 3-0 win!

This week seven players turned up on Saturday and, as they all played a really good game, we simply cannot miss out anybody...

ROGER TREMBATH, our goalkeeper, made a couple of good saves. He is improving as the season progresses.

APRIL HENCKEL threw her shy girl tactics to the wind this week and nearly managed to get a goal.

Others playing well were KANE GOODMAN, GEORGE SUNNEX, JEREMY PAPE, and even JOHN NEWMAN showed his stuff this week!

Last, but by no seams least, our star, DAMIEN MAHARA who netted a hat-trick.

We were sorry to hear that NICHOLAS BROWN was sick and that newcomer EDWARD HUIRAMA could not make it.

Good going, team!

ready to make breakthrough

With the rumour going about that Otara might just regain the two points they forfeited at the beginning of the season, it looks as though it will be all on between the Oratia and the Narra remaining matches. We have that slender 3-goal superiority over our Northern rivals in the race for one of the two promotion spots. All top six teams have a mathematical chance of promotion and we are hoping that Otara can slow down the Oratia clish for us, as long as we win each remaining game well. We can pick up a maximum of ten match-points in our remaining games (Tauranga twice, Cornwall, Wanderers and Claudlands) and we must bear in mind that Ora will be striving to do the same.

The lads now need maximum support from the sideline as they play our three remaining matches. Our regular shouters like Maxine, Joanne, Joe and Ben need to be supplimented by other "loud-mouths" at every game

Let's make this Saturday the start of that final drive into the 2nd Division - invite out to the Park every Tom, Dick and Harry and their mates - get out the old banner and hooters - let's make the sonic boom propel each shot into the net! We must do it, we can do it, we will do it...PROMOTION!!!

PROMOTION RACE REALLY HOTS UP!!!

Huntly brings down leader

By Steve Waddingham

The Country Foods Soccer League third division promotion race blew wide open on Saturday with wins to Ngaruawahia-AFFCO United and Oratia United, and a shock loss to Otara Rangers.

Otara needed only to beat sixth placed Huntly Thistle at the Huntly Domain on Saturday to take an unbeatable lead into the final two games against Tauranga in two weeks time.

But, as it turned out, two seasons. Otara faltered at the wire, handing a 1-0 defeat to Huntly, turning what should have been a meaningless romp against Tauranga into the vital match of the season.

While Otara stumbled to its third loss of the season, Ngaruawahia sealed the fate of relegation doomed Hamilton Wanderers 9-1 and Oratia soundly thrashed Pt Chevalier 7-3 in Auckland.

The big wins by the challengers added further spice to the race, with both sides locked on a plus-12 goal differences.

Huntly continued its reputation as the biggest spoiler of the division with its win over Otara, which included a missed penalty.

Huntly rocked the league leader with a Geoff Flowerday goal in the fifth minute, and the Aucklanders struggled for 15 minutes before equalising against the run of play.

Flowerday had a golden opportunity to break the deadlock early in the second half, but his goal-kick rebounded off Ian Flowerday, Huntly's player of the day, more than made amends 10 minutes from fulltime when he drew the defence out and chipped the Otara keeper for the winner.

At Parritt Stadium, Ngaruawahia needed an avalanche of goals in the last 15 minutes to beat Hamilton Wanderers side fighting grimly for survival.

Referee John Bailey drew plenty of praise for his handling of a hard, physical match which fizzled throughout and only came alive after Alfred Allen scored in the last quarter.

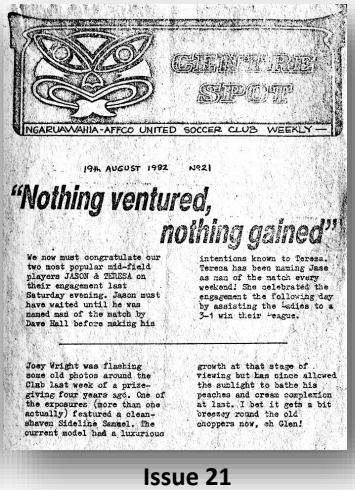

Jeff Toner gave Ngaruawahia the all-important goal on the stroke of halftime and when John McDermid made it 2-0 the "green machine" appeared on the way to an easy victory.

But Wanderers fought back to narrow the margin to one goal through substitute Vince Cosgrove.

Ngaruawahia replied with a purple patch in the closing 15 minutes. Coach Dave Hall said: "We finally played to our full potential. It was about our best effort of the season."

Captain McDermid sparked it by getting his second, Phil Hunter climbed in to make the game safe for Ngaruawahia, and big defender Jason Cargo added the icing with a screaming shot near the end. He was voted man of the match.

"Nothing ventured, nothing gained"

We now must congratulate our two most popular mid-field players JASON & TERESA on their engagement last Saturday evening. Jason must have waited until he was named man of the match by Dave Hall before making his intentions known to Teresa. Teresa has been naming Jase as man of the match every weekend! She celebrated the engagement the following day by wasting the ladies to a 3-1 win their league.

Joey Wright was flashing some old photos around the Club last week of a prize-giving four years ago. One of the exposures (more than one actually) featured a clean-shaven Sideline Samuel. The current model had a luxurious growth at that stage of wearing but has since allowed the sunlight to bathe his peaches and cream complexion at last. I bet it gets a bit breezy round the old choppers now, eh Glen!

AN UNDERLYING CONFIDENCE

NGARUAWAHIA, ORATIA and OTARA are the three with ambitions in the Northern league 3rd Division this season. OTARA now wait and bite their nails while ORATIA meets CORNWALL this Saturday. If ORATIA can beat CORNWALL by four clear goals, they will be in the promotion position.

While GHATIA play CORNWALL we at NGARUAWAHIA will be waiting and watching the result, and then go into the TAURANGA game the following week knowing that we need a clear two-goal victory to also go above OTARA and possibly top the League.

This situation would keep OTARA back in 3rd Division for yet another year.

NGARUAWAHIA are quietly confident that this is OUR year, and that 2nd Division football is just 90 minutes away!

The BIG MATCH

The pressure will be on the Green Machine from the start so it is obvious that we need plenty of vocal and loud support to see us through this final competition game of the season.

A big welcome to Tauranga City whose position in the league belies, I am sure, their ability. Gavin Mcaullife's hat-trick in last weekend's game against Pt Chevalier was, I understand, a most creditable performance - well done Gavin.

Whatever the outcome of the game, I am proud of this team of ours, as all Ngaruawahia should be. So let's see you all at Centennial Park on Saturday to cheer us into the 2nd Division for 1983.

-Ian Miller
President

Without doubt, this Saturday's game against Tauranga City will be one of the most important encounters in Ngaruawahia's history as a soccer Club. We need to win by two clear goals to top the League, and this won't be easy against a rejuvenated City team.

We are 15!

What a great 15 years we have had as a Club! From our inaugural year in 1969 when we fielded one team in the Waikato 2nd Division, through to the end of 1983 and a place in the Northern League 1st Division!

A man with vision was responsible for our successes on the way through the seasons - Joe Templeton, our Founder and Patron. He well remembers those in 1968 who said soccer would have no future in Ngaruawahia! Joe started it all off as he filled the positions of Coach, Manager, Trainer and Transport Officer!

Early in the Club's history we were approached by Affco Rangers to amalgamate. We accepted their moving in with us and gained Northern league status painlessly. Dave Hall entered the scene shortly afterwards and was the driving force behind our rise from 4th to 1st Division in five short seasons.

The Club's weekly bulletin (started in 1979) continues to provide interesting reading of happenings, personalities and match reports, and is read as widely as England, Canada, South America, Australia and many parts of New Zealand. We have had many a laugh at ourselves through this instrument. My thanks go to John McDermid and Armstrong & Springhall Social Club for making this Bulletin possible.

We were saddened in June by the loss of Georgean Miller, a staunch supporter of our Club. Her passing away left a void that will he felt for a long time.

Wasn't that a great day when our Senior Team paraded in their travelling uniform! Ripples flowed out around the district and there were many envious opponents - especially in the Hamilton Clubrooms after our 0-2 loss to City. Here we were beaten but not defeated!

A sneaky rumour went around the Club that it was Glen Gray who had paid for me to take my family to Canada so that he could get control of the Weekly Bulletin!!! Thanks Glen and Liz for continuing in my absence - it's appreciated. I was not too impressed with Canadian Professional Football, and from the sketch done of me in Calgary, they weren't too impressed with mine!

Being our second Yearbook, there was much to be learned from our first (hurried) effort in 1982. I hope this edition meets with a more interesting response. All teams were approached to submit reports for inclusion, and it is a bit disappointing that several squads had nothing to report. However we have ended up with a partial record of 1983, better than no record at all.

Some of the highlights of 1983???

- Collapse of the Unicol 5-a-side pre-season tournament
- Not being accepted for the Rotorua pre-season tournament
- Advancing to the second days play of the Cambridge tournament # Nacho Reye's 12-day suspension
- 9th & 11th Grade teams won their Divisions
- Glenys Fraser represents NZ at the World Womens Body-building Competition
- We are invited to apply for Super League status
- Council commences new field development
- Elliot Cathro and Keith Mackrell were selected as Waikato reps
- Regan MacDonald invited to Canadian Soccer Clinic
- Senior team equipped with travelling blazers
- the sponsorship gained from Affco, Hertz and Radio Waikato.

The Club has now moved out of its fledgling stage and has started to spread its wings. Those in the administration are prepared to move with it - are you?

It's Got To Be Good For You !

Excitement, disappointment, Triumph, failure, fantastic goals, miserable misses — these were the ingredients experienced by all supporters of the Green Machine during the 1983 season. Familiar faces from the previous year plus some exciting new prospects augured well for the Club and, in retrospect, the Club should be well pleased with the result. Although not quite the triumph expected it was by no means a failure.

We can look forward to 1st Division Status in 1984. At our disposal we have two 'tried and true' coaches in Dave Hall and Bernie Carmody who will be great assets in our future plans. Add to that the experience behind the scenes of Mary, Charlie Senior, Charlie Junior, Liz Gorman, George Sunnex, Eddie Callaghan Senior and Sandy MacDonald, which will ensure an enviable backup.

The Youth team was thrown in at the deep end and, although they never won a game, the experience was invaluable. We must remember that these lads, the bulk of whom were around 15, were playing against teams comprising lads at least two years their senior, and who had played together before. Their inauspicious beginnings wasn't helped by mismanagement but, they stuck together, and if they do that for another couple of seasons, they will undoubtedly be a force to be reckoned with (and take the Youth Team Title).

Like the Youth Team, the 2nd Division had a hard row to hoe. Coached by who-ever happened to be there on the night, some-times overloaded, sometimes shorthanded with players, they never had a cohesive force throughout the season. Capable of good play they often slipped into mediocrity, mainly because of the team changes and poor coaching (and a lack of interest didn't help their cause at all.

With a fair balance of youth and experience there are plenty of indications that all problems can be overcome, although, unfortunately the present 1983 Coach Graham (Pom) Howard is about to be transferred South by the Army. However, if the right person takes hold of the reins you can be sure they will have the support of the team and the Club.

The 1st Division, in many ways, has proved to be the most disappointing team in the Club. Well Coached and Managed by Bernie Carmody and Eddie Callaghan, with a wealth of talent knocking on the Northern League door, when the chips were down they were found wanting.

At times during the season the teams played brilliantly - at other times they were abysmal! Old heads George Sunnex, Rod Hill and Bruce McIntosh were supplemented by the youthful exuberance of Chris Spray, Grant Carlson, Elliot Cathro, Peter Magee and Eddie Callaghan Jnr; but still, for some unaccountable reason, the results were not forthcoming consistently enough.

It is well known within the hierarchy of the Club that the 1st Division is the hardest to control and motivate as they are the Reserves to the Northern League and may be called upon at a moment's notice. It is an accepted disruptive situation, but also one that all clubs experience. It causes a good deal of infighting but, often, players themselves tend to make things worse with arguing and having a total lack of understanding. Let us all be aware of the problem and give full support for the 1984 season.

The Northern League is one team I have had the most dealings with. Who can forget the exciting win against Ellerslie with total dedication from all team members — the narrow loss to Takapuna with the goal in the dying seconds that wasn't a goal at all. Like the 1st Division, they have taken us to the heights of ecstasy and plunged us into misery on other occasions.

On the positive side we have to remember some of the brilliant goals scored through the season — Keith Mackrell's hat-

trick against Clendon with Nelson's superb long chip in the same match — Keith again against Birkenhead at home and John McSporran's blast in the return at Birkenhead — Jeff Tozer taking on the defense on many occasions to score.

On the debit side we had a multitude of chances that were missed. They were so numerous it hardly bears to try and name the offenders. One thing for sure, you can't win games unless you score, and our lads seem to want to walk it into the net. With
so many fine shots coming from our opponents it was only by the grace of God and Jim Barry, that they didn't score.

As always happens, we lost some good players and gained some. Before and during the year Phillip Hunter, Geoff Harman, John Cyples, John Mohn and Keith Mackrell left for new pastures. John Stewart, Chris Barakat, Mike Heappey and Micky Liddle all had injuries bad enough to keep them out for most of the season. Our acquisitions were Ian Pretswell, Graeme Fleming, Chris Spray and Grant Carlson, while McSporran, after a brief abduction, returned to the firm.

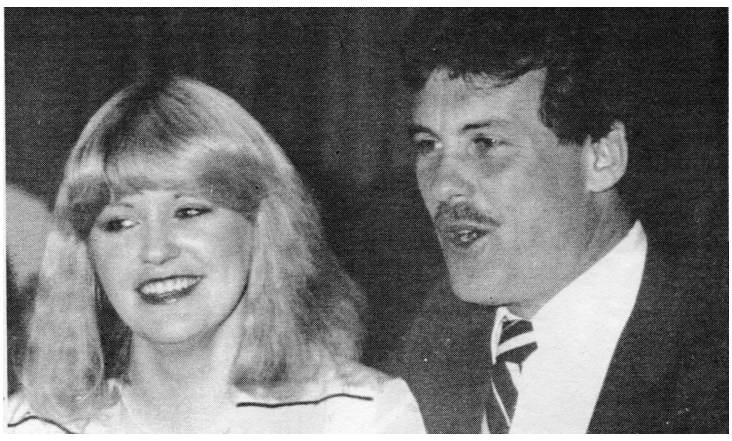

In most of the games I observed the refereeing was of inferior quality, apart from a few excellent referees, whose names I can't remember. Due mainly to our success in reaching the World Cup, soccer has improved out of sight, but the standard of referees has not kept up with this improvement.

The 2nd Division title was ours for the taking, but the double loss to Birkenhead and draws with Whangarei and Manukau were our nemesis. Those two losses were the only ones in League matches this season. Having taken three points from Howick and shared the honours with Otara, the two top teams. We are a naturally robust team with fighting spirit, but it proved costly in penalties against us — Nacho's sending off and subsequent suspension came at an inopportune time. John McMouth and Johnny Mohn got their marching orders and there were a number of unnecessary bookings.

In all, during League matches, we were penalised 381 times, 128 of these were for offside. Our domination was evident in the fact that we won 158 corners and only conceded 91. In League games only, the final statistics were: played 18, won 10, drew 6, lost 2. Goals for 35, against 16. Points 26. Our biggest win was away to Clendon 4-0. Our worst loss was away to Birkenhead 1-3.

We will be in the 1st Division in 1983. Let's hope that we will lift our game and provide the entertainment our loyal supporters deserve, particularly for Karrin, Bernice, Liz, Maxine, Joanne, Joe and Mary-Anne who were there wet or fine.

Of all the Clubs around [even including Spurs] I am proud to be a member of "The Green Machine". As Churchill was moved to say -"Never has so much been owed by so many to so few". Amen!

Megan and Mike Heappey.

Ian and Julie Pretswell.

The Fans

MAXINE WILLIAMS

A committed left-winger, able to side-step opponents with verbal ease. At her most dangerous when defending against determined opposition.

LYN EVERLEIGH

Originator of the now immortal phrase *"Come on, Narra!"*. A very skilful turn of phrase that has often left opponents floundering and confused. A strong attacker.

JOANNE GUY

Makes frequent lightning forays from defensive positions. A good team member whose positional play enables other players to run off her with a great deal of success.

LIZ GORMAN

An effusive player who often intimidates the referee with such time-honoured quotes as "*Ref, really!"* and "*Oh! No!"* whenever her team is penalised.

BARBARA PLUME

Will give totally committed support to her right fullback. Has often been heard to call out, in the excitement of a play "Down, Boy!".

KARRYN McLEOD

An effervescent mid-fielder who is always prepared to receive passes from centre-backs and set up counter-attacks.

MEGAN SMITH

Champion of the body-swerve. Has a deceptive move when attacking that leaves the opponent floundering. Likes to have a "lash" at goal.

MARY ANNE HENCKEL

The dark horse of the team. Has lethal striking power, making her one of the most Dane-gerous carriers of the ball in the side.

THERESA CARGO

Tall centre-half who leaves would-be tacklers "clutching" at thin air. A quiet mover whose demeanour is deceptive. Powerful kicker.

Northern League Division 2 - Squad Members

JIM BARRY

Goalkeeper. Considered the best keeper in the Waikato. An angular sort of bloke with a powerful kick that belies the build of his legs: Extremely fast reflexes and is equally good out in the field.

DICK PLUME

Defender. Short and thick-set. Has a no-compromise approach to opposing attackers. Brings his dog to matches just in case the referee gets out of hand!

STEVE WILLIAMS

Defender who would dearly love to play as a striker. Has become famous for falling over on the field when there is nothing to fall over. Very good in the air.

BARCLAY McGHIE

Defender with a high work-rate. Has an effective drawl to his speech that gives the referee the impression that he was not quite "all there" when committing a bookable offence!

CHRIS BARAKAT

Midfielder who has also had a stint at the back. Skilful ball controller and distributor who has had a long lay-off through injury. Well-known for "different" clothes and hairstyles.

NACHO REYES

Midfielder who told the referee that he would like a 12-week break from the game. Auckland, so impressed with his flair, reduced it to five. Mesmerizing ball skills.

IAN PRETSWELL

Midfielder. Regularly puts out the highest work-rate in a game, due to the prune and licorice tablets taken beforehand! A tenacious player who does not like the ball being in possession of the opposition.

GRAEME FLEMING

Winger. A dour Scotsman with the ability to be in the right place at the wrong time. Infallible ball distribution skills and a good turn of pace. Outstanding at operating Irish Computers.

KEITH MACKRELL

Striker. He is so short that his feet barely reach the ground. A pacey type with flair and tenacity. Good goal-grabbing attitude. Has formed his own fan club!

GLEN GRAY

Masseur. Once you've been rubbed down by Glen you know you've been rubbed down! A bit of liniment in the wrong place and the lads are prancing, ready for the fray.

STEVE GRAHAM

Midfielder. Had a short stint with the lads but could not solicit much business for his hairdressing establishment! Returned to Rovers, having learned all about Mackrell's foibles!

DAVE BLACKETT

Promotions Manager. Always ready to replace Dick Plume at fullback, mainly because he is the same shape! Also a junior coach. Worked miracles in getting the Green Machine name well-known 0utside Ngaruawahia.

BEN HENCKEL

Manager. Commonly known as the Danish Cheese. Acted as Mother and Father-Confessor to the team. Even had to wipe a few noses at times!

CHAS GORMAN

Manager. Always available as an extra substitute and managed to sneak onto the field at times! Used this position as a stepping stone to Club presidency!

KEN HOUSTON

Striker. A go-getter. Loves unleashing a devastating long shot at goal. Great turn of pace, especially when approached by Dick's dog!

PHIL GIBBS

Striker. Loves to run right through goalkeepers to ensure the ball finds the back of the net. Spent his allotted time on the sub's bench making sure no-one got at the magic water.

JOHN STEWART

Midfield/Striker. Plagued by injury but played out each game as a substitute - becoming exhausted after each game! Deadly striker when confronted by a goal and a ball.

JEFF TOZER

Utility player who more than adequately fills gaps on the field. Mostly used as a striker. Runs all day and has a good attitude to football. Has about a 10% strike rate below the bar and 90% rate above it.

NELSON GRANDONA

Striker with knee-caps appreciably wider apart than his ankles! Has exceptional ball-control skills that leave many would-be tacklers floundering. Owner of cheeky chips over goalkeepers!

JASON CARGO

Midfielder. White flecks on his hair are claimed be snowflakes from the altitude! Theresa says it dandruff! Wins most aerial ballets and has a lethal shot.

MIKE LIDDLE

Midfielder who loves to get a shot in at the goal A good foil for Pretswell, and has the same work-rate. Injury kept him out for the best part of the season. Coaches juniors.

GRANT CARLSON

Striker. Has a good eye for any half-chance at goal. Good future potential. A quiet gentleman who unknowingly has many female supporters.

JOHN MOHN

Defender. John has a no-nonsense approach to any attacker who has the temerity to bring a ball any where near him. Sometimes doubles for Jim Barry in goal a is a dab hand at that too. Has been accused of giving wrong venue directions to Jim!

MIKE HEAPPEY

Defender. Solid player in the air and a good grasp of the vernacular! His pass-backs are as entertaining as his attempts at defending!

JOHN McDERMID

Midfielder. Uses hot air to keep referees and attackers at bay! A mature player who uses his international experience to meld the team together.

DAVE HALL

Utility and Coach. Knows all the players better than they do themselves. Gets the best out of players by threatening to sub himself on!

The first five games of the season were played without a coach present! Manager Bobby had problems with three losses and a draw under the belt in the initial four games.

Lost 1-3 away to Unicol; drew 3-3 at home to Melville; lost 0-1 at Huntly and lost 0-4 in front of a home crowd to Wanderers. The fifth game was away at Tokoroa and there were three changes to the team — Ray Havill, Chris Spray and Grant Carlson all moved into the squad.

Bernie Carmody turned up at Tokoroa (in torrential rain and in the cold) to see a convincing 2-1 win to Narra. This was Bernie weighing up the team where he decided to make the move from Melville to Narra to become Reserve Team Coach. Under this new tutorship the next 14 games saw 8 wins and two draws.

The knockout match against Tokoroa featured as perhaps the better game of the season — a spectator match of 120 action-packed minutes with the game going to Tokoroa 6-5.

This was a game of skills, thrills and excitement with the usual dubious doubts about penalties. Corners favoured us 7-4 while Tokoroa had the advantage 16-13 in free-kicks. The goals flowed freely. In the 18th minute Chris Spray netted a penalty; Tokoroa replied in the 36th and 43rd minutes; Chris Barakat equalised in the 46th. Eleven minutes later Tokora pulled in front before Chris Barakat took us ahead with goals in the 57th and 60th minutes.

However Tokoroa forced extra time with their equaliser with 11 minutes to go. In extra time they netted twice in the 100th and 103rd minute to a sole goal in the 107th from Steve Williams.

Rod Hill had the dubious distinction of being sent for an early shower, while Player of the Day was shared by Peter Magee and Eddie Callaghan.

EDDIE CALLAGHAN SENIOR

Manager for the season and built up a rapport with the team. His secret? If they do not perform he threatens to Coach them!

BERNIE CARMODY

Honourable Coach. Has welded the players together into a cohesive unit, which will show through more dramatically in 1984. A valuable member of the Coaching staff.

RODNEY HILL

A goalkeeper of no mean ability. He is not backward about aggressive defending. Backflips into the uprights is his specialty.

Pulled the ball out of the netting 41 times while he watched his forwards tuck 50 in the other end.

EDDIE CALLAGHAN

Full of fire and verve. Will chase anything the looks vaguely like a ball on the paddock. Has had a few runs with the Northern League and showed promise.

GEORGE SUNNEX

One of the "older" brigade. George has got out of the habit of trying to beat a player three times before passing! A hard grafter who has been with the Club for most of its existence.

BILL EMMENS

Well known for his mouthguard. A dependable marshal in defense and a tidy worker. Good sense of humour.

PHILLIP GIBBS

Completed his first full season at soccer since joining us in mid-1982. Tall, powerful player who excels in the air, and loves to run onto a shot.

KEN HOUSTON

Terrier of the team. Has an astonishingly high work rate and a good long shot at goal. Tireless.

GRANT CARLSON

An opportunist in front of goal, and was unlucky not to get more goals. Good skills and wonderful potential for the future.

CHRIS SPRAY

Top goal scorer and great team-man. Uses his skills to set up other team members as well as creating goals himself.

MARTIN BELL

Dedicated and intense on the field. A perfectionist who is not satisfied with anything less than his best efforts. Netted four good ones this season.

RAY HAVELL

Mainly sat on the bench this season but his one full game was a boomer, gaining him Player of the Day. Solid player - dependable.

BRUCE McINTOSH

A seasoned player who is going from strength to strength in skills and ability. A powerful, fast winger.

PETER MAGEE

Watch this young lad! Didn't play many games but always impresses and is definitely Northern League potential. Continually improves.

BILL McCAIG

The tall one. Runs strongly with the ball and can strike it sweetly when developing attacks.

RICKY DUFFULL

A golf lover with football as a second string to his bow. Casual player who gives the impression that there is an untapped reservoir of talent simmering beneath the outward calm.

STEVE RANDALL

Had three solid games with the team, showing tons of ability before having to give the game away through other commitments.

GARRON SMITH

A developing ability that didn't get a chance to show itself very often. Good team supporter.

PHILLIP BULLIVANT

A young player who has been around a long time. Very fit. Played well in the second half of the season. Goal-hungry.

DEREK DAVIES

Found travelling from Mount Maunganui quite a commitment but is a dependable player. Good skills.

MALCOLM BURT

Another old head on youngish shoulders! Spent a bit of time bench-warming, but got involved from that situation too.

CHRIS BARAKAT

Gave his old injuries a testing time in the last three games of the season. Began to show his old flair again.

STEVE WILLIAMS

Played in the final game v Tokoroa. Steve loves to play an attacking role.

IAN PRETSWELL

Acted as substitute in the last match to keep the bench balanced with Bullivant on the other end!

MIKE LIDDLE

His two games left their mark as he stretched and exercised his old war wounds - coming right?

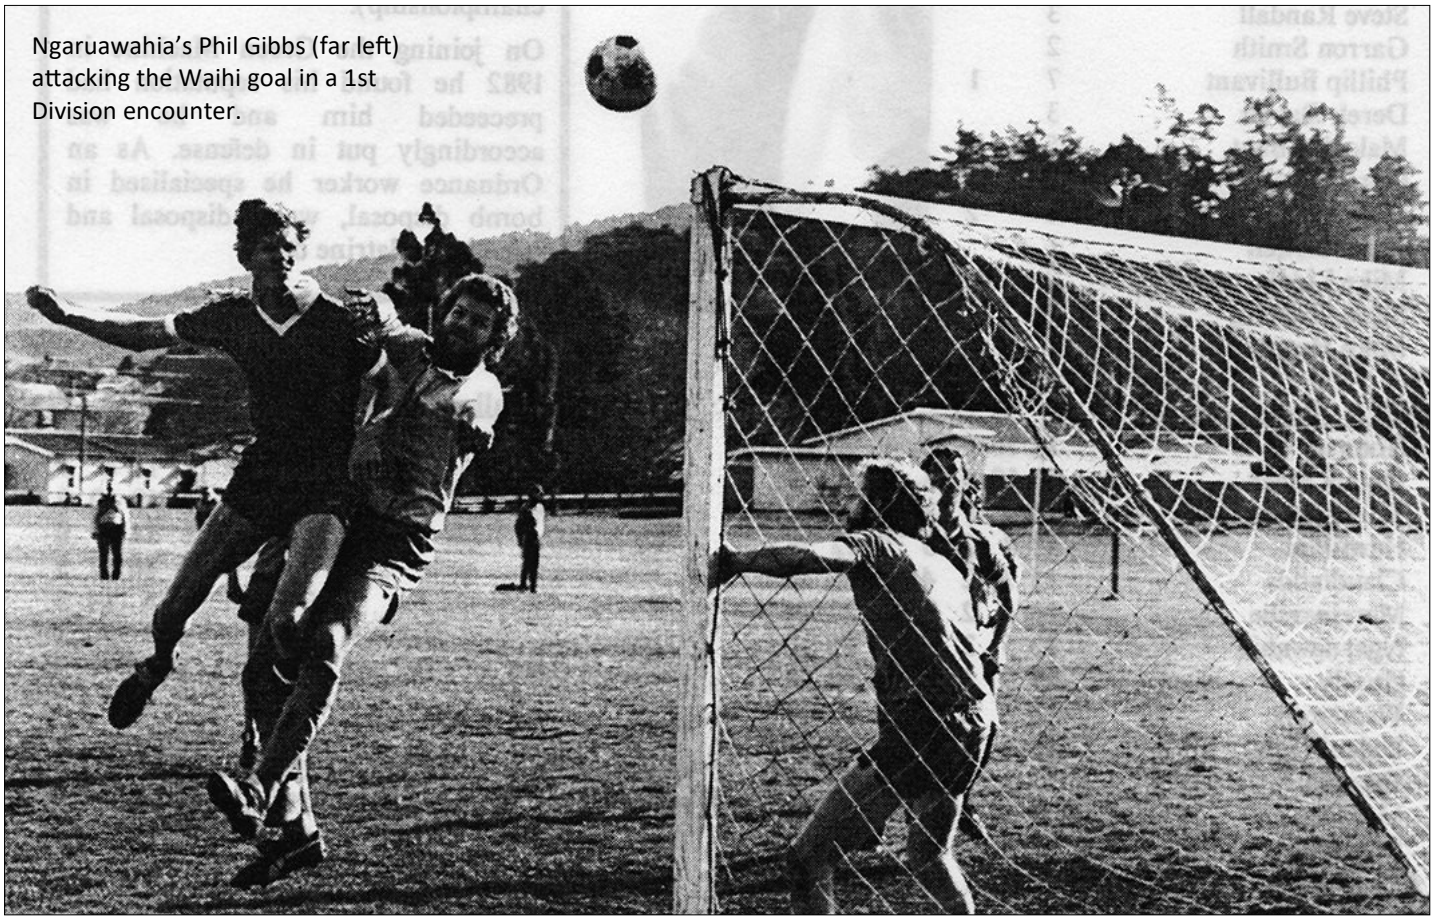

STEVE GRAHAM

His short stay with us was appreciated.

MIKE HEAPPEY

Contributed to our 3-2 win over Hamilton with solid defense.

Waikato 2nd Division

The season opened with the Waikato breweries Cup, in which the team had a very mixed run, losing the first two then, inexplicably, throwing away an easy win for a draw at Tokoroa. They cruised to their best win of the year against Huntly Blue and had a real fight against Hamilton before a good win. In between we lost to Hillcrest and Putaruru. The local derby versus Taupiri wound up that competition when, after 1-1 at the break, it all collapsed for an easy Taupiri win. If we had had a little more practice and match attendance by more players, the team may develop into a good one.

The second competition, the Waitemata Cup, opened with a dismal display at Te Aroha but with a much better effort at home against Marist. We still cannot understand how they got both points when having fielded a Hamilton player? With 10 men at Putaruru we gave a gritty display but that was quickly forgotten at Unicol where we gave a dismal display of footballing ability and sportsmanship! The rest of the season is reflected in the match-notes with the season ending in Putaruru edging us out of the Knockout in extra time.

PHILLIP BULLIVANT

What can you say? Life—blood of the team, prolific goal scorer now with the Reserve Team. Likes to link with Little Webby and has an enormous capacity for running and work. He also likes to Rally Drive now and then and has often been referred to in print as 'Bully—For—Phil'.

JOE WRIGHT

A colourful sort of chap who likes to think he can play darts (doesn't do too bad either!). He coaches the Club's most successful team, the 11th B. Joe has been side-lined with injury for the best part of the season, but loves to support all teams as well as the bar!

PETER MORRIS

Transferred across from Melville this year. A fiery chap, this one! Tried to take on Putaruru single—handed! He used to drive the Black Bullet, but has moved down to something a little more sedate. There is no truth in the rumour that he sleeps on the woodwork. Likes to pull off fancy saves (from back—passes), but usually ends up plucking the ball out of the net!

RALPH WALLACE

In a brief stint as striker he scored two goals! One would defy any keeper to come out and dive at this chap's feet (size 20, I think!). Managed to spend quite some time getting home from Te Kuiti one Saturday — nothing to do with vehicular difficulties, either.

STEVE BUCHANAN

A tenacious defender likened to a terrier, and a Narra man all the way. He dislodged his knee at Te Aroha [not mountain—climbing, surely?]! This allowed him plenty of time at home with

his wife, instead of courting a football! Captain of the team, he returned for the last few matches of the season.

BRIAN WEBB

(The lad with numerous nick—names). The smallest body in the team (but his feet nevertheless reached the ground), and arguably the smallest member in the club, 7th Graders not excepted! His favourite move is to run through the opposition, not around them! This action is particularly easy when the grass is long! He abdicated from the 2nd Division to take on the Youth Team late in the season.

GEORGE MOIR

Another Army man (not a wonder some call the team "The Battlers". Likes to have a poke at goal, and anything else that moves!! Got quieter as the season got older — was it age, or a wooden pin — who knows?

JOSE DIAZ

Sounds like a singer, doesn't it? One of those irrepressible Chilean chaps - a fiery one, too! Likes to outmanoeuvre everyone, probably how he did in his back during the season. Has some nice touches. Gets a little verbal now and then.

BRIAN HOUSTEN

Scored a marvellous goal at Hillcrest this year. He always puts in a lot of effort and is known for his hard tackling. One sometimes wonders how he gets away with them! Next to Ralph he is the tallest in the team - likes to do a Jack Charlton when there is a corner. Brian also likes to have a jaunt up the front too. A Nominee for Player of the Year.

PAUL PHILLIPS

Into coaching in a big way, is Paul. Doesn't mind the odd beer (funny how many don't, eh!). Likes to position himself on the field, he is an incessant runner with a big kick and a gruelling tackle. Really enjoys his football as well as the social side. Now into refereeing. Nominee for Player of the Year.

"ORCA"

Doesn't actually look like a whale. Another Army lad (this is getting repetitive). He looks a little like a larger version of Elliot Cathro. Has heaps of energy and a real no-nonsense approach to the game. A bit of a Joker though, all the same!

DARRYL MORRISEY

Army fella (again). The teams starts to sound like Ngaruawahia Armed Forces United, eh? His commanding Officer elected to move him to Matamata, so he now returns to Narra for the supporting side of things, usually the bar. Although he has been seen waving little flags on the sideline!

KEVIN DOOLEY

Here he is - the walking advertisement for Gillette. Likes to be a player and a supporter, usually the latter. Has been plagued with injuries. Was once offered a role in a nail-walking team, but declined the offer as he had yet to prise out the one he was currently wearing!!!

LINDSAY BULLIVANT

An Ex-Narra player who decided it was time to give it another go. Likes to play in sandshoes. Is very reliable and has a good pass. He no doubt practices in the back of his Firestone van (anyone for cheap tyres?). Seems to have the same boundless energy as his brother Phil, but differs in that he flourishes a little more luxuriantly atop the head, in comparison to Phil!

MARK WEBB

Ex-Narra — Ex-Fraser (they couldn't convert him so he returned. Says they know how to drink! but he must know who are the best now, eh? A much more composed player — likes to have a Laugh. Has played Waikato 3rd Division as well as Northern League (Fraser). Only the 1st Division to go now. (Was that a big hint? Cost you a jug, that will!).

BRIAN MORRIS

Another one that Fraser couldn't convert! Brother of the Frazerite sisters, sorry, Morris Dancers! Bit of a joker, this chap. Drives that range Mazda (the one with the elastic band). Plays on the wing and in the clubrooms. Has tasted 3rd Division, 2nd Division, Northern league, Lion Red and D.B.!

MARIO YANEZ

Old 'sticky—boots' himself. Now plays with a very social CERS team. Another of these Chilean chaps who has some nice touches. Likes to play in the middle but tends to hear whistles from all directions — especially when playing at Galloway Park!

MALCOLM BURT

A long—standing Narra man, though he doesn't do much of that on the turf. Likes the odd drop, too! Got an eagerly awaited transfer to the Green Machine's Carbody Specials midseason and hasn't looked back...Well, only to see if Bernie's watching!

GEOFF WEBB

Joined the Club at the start of the season where he commenced coaching the local "achies", er, this team. Even plays when he's in the mood. Constantly lead astray by certain Army chaps (or should that be the other way round?). Great lad for the nags, especially fillies. Even tries to get fit, and is constantly exercising — particularly on Saturdays, and wonders why he's sore in the elbow!!!

Most Clubs' youth learn their basic skills at junior level. This prerequisite, I believe, is a crucial part of any player's development. The harder he works at perfecting his skills and the many facets of the game at an early age, the easier it will be for him when he reaches Senior level.

This brings me to the point that older players become frustrated with many young lads who have just attained senior level or, in our case, the 2nd Division. Many have not been drilled, nor mastered the very important mental attributes that make a good footballer. These are concentration, patience and an unshakeable belief in his own ability as a player.

I have seen many cases where a young player has been on the sharp end of his coach's tongue for ball-watching instead of concentrating on the job at hand, or diving into a tackle with reckless abandon when he should be holding off so his team can regroup and support him and their goal. Then there are his team-mates pouring unrepeatable comments about his footballing ability every time he is caught in possession. Sounds familiar, doesn't it!!!!

Any footballer who can achieve a high level of mental application and skills at an early age will, almost certainly, become a first-team player. But, unfortunately, because the Club does not have the resources to bring in top-grade coaches at junior levels, many of our youth mature late, mentally. Their skills are good but, through no fault of their own, they lack character. This is where the old campaigner can make a valuable contribution, as long as it is not of negative quality. He should always make an effort to give right information and encouragement, particularly when he can see the younger player having trouble coping with players like himself who have the benefit of a few more years of experience.

Having said all this, one can appreciate how important the 2nd Division and Youth Squads are, as it is here that the future Northern League players begin their careers.

1983 Youth (U-17) Profiles

MORRIE VICKERS

First Coach of the team, he took on the lads when there was no—one else and the Club is appreciative of his interest in getting the Team mobile.

BRIAN WEBB

Took over Coaching after leaving the 2nd Division having an understanding of the excitement, frustrations and everything else that goes with the job. Nicknamed "Cloughy" by one Northern Leaguer, he has tremendous patience.

NEIL NEWPORT

Scored a good half-dozen in 1982 and several for the High School seniors. Unlucky not to net one against Claudelands had a very good game against Tokoroa. Tries his best and, like las brother, is extremely reliable - has never missed a practice or a game. Showed improvement throughout the season. He has Captained the High School 1st XI this past season. Has played striker, midfield and defender. Nominated for Sportsperson of the Year as well as Player of the Year, being awarded the latter.

DAVID PARRISH

David still has a lot to learn about the game, but he goes out and enjoys it every time. He never grouches, and is pretty reliable too. Looking towards a big improvement next season. Likes to play at the back but appears to be stifled there! His tackling has improved a lot. Excellent attitude.

EUGENE PATTERSON

A familiar face to Club members. Has even played for the 'Dive Bombers' this year; plus picked up a 'cert' with Taupiri (along with Mark Abbott). Has only missed two practice sessions. Has got ball skills and can 'put the pill away', but that didn't happen too much! A likeable chap who could really sparkle next year. Good header of the ball. Has been a frequent scorer for Taupiri and played well in the 2nd Division against Tokoroa.

GARRY PAUL

Garry joined up late in the season and showed he was very keen, but tapered off a little near the end. Played his best game against Hamilton. With his enthusiasm he will advance in skills and ability this coming season.

GAVIN PEEBLES

Look out Ralph Wallace!!! He's just about your height and he has your advantage in youth! Gavin plays centre back which explains why few balls can be lobbed over him (around him, possibly). His attitude to the game is good and he never stops trying. Known for his big boot he often takes the goal-kicks; and is especially handy when it is time to put the nets up, or take them down again!!! Never missed a game, but practices left a little to be desired. Nominated for Player of the Year.

MARK ABBOTT

At first sight one would be compelled to turn to Elliot Cathro and remark "I see your brother's in the team?" I wonder why? Similarity aside, Mark has a very energetic approach to football. Very keen he likes to drive the ball with his right foot, but he didn't get too many chances to do that this past season. His competency at heading has been shown in more than one game and he has the necessary skills to become a good player in the future. He was awarded Sportsperson of the Year and nominated for Most Improved.

DARREN ALLISON

Likes to line up, does this joker (usually before he kicks!)! Played in the halves and likes to take any opportunity to have a go at goal. One of the few players who can actually kick with both feet. He's pretty good at pool and table-tennis as well (or is that bowls?). Always turns up at matches but needs to rethink his attendances at practices. Nominated for Most Improved Player.

OWEN ALLISON

Another player who has shown to advantage this year. Tends to score every now and then. He really turned it on against Taupiri. Mind you, Bernie was the referee!!! Has potential and also aspirations for the better senior teams. Played well this year but, with more application, he can go a lot further. He has been singled out for good comment by opposing Coaches. Nominated for Player of the Year.

DAVID BRIGHT

Came into the team very late in the season and had a good solid first game against Hillcrest. Has a good all-round attitude after scoring ten goals the previous season for the High School! He likes to think about the game and has good potential for the future. He doesn't play too bad a game of pool, either!

DEAN PUNCHEON

"Billy" ex-2nd Division, one of the more experienced players in the team. Played for the 2nd Division one or twice this season. Always at practice, he has a total commitment to it and his field play, and enjoys himself. He total ignores the fancy footwork of opposing forwards and likes to tack hard. If injured (he usually manages that at work) he likes to make such a rare occurrence. Enjoys a good joke and has a very supportive family. A very good game against Wanderers earned him the Player of the Day award. Joint winner of Sportsperson of the Year.

DOUGLAS EVERLEIGH

The hard man of the team, An uncompromising approach towards all opponents. A real hard—case!!!

MALCOLM DOUGLAS

'Dougal' played once or twice this season for mostly in friendlies, and not in his 'Ugh Boots'. Played for CERS too and plans to be as good on the field as he is with video game

WAYNE VICKERS

Goalkeeper of the team, "Lightning" has shown lot of ability. He has spent a lot of time in the early stages of the season training with the Northern league Squad and has improved throughout the year. Has shown dynamic keeping qualities and there is the definite feeling that he has a long way to go before we se anything like his potential! Wayne also has excelled as a field player and was awarded Most Improved Player 1983.

JOHNNIE DUFFULL

Don't know if he's related to Ricky or not, but he certainly is to our Secretary, Liz! He has the ability to be a very good soccer player (again, with a little application). Has a nice pass and a good goal scoring foot. He played in one or two friendlies at the end of the season and for this squad earlier on. He missed joining the Forces, but that could be their loss and our gain. He has ambitions towards the 1st Division and we hope he makes it.

WAYNE FRANKHOUSER

"Franky" to all his mates. A very co-operative club member - always willing to lend a hand. He is another who joined late in the season and has spent a bit of time on the bench, unfortunately, but shows commendable patience. He tries very hard and had a good game against Hamilton. He will be better in the new 1984 season and a whole competition.

PHILIP GRAY

A lot quieter than his Dad!!! Played a few games for CERS this year and was not with the Youth team towards the end of the season. Had a very good match against Te Aroha 2nd Division team.

DEREK LAUDER

Came on as substitute against Tokoroa and acquitted himself well. Played against Hamilton and Wanderers where he repeated his worth. He was developing well until side-lined with a knee injury (definitely have to watch out for those fan belts, chaps!).

MICHAEL McLAREN

Exhibits a fine work-rate in each match. Scored a good goal for the High School against Matamata but tapered off late in the season. Has an abundance of speed with a creditable shot.

STUART MILLER

Shin problems midway through the season did not give Stuart a good run. He has the potential to be a more than adequate footballer, if he decides to be so!

CLIFTON NEWPORT

Ex 13th'A' and High School 3rd XI 1982 and played for the 1st XI this season. Like the coach he's deficient in inches but expends heaps of energy on the field. Never says die! Good at heading and talking and will not back down from a situation. It will be good to see him back next season as he is ultra-reliable. Nominated for Sportsperson of the Year.

ROBERT JEFFCOTE
A fast and skilful right half. He always gave of his best and was a very effective link between the defenders and strikers. The team owes much of their scoring situations to him.

CALLUM McBURNEY
Tremendously determined, pacey centre-forward. His determination and follow-up resulted in his 16 goals. His aggression was a constant source of worry to opposition goalkeepers.

ROBERT McLEAN
Captain for the season who possesses the skill and ability to go right to the top. He has a tremendous work-rate and occasionally tended to do a little too much on his own, but for sheer skill and ability to read a game he has few peers at junior level.

MICHAEL MERCEP
Youngest player in the team, but in a straight one-to-one situation was hardly ever bested. Exceptionally courageous and played some valuable games at the back although he is better suited to midfield or forward play.

REBECCA PATTERSON
Solid fullback who always made an effective contribution and, next to Robert McLean, had the strongest kick in the team. Likes nothing better than to beat male opponents! Took all decisions and never argued -thoroughly deserved her Sportsperson award.

STEPHEN PUNCHEON
"Punchie" was one of the team characters. A dependable defender who was hard to push off the ball, or to get past.

DARRYL VICKERS
Another solid character. A versatile player in several positions as well as being an excellent ball distributor.

TAWA WHITE
One of the finds of the season, being a natural player with an instinctive ability to be in the right place at the right time. Nicknamed "The Foot" from the number of times he cleared off the line when an opposition goal seemed inevitable.

ANDREW WRAY
A slightly built boy who showed improvement throughout the season. A natural "lefty" whose crosses often found Callum or Brian. Keen sense of humour not often found in ex-Rugby wingers! Deserving winner of Most Improved Player, as he got better each week.

BRIAN CATHRO
A very fast and skilful right wing as demonstrated by his 24 goals. He is often closely marked by the opposition but always came through with the goods.

TONY CROOKSTON
The smallest player in the squad with a lot of pace and a bottomless well of stamina.

MATTHEW GURNELL
The tallest player in the team. He continued growing throughout the season (as did his determination on tackling, even if a few of them were a fraction late!!!). Valuable player.

VANESSA HEAD
Goalkeeper and probably the toughest "bloke" in the squad. She always defended with great determination and courage. We wouldn't have swapped her for Jim Barry under any circumstances.

STUART INGLIS
Our right back who improved all season and by the end of it he was playing with a lot of commitment and ability.

A successful season for this happy, hard-working team of young enthusiasts who fully deserve their honours as winners of Division 4 in this Grade.

From the first match of the season when they ran onto the field full of confidence and hope, only to trudge off an hour later beaten (but not bowed) to the tune of 3-8 by a slick Te Awamutu "A" outfit, to the last triumphant goal of the competition (slotted fittingly enough by Captain Wayne Matthews, who also scored the first) these kids have played and trained with purpose and dedication..

PLAYER OF THE YEAR
Wayne Matthews.

Most goals this season, clearing off our goal-line one minute, receiving a cross and scoring the next, Wayne was the worthy recipient of this award. Good skills and the ability to travel vast distances in the course of a game made him an effective Captain as well.

SPORTSMAN OF THE YEAR
Kevin Derecourt (Goalkeeper).

Grabbed at the start of the season, thrust into a red jersey and placed between the sticks with a prayer, Kevin developed into a brave and effective keeper quite rapidly. He has stuck to this task manfully - not complaining when touches of the ball were too rare or too numerous, in the wet and cold - a well earned award.

MOST IMPROVED
Jason McBride (midfield).

At the start of the season it sometimes seemed that Jason's genius for air-shots was unlimited, but he gave the lie to this to the point where attackers approaching our goal usually ran into Jason's area of authority and the ball would be gently removed from their possession and sent back down the field where he considered it rightly belonged. Keep it up, Jason.

ANAEUS McBURNEY

Second highest score as a striker, Anaeus is another talented and speedy forward who combined well to generate some of the best goals of the season, some from quite unlikely positions, but always with flair.

PHILIP WONG (Midfield)

Mr Perpetual Motion! Philip just never stops running - except when he falls over and that is when he tries to upset the laws of physics by changing direction 90 degrees at full speed (which he

can actually do sometimes - I swear it!). Superb opportunist, Philip's oppon-ents cannot afford to give him half a chance when he is within cooey of the goal.

SEAMUS GOODALL (winger)

Seamus had his first season as a forward after a season in defense, and proved a success. Able to receive a long ball and beat defenders before getting in a good cross and able to score with either foot (when he gets his feet figured out!). Never stops running and never gives up either.

NIGEL EVERLEIGH (utility)

Nigel is a strong runner and striker of the ball, always gives total effort and is very keen. He has developed into a true team player with total commitment to the cause, and on his day is a smashing player with a powerful boot.

MARK GURNELL (Midfield)

Mark has really advanced this season, winning a lot of the ball and distributing it in a most productive manner, taking most of the corner kicks for the year and bending over "banana balls" with ease. Mark played a large part in many of our goals, although his name does not appear on most of them - he deserves praise for his skill in "assists".

PAULETTE JACKSON (Defender)

Another much-improved player, Paulette has been one of our stalwarts, moving around the field much quicker than last year and clearing upfield as well. Paulette is our only female player, now, but able to deal with the boys and put them in their place. A respected and accepted team member.

GABRIEL SCHIMANSKI (Defender)

Effective and reliable, he has played well all season and has shut down many opposition forays.

SHANNON DEACON (Defender)

A first season player Shannon has enthusiasm and tenacity and completes our defensive trio which worked well all season. He is fast and does not give up easily. He has improved all the time.

PHILLIP KERR (Utility)

A late starter due to arriving in the district after the start of the season, Phillip has worked hard and fitted in well. He has ability to clefend or attack and scored a good goal against Taupiri (who were competition runners-up).

ANDREW WILLIAMSON (Winger)

A skilful player on his day, Andrew has the ability to move swiftly into attack and passes the ball well.

AARON WALLBANK, JONELLE ABBOTT & SAMUAL RAWIRI ...

... were part of the team during the year but had to stop playing for various reasons, but thanks are due to them for their considerable contributions.

JOE WRIGHT (Coach)

Joe has continued his full relationship with the team, a lot of whom were coached by him in 1982, and who have responded well to his undoubted talent as a teacher and motivator. Joe has the ability, with a few well-chosen words, to really get through to the team. Some of his halftime tune-ups have been classics and have turned a losing situation right around, and the advice from the sideline during games was succinct, to the point, and audible!

TERRY GOODALL (Coach)

New to the art of team, Terry has leaned a lot (and enjoyed the experience). Aside from forgetting to bring the ball to practice or being unable to find the venue of the game and driving around the Hamilton suburbs in a wild panic, it has been a reasonably trouble-free season!

It was a pleasure to coach a happy team that had good parental support right through the year at every game. With 14 players turning up for every match it meant that six had to have half a game each week. Every player willingly stood down when asked to. Probably, if I had kept the best players for every game, our win ratio would have been better, but every squad member has to start somewhere.

It is hard to single out any particular player when everyone has improved. However, the Trophy winners certainly deserved their awards.

From our first game when we arrived in Hamilton to find our opponents had one to Te Awamutu to play us, to the last game which was drawn, they were a cheerful, happy bunch of kids.

Mr & Mrs Stephens donated a small trophy to be presented to the Player of the Day each Saturday (recipient chosen by the parents). This seemed to give the players added incentive to play well.

1983 9th Grade B, Division 3

Chris Jamieson, Stewart Prendergast, Regan MacDonald, Reuben Barnes, Paul Matthews, (#6?), Carl Vickers, Damien McLeod (with Mascot), Steven West, Adam Dysart, Mark Kearney.

COACH:
Murray Jamieson

RICKY TAWHAI
Wanted to give football a go after a season or two at rugby league. Developed in skills and positional sense as the season progressed. A committed team member.

VAUGHAN DEGROEN
A very efficient tackler and defender both in defense and in midfield. A dependable player.

REGAN MACDONALD
Natural "lefty" with developing skills as a winger. Netted five times in his half-season before holidaying overseas, where he attended a five-day coaching clinic in Calgary (Canada).

ADAM DYSART
Striker who started the season in great form but had a bad spell near the end. Good ball skills and positional sense. Frequent scorer.

MARK KEARNEY
Enthusiastic player who shrunk from nobody. Set up counter-attacks through the halves.

CHRIS JAMIESON
Expended a lot of energy in supporting his team. Had started to develop positional sense as the season came to a close. A trier.

CARL VICKERS
A good striking boot, but often ran out of puff. Deadly when heading for goal, ball at foot!

CLINT RUSHBRIDGE
Throw-in and dribbling expert. A "thinker". Made a valuable contribution to the team.

DAVID McBETH
The fireball of the team. Was into everything and was the most effective player in the team. He was responsible for most counterattacks after robbing the opposition of the ball. Great mid-fielder.

REUBEN BARNES
A keen footballer. Defends well. Will get off his death-bed to play a game!!!

PAUL MATTHEWS
A goalkeeper of natural ability, discovered late in the season. Will develop into a keeper of high quality as he progresses through the Grades.

Regan MacDonald (grey top) with Darryl Wallace, coach at Calgary's 3rd Annual Boomin' Soccer Camp. Boys from 8 to 16, many of them rep' players, attended the five-day camp in Calgary (Canada) from July 18th to 23rd, 1983. With him in the photo is his Canadian cousin Keri Himmelreich.

SQUAD

Shane Elliot, Glen Howie, Joleen Cryer, Netta Pope, Hayden Porter, Melanie Derecourt, David Bernhart, Justin Connolly, Jamie O'Brien, Kylie Andrews, Karl Moran, Keith Donald.

SCORERS

Shane Elliot(2), Jamie O'Brian(4), Kylie Andrews(4).

This squad was made up of the youngest players in the Club of five and six-year-olds, all being new to football. We didn't have the success one would measure through wins but every game was a winner as far as enjoyment went. The parents gave 100% support.

Thanks to the efforts of Peter Bos, the team were given a set of smart shirts sponsored by M.L.C., which greatly enhanced the children's appearance.

SHANE ELLIOT

One of our goal-scorers. He began to develop into a quick, determined player, and was starting to watch for other team-mates towards the end of the season.

GLEN HOWIE

Played as goalkeeper and did very well in that area.

DAVID BERNHART

Played for half the season while he enjoyed it, but the weather conditions got the better of him.

JOLEEN CRYER

Enjoyed playing and was attacking well, but illness hampered her towards the end of the season.

NETTA POPE

Her size was against her, but she always kept up with the play.

MELANIE DERECOURT

Played three games at the beginning of the season but again the weather conditions were too much for her.

HAYDEN PORTER

Played well in both positions of defender and goalkeeper.

JUSTIN CONNOLLY

Developed positional sense at fullback and he enjoyed his games.

JAMIE O'BRIEN

A fast player with a lot of potential. Ran well up front.

KYLIE ANDREWS

Played as a forward and was amongst the goals. He also has the potential to be a good player.

KARL MORAN

A utility player (can play in any position). He was one of our youngest players, and towards the end of the season made a very promising goalkeeper.

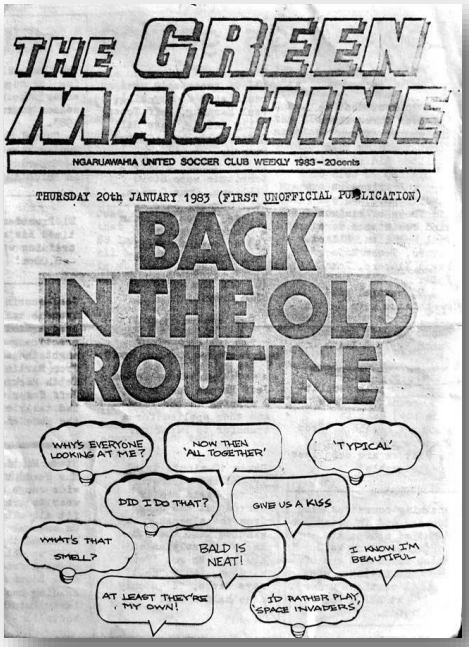

KEITH DONALD

Joined up towards the end of the season and enjoyed his games. We hope he returns next season.

COUNTDOWN

Well..... Here we are again folks. Another season in upon us with all its inherent excitement and heartaches and the to-be-expected disappointments. Not being able to participate in the collapsed Unicol 5-aside tournament, and with whisperings that Rotorua aren't too keen on our entry into their pre-season encounters, we have had to hunt out our own warmups in preparation for the "Big Three" – Country Foods Cup, Chatham Cup and League.

The 1983 Senior programme for the whole season is inside and you can enter on your calendars all those weekends that will ensure exciting football.

United could take the title

Welcome to the 1983 season...

I would like to take this opportunity to wish every player a very successful and injury-free year.

As I have mentioned many times before, it is important for players to set themselves goals for the coming season – to try to become a more effective player – to be honest with yourself and try to improve; and believe me, there are no perfect players! Above all, try and repeat what you did well last year but do it more often and gradually your imperfections will become less noticeable.

We all hear coaches talking about attitudes. Unfortunately that is something that cannot be bought or aquired overnight. To have the right attitude for competing in team games it is important that we do the simple things quickly and often; and most important is to encourage. To be an encourager is, to me, the most important aspect of team sports.

All of us need recognition from time to time, but you don't really make it to the top until you realise that you don't really need it! You can gain all your own recognition by encouraging other players.

We are very fortunate this season in that our successful squad of players from 1982 are still with us, with one exception in John Ackenhil. We wish him success this season, and I feel sure he will rejoin us next year in the 1st Div. To further strengthen the squad we have aquired Ian Pickerell who, I am sure, will be an outstanding asset to the Club, as will Steve Jenner, who signed the dotted line last week. And with John Stewart & Dave Lightle commencing light training, and "Poppa" returning to us, we can look forward to finishing top of the 2nd Div. It will not be easy, but I know we can do it.

The new lights at Horotiu will be operating shortly and we are hoping to improve the playing surface of our training ground.

It's very difficult making predictions when one has not seen most of the teams that we will be meeting. But for what it is worth...

Ngaruawahia-Affco for promotion with Mount Albert and Birkenhead pushing us, and Onehunga and Takanini the bottom two. Claudlands Rovers will finish about fourth with Huntly about 6th and Unicol 5th in the 3rd division and Otaki a winning promotion. Hamilton should finish 4th or 5th in the 1st Division and I predict that Hamilton will struggle to stay in the top half of the 4th Division.

...continued inside.

Final Whistle!

Tonight is the night for the lads to see out Jason Cargo's bachelorhood. This Saturday's marriage to Tereasa Russell must have been playing on his mind during the Huntly match as Jase wasn't his usual self – fancy missing from point blank range, lad!

SIZZLING STARTS..

The 4-0 win over Huntly Thistle on Saturday guaranteed us further rounds in the Country Foods Cup. Only one team is dropped in each section, and if we lose, even heavily, to Taupo, we will still stay in.

	P	W	D	L	F	A	Pts

TOO GOOD TO MISS!

The Miss Ngaruawahia 1983 contest is almost upon us with 12 hopefuls having entered. One of these is from the 1982 Ladies squad – Natalie Hinton. Wednesday March 30th at 7:30 is the date at Kimiora (Turangawaewae Marae) and Billy T. James is compere and entertainer. Tickets are on sale at the Ngaruawahia Credit Union on March 17th and 18th only and sell for $15 a head. The only other requirement needed to gain entry, apart from the ticket, is evening wear.

The competitors are (with sponsors):

Ann-Marie Brown (Waikato Watch Repair Centre)
Donna England (R.K.Johnson)
Sonya Raggie (Petticoat Lane Fashions)
Natalie Hinton (McNamara's Pharmacy)
Shirley King (Ngaruawahia Thai Association)

A.F.F.C.O. AND THISTLE MOVE THROUGH PRELIMINARY ROUNDS

Ngaruawahia-Affco United and Huntly Thistle moved through the preliminary rounds of the Annual Cambridge Soccer Tournament on the weekend, and will play out the final chapters this Sunday, also at Cambridge.

Huntly moved through their section against Waiuku Steel (2-2), Hamilton Wanderers (1-0) and Waikato Unicol (2-2) to edge out Unicol on the "goals for" rule.

Huntly now meets Mount Maunganui in the first of the quarter finals at 10am.

Ngaruawahia-Affco United moved through in their section at the expense of Onehunga-Mangere (1-0), Claudlands Rovers (4-0) and Hamilton City (0-0), edging out Hamilton with a superior goal difference.

Ngaruawahia meet playing-coach Graeme Rea and his team Ellerslie at 10am on Sunday in their quarter-final.

Other Quarter-finalists are Blockhouse Bay v Otaika & Rotorua City v Te Awamutu Rovers.

A goal in the second minute was conceded Ngaruawahia hitting the upright with a Reyes drive and the keeper smothering a Toner flick-shot.

It was the diminutive Keith Mackrell who rounded the keeper and was then misled to give Narra an early lead.

It was another 15 minutes before Barclay McGhie rose above the defence and nod home a Nelson Grandonna cross to double Narra's lead and away from there to give Narra a 3-0 advantage at the turn.

Another Nelson corner in the second half saw McGhie repeat his first half goal at the other end for a 4-0 win.

Ngaruawahia v Onehunga-Mangere

This was one for the books when Keith Mackrell outjumped the defense to nod home a Nacho Reyes corner in the 15th minute.

Shortly later Onehunga nearly shattered the hall, deflected by any of the three officials controlling the goal difference.

Ngaruawahia meet playing-coach Graeme Rea and his team Ellerslie at 10am on Sunday in their quarter-final.

Other Quarter-finalists are Blockhouse Bay v Otaika & Rotorua City v Te Awamutu

Ngaruawahia v Hamilton Rovers

A goal in the second minute was conceded Ngaruawahia hitting the upright with a Reyes drive and the keeper smothering a Toner flick-shot

and Onehunga Manager 1-0 and had to defeat Ngaruawahia Green Machine on the next home.

Both teams fought it out in midfield with some good turnaround bouncing with ex-Ngaruawahia player John McDermid.

Neither team could break through their opponents defenses until Keith Mackrell beat the keeper Merchant to a long ball and slid across the goal for Toner, who was just two strides too far away to knock it in.

John Mohn received treatment for a cut above the eye when he tripped and struck the playing surface.

Star defender for Narra, Dick Pierse, was stretchered off the field in the 80-90 ball stakes and had to be ambulanced away.

Hamilton did set the ball but had it disallowed for high kicking (which opened up Mohn's eye again).

Elliot Carlton came on for the last 4 minutes, acquitting himself well.

Hamilton were unable to pierce Jim Barry's defense further and bowed out of the tournament.

Tournament Upsets

Te Awamutu of the Waikato, 1st Division were not overawed by the big Northern League names and ran through their unbeaten record, pushing aside 4th Division Cambridge 3-2.

Auckland 3rd Division, Onehunga-Mangere No. 2 3-1, and 2nd Division Mount Albert-Ponsonby 6-0.

Mount Maunganui of the Northern League 3rd Division pushed aside Auckland University (1st Div) 1-0 on their way to a section win without conceding a goal.

OUR BIG TEST

THIS EASTER WEEKEND IS IT!!! WE ENTER, FOR THE FIRST TIME AS NGARUAWAHIA-AFFCO UNITED, THE NORTHERN LEAGUE 2nd DIVISION COMPETITION AS WE TRAVEL AWAY TO PAKURANGA TOWN ON SATURDAY. THIS IS TO BE FOLLOWED 48 HOURS LATER BY A BRIEF RETURN INTO THE 1st DIVISION WHEN WE ARE HOSTS TO ELLERSLIE IN THE FIRST ROUND PROPER OF THE COUNTRY FOODS CUP.

The Saturday game is at Riverhills Park but I presume in Somerset Drive, Pakuranga. Our opponents play in white shirts with orange socks and orange shorts. They have shown consistency over the past 12 years winning the 4th Division in 1974 dropping only one match point during the season, and then the following year (1975) they won the 3rd Division with 16 wins and 2 draws in their 18 games scoring 71 goals with 8 against! Since 1976 their positions in the 2nd Division have been 3rd, 3rd, 5th, 8th, 6th, 9th & 8th.

Monday's encounter at home to Ellerslie will also be a match worth visiting. The year that Ngaruawahia-United was founded (1969), Ellerslie were holding 4th spot in the 1st Division! In 1977 when Affco Rangers and Ngaruawahia merged Ellerslie won the 2nd Division after an five-year stay down there. We all remember 1980 when we won the 4th Div., our guests lay 3rd in the 1st, and last season they missed narrowly gaining admission to the National League! We certainly have opponents worthy of their hire, and we are out to prove that we are certainly no push-over!

SWITCH

The local High School is running a rugby teams this year, and because of the increase in numbers, have converted the soccer field to another rugby pitch. Our Club supports 17 teams on two grounds each Saturday!

WHO DARES WINS

NGARUAWAHIA HAD THE HONOUR OF BEING DRAWN AGAINST GIANTS ELLERSLIE IN THE FIRST ROUND OF THE COUNTRY FOODS CUP AND CAME OUT TRUMPS! It is interesting reading the three newspaper interpretations of the match. The Herald barely gives us space (still headlining Ellerslie), the Times is somewhat more lavish, and the Huntly Press says it like it is!!! All clippings are inside. The lads could have sat on their 1-0 lead, but that would have been suicidal and they did the right thing – played aggressive football and attacked right to the final whistle. Don't worry Dave, the lads have not peaked. They have just begun to show their worth, and if they deliver on their potential this season there will be some very excited supporters and opponents around!!!

STICK WITH US!

The character of the Ngaruawahia Green Machine came through clearly on Saturday when they found themselves with their backs to the wall. Normally we wait until we are a goal down before showing our steel, but the removal of Nacho on Saturday really put the pressure on the remaining ten and they came through with the goods.

All Club teams not under way this weekend with games for everyone from the 7th Grade upward. So there will be plenty of spectatorship for Ngaruawahia to handle and once again we will see parents frustrating up and down the sideline with pearls of wisdom for their children on the pitch!

Ngaruawahia High School pupils take Top Team Prize

To raise funds for the Cancer Appeal a Top Teams Tournament was held at Parrett Stadium last Sunday, organised by Frankton – Te Rapa Jaycees.

A team of pupils and ex-pupils of Ngaruawahia High School – [illegible] to compete the day.

GOLDEN OLDIES

2nd Division v Marist @ Marist

Thirteen men, good and true, battled it out against Marist to be defeated by soft goals in each half 0-2.

Marist netted early when Sandy failed to connect with a clearing punch, and the ball glanced off a Marist head to bounce gingerly over the line. An own goal in the second spell came when Narra attempted to clear a corner, and the ball cannoned off a defender into the net.

"Tom" was awarded Man of the Match (for sitting on the keeper while others blazed away over the bar). All the lads tried hard but could not match the better touches that their opponents produced.

JOHN McDERMID, Ngaruawahia-Affco United and Waikato.

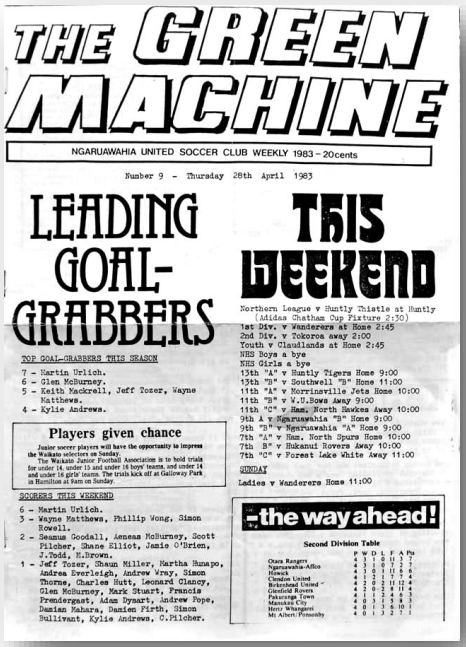

JOHN McSPORRAN

John McDermid made a full 24 appearances for the Green Machine last season playing all but three games at left half and scoring five times.

He has worn the New Zealand colours four times (twice as substitute) on the 1979 world tour, playing against Cadiz Ys 3C and Ipswich Town and being sub for the team against the Irish FA XI and Dundee FC.

Ngaruawahia welcome him back into the Club after his brief absence and hope he can stand up to the ribbing he's going to get!!!

NO GIMMICKS

NGARUAWAHIA v HUNTLY THISTLE - CHATHAM CUP KNOCKOUT - HUNTLY DOMAIN 2:30pm

Three missed chances in three minutes decided the pattern of this Chatham Cup match against Thistle, as both teams wasted chances. In the 4th minute Narra went ahead when a long throw by Jeff Tozer bobbled about in the Huntly goalmouth before Steve Williams stabbed it home with his left foot, no less!

The game then developed into a kick and rush affair with both sides making breaks but being unable to capitilize on them. The Green Machine held more of the advantage , mostly in mid-field where the older heads took control from the spirited youngsters of Huntly.

One nil at the break, then history repeated itself five minutes after the restart. Last season, at the same end, with the same two players involved, Dickie Plume climbed over Jeff Flowerday for a header. In the ensuing penalty Flowerday blasted the ball through the space Jim Barry had just vacated - and it was 1-1.

Then play became more desperate, both looking for a winner. Narra applied more pressure and Huntly were blowing hard, and in the dying seconds of the game John McSporran glided through a posse of players to head home the winner.

The referee had good control throughout and must be regarded as one of Waikato's better controllers as the free kick count was only 17-14 to Narra with corners going our way 9-3. To the chagrin of the players and delight of Glen Gray, Player of the Day was awarded to the Administrators. The bottle of rum lasted about 40 minutes.

The game was typically rugged encounter which, theoretically at least, the Green Machine should have won comfortably, but made very hard work of instead.

GOOD NEWS!

GRAEME signs on!

Speculation is running rife about the reason(s) why Graeme Fleming made the shift to the Green Machine late last week. Was it the football? Was it the Ngaruawahia Club spirit? Was it the new travelling uniform? Was it the chance to play in a winning team? "Yup!" said Graeme, "I heard that John McDermid had started to pay for the drinks!"

BIG BLOW FOR HAMILTON IF FLEMING SIGNS OFF

Hamilton Zeles captain Graeme Fleming may have signed off at Mair Park during Saturday's 1-1 Country Foods secret league first division draw with East Coast Bays.

Indications from within the club are that Fleming will be a new Ngaruawahia-AFFCO United within the next week.

The planned move would end a three year reign of brilliance by the Scots-born right wing which made him the logical choice for captain with the defection of mid-fielder John McDermid to Ngaruawahia earlier this season.

And it could signal hard times ahead for a Hamilton side which has relied heavily as a constant stream of reinforcements from the pacy winger in past seasons.

Two goals in the space of eight minutes, the second from an opening by Grant Carlson, formerly with fourth division Hamilton Wanderers, was on hand to put the final nail into Glenfield's coffin.

Ngaruawahia and co-leaders Otara Rangers and Howick unbeaten at 2nd had one outstanding game to clear out at the head of the second division table.

Otara beat Pakuranga Town 1-0 and Howick thrashed Manukau City 4-0 as the three poured challengers all suffered losses.

DAVID BRIAN ROBSON BLACKEI known as DB the Diptick Basher or Abdul the Bull-Bull.

A shy fellow who, when asked his age, modestly said he was born in the 19th Century, which we all know is eighteen hundred and something! That puts him in the Octogenerian age group!

Height 5' 10". Weight 1 tonne 5cwt 13lbs 4oz without his pants (a general state of affairs with Dave).

Played soccer since schooldays, apart from one season as a Senior A rugby player, which he soon gave up when the opposing players used him as an air cushion in the scrum.

Born in Warkworth, that little-known hamlet north of the South Island and south of Afganistan, where the major sporting event of the year is the Greasy Pig Catching Competition of which DB is the star attraction! You've guessed it! He hates grease!

Dave has a chequered football career playing for North Shore and Takapuna when they were Northern League winners. Captained Northland for two years when they were the only team to draw with Auckland (the other teams all beat Auckland). Seven years with Whangarei before moving to Wanderers, then Narra, back to Wanderers, and finally common sense prevailed and he's back with the Green Machine this year.

Dave has already made his mark at Narra, winning the Golden Blanket Trophy as Horizontal Champ with the monumental snore!

He was asked to leave Warkworth because of this as he was interfering with the space tracking station radar. They thought Haleys Comet was passing by every night!

DB's main likes are blondes, brunettes, redheads, greyhairs or multicoloureds, but not necessarily in that order. Main dislikes are losing or drawing, John McSporran, all Scots, and referees on Thursday nights (and that is definitely in that order!!!).

shock!

When we were told that heads would roll after our 1-2 loss to Birkenhead we didn't think the comment was serious until the above articles were found hanging in the showers after the game on Saturday! They have yet to be identified and returned to their owners. If any reader can help with the identifications please see Roy Aberhart as soon as possible. It is suspected that they may be members of the Northern League or the Youth Squad, but as yet both Coaches do not claim to have "lost" any of their players. Enquiries are continuing.

13th A v Southwell B (7-0)

GREEN MACHINE - LOOK OUT !!
In the depths of the Junior Grades lies a mini Green Machine, coached and trained in like manner to the high-flying Northern League side. They are showing the Club that scoring goals is very important (10 goals in the last two games).

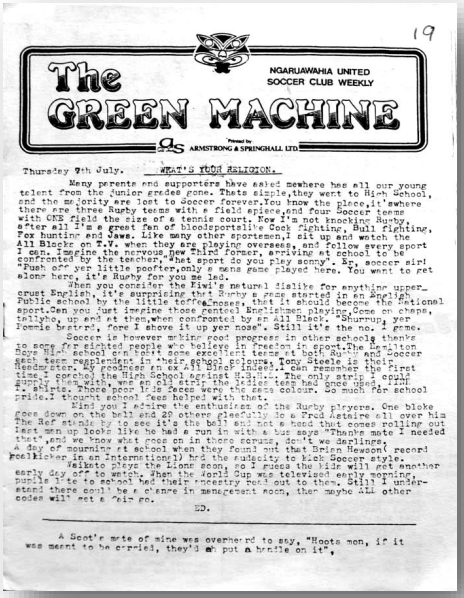

With Coach Dave Blacket informing the team that he wanted six in the net by halftime, the squad went out and accomplished that within 25 minutes!

Having achieved this first goal their next half consisted of keeping their composition, settling down to score another, and keeping a clean defensive sheet.

The scorers Brian Cathro(3) and Callum McBurney(4) are a credit to their coach and management who have stressed all season that the only way to score is to take every available shot. Player of the Day was Robert McLean who had a sound game at centre-back (Look out Barclay McGhie!).

Vanessa Head is back in goal without missing a match following her ankle injury and worked well with Darryl Vickers, Stephen Puncheon and McLean. Rebecca Patterson, Michael Mercep and Tony Cookston make a formidable mid-field combination while Robert Jeffcote, Andrew Wray, Brian Cathro and Callum McBurney provide strong front-running. Iawa White is seen as having a future in the Northern League as he ages, as Evan Smith, Stewart Inglis and Devina Everleigh compliment a great squad.

Thursday 7th July. WHAT'S YOUR RELIGION.

Many parents and supporters have asked members how all our young talent from the Junior grades gone. Thats simple,they went to High School, and the majority are lost to Soccer forever.You know the place,it'swhere there are three Rugby teams with a field apiece,and four Soccer teams with CUB field the size of a tennis court. Now I'm not knocking Rugby after all I'm a great fan of bloodsportslike Cock fighting, Bull fighting, Fox hunting and Saws. Like many other sportsmen,I sit up and watch the All Blacks on T.V. when they are playing overseas, and fellow every sport I can. Imagine the nervous new Third former, arriving at school to be confronted by the teacher,"What sport do you play sonny". Reply soccer sir! "Fush off yer little poofter,only a sens game played here. You want to get along here, it's Rugby for you me lad.

Then you consider the Kiwi's natural dislike for anything upper-crust English, it's surprising that Rugby a game started in an English Public school by the little terrors,(Yeaes), that it should become the National sport.Can you just imagine those genteel Englishmen playing,Come on chaps, tackle those ankles and get in there when confronted by an All Black,"Shurrup yer Pommie bastard, Core I shove it up yer nose". Still it's the no. 1 game.

Soccer is however making good progress in other schools thanks to some far sighted people who believe in freedom in sport.The Hamilton Boys High school are first some excellent teams at both Rugby and Soccer and teams of the Tom Pearce Memorial Shield in Palmerston Headmaster. My readiness in exhibiting my own ignorance I can remember the first time I got to an International,I had the audacity to ask George Hunt, a rugby man with one an old string,the Soccer had just ended, "Who won Jock, it's so hard to tell with you guys with your jerseys colour. So much for school pride.I thought school fees helped with that.

Kind you I admire the enthusiasm of the Rugby players. One bloke goes down on the ball and 20 others gleefully do a Trot admire all over his The Ref stands by to see it's the ball and not a head that comes rolling out last man up looks like he had a run in with a bus says "Thanks mate I needed that",and we know what goes on in there scrums, don't we darlings. A day of mourning at school when they found out that Brian Newsom(record holder in 40 Internationals) had the audacity to kick Georgie Nicholls.

Waikato plays the Lions soon, so I guess the kids will get another early day off to watch. Then the World Cup was televised early morning, purils late to school "and their excuse went out the window. Still I understand there could be a change in management soon, then maybe ALL other codes will get a fair go.

ED.

A Scot's mate of mine was overheard to say, "Hoots mon, if it was meant to be carried, they'd ha put a handle on it".

NIGHTMARE

Ian Ronald (not MacDonald)
Pretswell. Born of all
places in Sydney, Australia.
Age...26 going on 50...
Height...6 foot 4 inches...
Now shrunk to 5 foot 7 inches.
His pet kangaroo landed on
him once.
Weight....11 stone in his boots
Like McSporran mother I'm
writing this slowly cause
Pretswell cant read fast.

His strenght is'nt the
best either. Thats why he
was called Fractured Fender.
Of Scottish extraction. Fretz
is a staunch soccer man, and
like all scots started young
kicking a haggis about. Known
as the Kenny Dalglieshi of the
kindergarten, mind you his
legs leave a lot to be desired.
I've seen better on a table and
a kilt is something he just
can't wear.

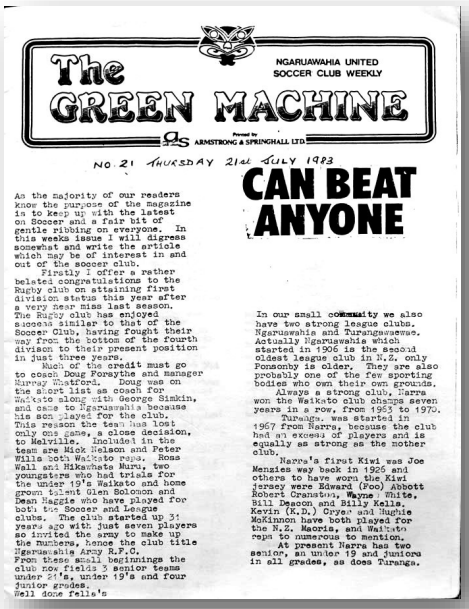

Played school boy soccer
in Aussie, came to N.Z. in
1966 on a surfboard from Bondi
Beach. Played for Rovers
and Wanderers earning Player
of the year at both. Joined
the GREEN MACHINE this year as
a midfielder along with McSporran.

Has a regular contest
each game to see who can chatter
the most. A regular pair of
thunder jaws, able to kick with
both feet not always one at a
time. Also a competent header
of the ball when he can see it.

A painter in his spare time
Fretz is the Michelangelo of the
midfield.

McSporran is spoiling his
image he actually bought
another beer for someone
last week. Eddie Callaghan

CAN BEAT ANYONE

As the majority of our readers know the purpose of the magazine is to keep up with the latest on Soccer and a fair bit of gentle ribbing on everyone. In this weeks issue I will digress somewhat and write the article which may be of interest in and out of the soccer club.

Firstly I offer a rather belated congratulations to the Rugby club on attaining first division status this year after a very near miss last season. The Rugby club has enjoyed success similar to that of the Soccer Club, having fought their way from the bottom of the fourth division to their present position in just three years.

Much of the credit must go to coach Doug Forsythe and manager Murray Watford. Doug was on the short list as coach for Waikato along with George Simkin, and came to Ngaruawahia because his son played for the club. This reason the team has lost only one game, a close decision, to Melville. Included in the team are Nick Nelson and Peter Wills both Waikato reps. Ross Wall and Hikawhata Muru, two youngsters who had trials for the under 19's Waikato and home grown talent Glen Solomon and Dean Maggie who have played for both the Soccer and League clubs. The club started up 31 years ago with just seven players so invited the army to make up the numbers, hence the club title Ngaruawahia Army R.F.C. From these small beginnings the club now fields 3 senior teams under 21's, under 19's and four junior grades.
Well done fella's

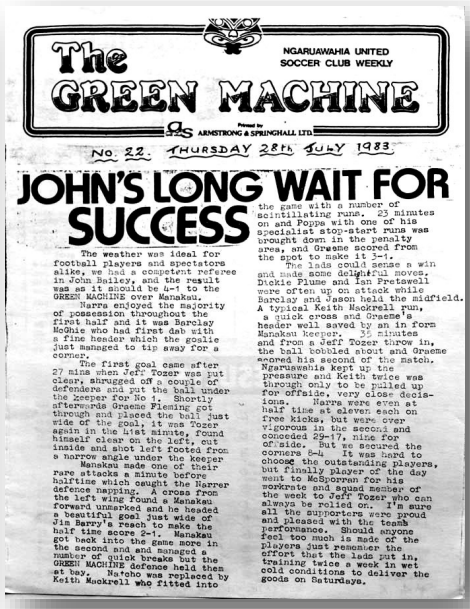

In our small community we also have two strong league clubs. Ngaruawahia and Taruangawahine. Actually Ngaruawahia which started in 1906 is the second oldest league club in N.Z. only Ponsonby is older. They are also probably one of the few sporting bodies who own their own grounds.

Always a strong club, Narra won the Waikato club champs seven years in a row, from 1953 to 1970. Turanga, was started in 1967 from Narra, because the club had an excess of players and is equally as strong as the mother club.

Narra's first Kiwi was Joe Menzies way back in 1926 and others to have worn the Kiwi jersey were Edward (Poe) Abbott Robert Cranston, Wayne White, Bill Deacon and Billy Kells. Kevin (K.D.) Orsey and Hughie McKinnon have both played for the N.Z. Maoris, and Waikato reps to numerous to mention.

At present Narra has two senior, an under 19 and juniors in all grades, as does Turanga.

JOHN'S LONG WAIT FOR SUCCESS

The weather was ideal for football players and spectators alike, we had a competent referee in John Bailey, and the result was as it should be 4-1 to the GREEN MACHINE over Manakau.

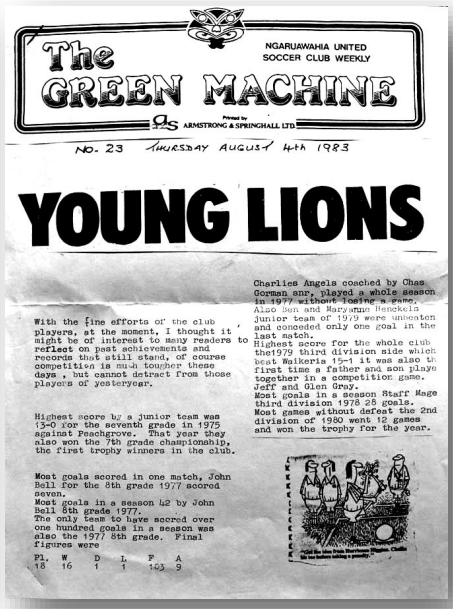

Narra enjoyed the majority of possession throughout the first half and it was Barclay McGhie who had first dab with a fine header which the goalie just managed to tip away for a corner.

The first goal came after 27 mins when Jeff Tozer was put clear, shrugged off a couple of defenders and put the ball under the keeper for No 1. Shortly afterwards Graeme Fleming got through and played the ball just wide of the goal, it was Tozer again in the last minute, found himself clear on the left, cut inside and shot left footed from a narrow angle under the keeper

Manakau made one of their rare attacks a minute before halftime which caught the Narrer defence napping. A cross from the left wing found a Manakau forward unmarked and he headed a beautiful goal just wide of Jim Barry's reach to make the half time score 2-1. Manakau got back into the game more in the second and and managed a number of quick breaks but the GREEN MACHINE defence held them at bay. Natcho was replaced by Keith Mackrell who fitted into the game with a number of scintillating runs. 23 minutes on and Poppa with one of his specialist stop-start runs was brought down in the penalty area, and Graeme scored from the spot to make it 3-1.

The lads could sense a win and made some delightful moves. Dickie Plume and Ian Pretswell were often up on attack while Barclay and Jason held the midfield. A typical Keith Mackrell run, a quick cross and Graeme's header well saved by an in form Manakau keeper. 35 minutes and from a Jeff Tozer throw in, the ball bobbled about and Graeme scored his second of the match. Ngaruawahia kept up the pressure and Keith twice was through only to be pulled up for offside, very close decisions. Narra were often at half time at eleven each on corners 8-4 It was hard to choose the outstanding players, but finally player of the day went to McSporran for his workrate and squad member of the week to Jeff Tozer who can always be relied on. I'm sure all the supporters were proud and pleased with the teams performance. Should anyone feel too much is made of the players just remember the effort that the lads put in, training twice a week in wet cold conditions to deliver the goods on Saturdays.

YOUNG LIONS

With the fine efforts of the club players, at the moment, I thought it might be of interest to many readers to reflect on past achievements and records that still stand, of course competition is much tougher these days, but cannot detract from those players of yesteryear.

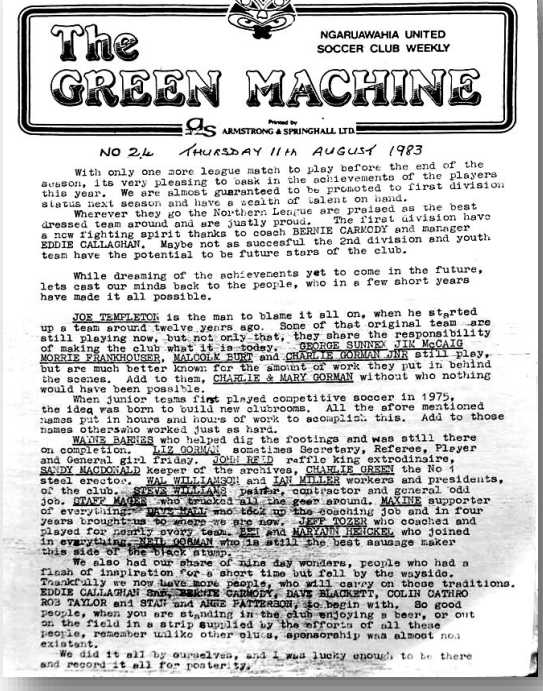

Highest score by a junior team was 13-0 for the seventh grade in 1975 against Peachgrove. That year they also won the 7th grade championship, the first trophy winners in the club.

Most goals scored in one match, John Bell for the 8th grade 1977 scored seven.
Most goals in a season 42 by John Bell 8th grade 1977.
The only team to have scored over one hundred goals in a season was also the 1977 8th grade. Final figures were

Pl.	W	D	L	F	A
18	16	1	1	103	9

Charlies Angels coached by Chas Gorman and played a whole season in 1977 without losing a game. Also Ben and Maryann Henckels junior team of 1978 were unbeaten and conceded only one goal in the last match.
Highest score for the whole club the1979 third division side which beat Waikeria 15-1 it was also the first time a father and son played together in a competition game. Jeff and Glen Gray.
Most goals in a season Staff Mage third division 1978 28 goals.
Most games without defeat the 2nd division of 1980 went 12 games and won the trophy for the year.

With only one more league match to play before the end of the season, its very pleasing to bask in the achievements of the players this year. We are almost guaranteed to be promoted to first division status next season and have a realm of talent on hand.

Wherever they go the Northern League are praised as the best dressed team around and are justly proud. The first division have a new fighting spirit thanks to coach BERNIE CARNODY and manager EDDIE CALLAGHAN. Maybe not as successful the 2nd division and youth team have the potential to be future stars of the club.

While dressing of the achievements yet to come in the future, lets cast our minds back to the people, who in a few short years have made it all possible.

JOE TEMPLETON is the man to blame it all on, when he started up a team around twelve years ago. Some of that original team are still playing now, but not only that, they share the responsibility of making the club what it is today. GEORGE SUNNEX JIM McCAIG MORRIE FRANKHOUSER, MALCOLM BURT and CHARLIE GORMAN ARE still play, but are also better known for the amount of work they put in behind the scenes. Add to them, CHARLIE & MARY GORMAN without who nothing would have been possible.

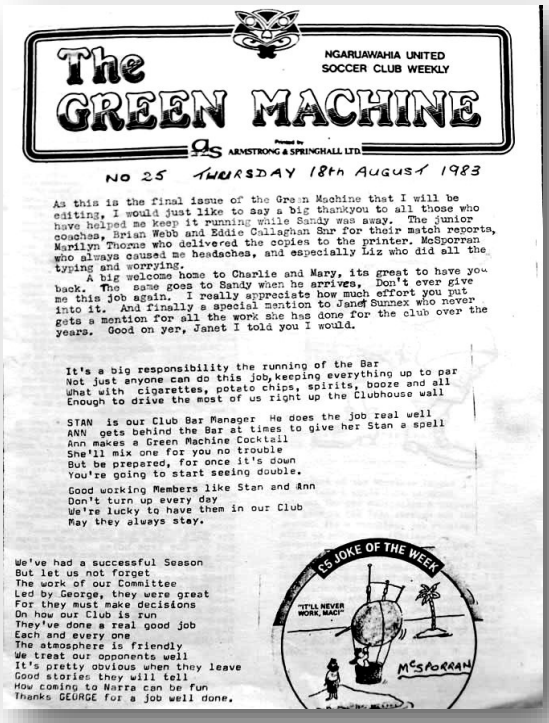

When junior teams first played competitive soccer in 1975, the idea was born to build new clubrooms. All the afore mentioned names put in hours and hours of work to acomplish this. Add to those names otherswho worked just as hard.

WAYNE BARNES who helped dig the footings and was still there on completion. LIZ GORMAN, sometimes Secretary, Referee, Player and General girl friday. JOHN REID raffle king extrodinaire, SANDY MACDONALD keeper of the archives, CHARLIE GREEN the No 1 steel erector, HAL WILLIAMSON and IAN MILLER workers and presidents, of the club. STEVE WILLIAMS painter, contractor and general odd job. STAFF MAGE who knocked all the grass around. MAXINE supporter of everything. DAVE HALL who took up the coaching job and in four years brought us to where we are now. JEFF TOZER who coaches and played for nearly every team. BEN and MARYANN HENCKEL who joined in everything. NEIL GORMAN who is still the best sausage maker this side of the black stump.

We also had our share of nine day wonders, people who had a flash of inspiration for a short time but fell by the wayside. Thankfully we now have more people, who will carry on these traditions. EDDIE CALLAGHAN SNR, BRIGHTE CARMODY, DAVE BLACKETT, COLIN CATHRO ROB TAYLOR and STAN and ANNE PATTERSON, to begin with. So good people, when you are standing in the club enjoying a beer, or out on the field in a strip supplied by the efforts of all these people, remember unlike other clubs, sponsorship was almost non existant.

We did it all by ourselves, and I was lucky enough to be there and record it all for posterity.

As this is the final issue of the Green Machine that I will be editing, I would just like to say a big thankyou to all those who have helped me keep it running while Sandy was away. The junior coaches, Brian Webb and Eddie Callaghan Snr for their match reports, Marilyn Thomas who delivered the copies to the printer. McSporran who always caused me headaches, and especially Liz who did all the typing and worrying.

A big welcome home to Charlie and Mary, its great to have you back. The same goes to Sandy when he arrives. Don't ever give me this job again. I really appreciate how much effort you put into it. And finally a special mention to Janet Sunnex who never gets a mention for all the work she has done for the club over the years. Good on yer, Janet I told you I would.

It's a big responsibility the running of the Bar
Not just anyone can do this job,keeping everything up to par
What with cigarettes, potato chips, spirits, booze and all
Enough to drive the most of us right up the Clubhouse wall

STAN is our Club Bar Manager He does the job real well
ANN gets behind the Bar at times to give her Stan a spell
And makes a Green Machine Cocktail
She'll mix one for you no trouble
But be prepared, for once it's down
You're going to start seeing double.

Good working Members like Stan and Ann
Don't turn up every day
We're lucky to have them in our Club
May they always stay.

We've had a successful Season
But let us not forget
The work of our Committee
Led by George, they were great
For they must make decisions
On how our Club is run
They've done a real good job
Each and every one
The atmosphere is friendly
We treat our opponents well
It's pretty obvious when they leave
Good stories they will tell
How coming to Narra can be fun
Thanks GEORGE for a job well done.

11th Grade Tournament - 1984

Marist White had defeated Vardon Gold in the preliminary round of the tournament before meeting us, the "B" squad.

The lads played well. Darryl Donald covered his goal efficiently (although not having much to do). Kevin Holmes played a defender/ midfield role perfectly to set up good forays.

Our only goal came in the first spell when Shane Sayers streaked down the right and centred for Graham Pilkington. Graham stepped over the ball letting it run to Andrew Pope who calmly side-footed the ball home.

We were through a number of times in the second half with plenty of support. A final pass could have created an open goal but it was not needed. Kevin Holmes blasted one shot at a stunned keeper who had to take a deep breath or two to get restarted. The 1-0 result sent us into the second round.

Here we run up against a team, Hillcrest Lions, who had played six divisions higher and were six inches taller!

Our lads were intimidated by the size of these 11-year-olds and the matter was not helped by lack-lustre refereeing (at one stage the referee was seen chatting with another official as the game progressed).

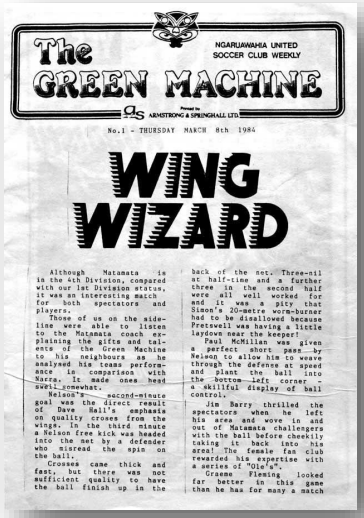

We failed to mark a Lions striker and, with no off-side rule, he ran away for an easy goal. Their second came as a solo effort from half-way. The referee ignored a blatant push by the striker on Graham Pilkington before making the shot!

During the match one of the junior Ngaruawahia spectators intercepted a ball in the penalty area, picked it up and tossed it to our keeper. The spectators were hostile and a drop ball had to be awarded two meters out from the post for play interference. The spectator was completely unflustered!

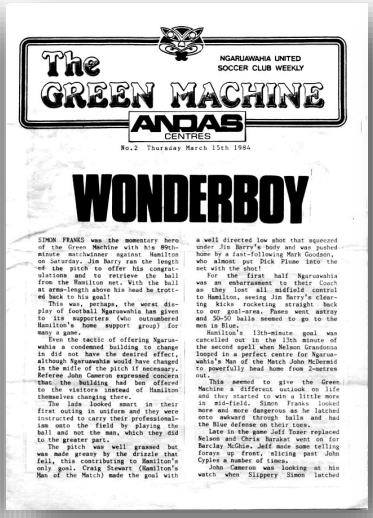

After the match the opposing coach cheekily congratulated our boys for keeping them down to two goals!

This put the "B" squad out of the competition but they enjoyed their outing, including some energy-sapping running about between matches, and they wondered why they were tired in the second game!

WHAT A CARRY-ON
- Division 4C -

14-3 !!!

A most unusual game! In the first half Hamilton Boys High School seemed to be mesmerised and Ngaruawahia scored almost at will. The only time Harra relaxed Boys High scored when a mis-understanding occurred between goalie and defender.

The interval score was 11-1 to Harra.

At the start of the second spell euphoria and apathy effected us and we allowed a resurrected opposition to score twice in three minutes; but then we then settled down again and netted three more.

Harra's came from Nigel Thorne(3), Brian Cathro(1) and Robert McLean(1). Player of the Day Blair Aberhart grabbed 9 (? in the first half).

This obviously was a good team effort with good play and constructive passing all the way for the strikers.

The team comprised Schimanski, Cathro (Capt), Jeffcoate, McMurray, McLean, Aberhart, Jeffcote, Inglis, G.Litchwark, Cocup, Todd and Hinton.

"WE ARE STILL AT THE TOP"

- Social Soccer -
Third Division

Ngaruawahia High squad ensured the... place at the top for another week with a 3-2 last-gasp win over Lands & Survey on Sunday.

Ahead 2-0 at the change, Lands & Survey took the game to High and Netted two late goals. The winner from Ngaruawahia came right on full-time when David struck a beautiful lobbed goal into the top left corner from 30m out.

"I was very impressed with the team, especially in the first half" said erstwhile supporter Lorrainie Middleton.

"In particular the opening goal from that tall midfielder, I think his name is Tony."

Tony Hufford looked like a typical Ngaruawahia striker, fashioned after the mode of Jeff Wilson, but he got the scoresheet with a dynamic drive that left me breathless."

Ngaruawahia had to face right into the setting sun in the second half and had difficulty seeing the goal. Some of the players had difficulty seeing the goal even when the sun didn't interfere!!!

This weekend's game is at Centennial Park, Ngaruawahia (Sunday) at 1:00 against Waivilie NTC.

What legends are made of

2nd Division

If you haven't heard by now that the third team had their second victory this month (June) then you must have been out of the country!

Yes, to pick up FOUR points within three games is not to be sneezed at! The lackless opponent happened to be Marist (who also play in an all-green strip) forcing Harra to play in that "bogey" white strip. Well, it certainly has not been a bogey strip for the Thirds.

Spencer Franks, at the request of Dave Ball, was given a run in goal for match experience. Regular keeper Sandy MacDonald joined the substitutes (along with Kevin Dooley) and they both watched as their team-mates put away some spectacular goals.

Marist went ahead first when a cut-back ball was firmly struck past Spencer from 10m out. Shane Whatford equalised when he drove the ball low and hard for the Marist keeper to parry but not keep out.

Shortly after Owen Allison drove in two superb goals from out on the right wing, over the keeper, and into the far side netting!

Marist failed one back when a Harra goal-kick was headed back by Marist to the through-ball slammed home.

The defense of Burt, Howard, Gray and Miller played tightly and purged long clearances up for Allison, Whatford and Hooker.

In the second spell Sandy came on for David Groves on the left wing. His first touch of the ball was just over the crossbar when he latched onto an Allison cross.

Marist failed to get back when a Harra goal-kick was headed back by Marist and

Tongan National Team plays Ngaruawahia United

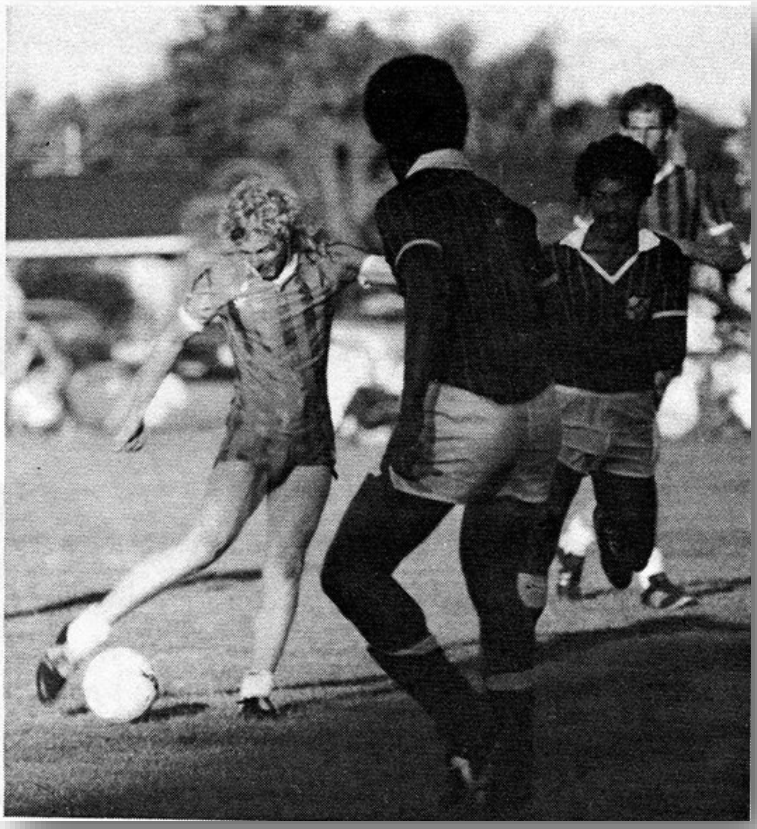

On December 12th 1985 the Club met the Tongan National Soccer Team on Centennial Park. A big day was made of the event with several guest players invited to appear for Ngaruawahia.

The match kicked off at 6pm and an entertaining spectacle ensued. John McDermid opened the scoring to put Narra ahead but Tonga equalised just before half time with an excellent angled shot from outside the area. Barclay McGhie netted the winner for Narra in the second half, 2-1.

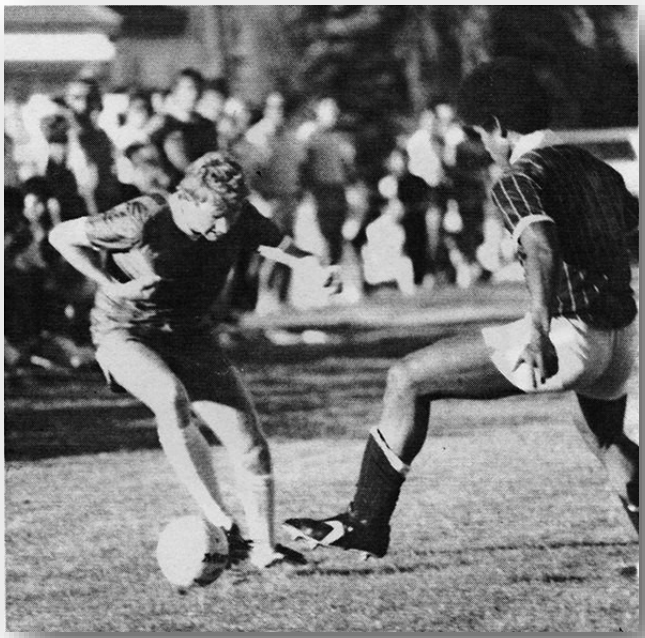

The Tongan Squad was drawn from:

- Uame Toluta'u,
- Soane Onesi,
- S Pouli Hingano,
- M Flalatanu,
- Tevita Manu,
- Suliani Papani,
- Molitoni Finau,
- Lono Ongosia,
- Tupou Vaka,
- Semisi Nunu (Captain),
- Ma'afu Taufalele,
- Kei Ti Nau,
- Pala'a Mausia,
- Siaosi Tufui,
- Fehoko Manu,
- Pita S Tengange,
- S Piukala Savieti,
- Kaiasi Holani
- Sioeli Savieti.

The squad was managed by T Unga Tuitavake and coached by Tongia Tupou. The Tongan King's representative A Halatijituia travelled with the side as did Digger Douglas, their liason officer.

SOCCER GREATS

At the Waikato Secondary School's track and field championships that were held at Porrit Stadium a short time ago, several of our local soccer players did quite well.

STEPHEN KAHUI jumped 5.49m to win the Junior Boys Long Jump ahead of Tauranga and Tokoroa contestants.

FIONA established a new Waikato discus record in the Senior Girls competition with a throw of 38.38m and added to that with a second place in the shotput. Fiona Bennett will be playing this year for the High School Girls Team along with Javelin placegetter VANESSA HEAD. Vanessa was placed second in the Int. Girls grade with a throw of 29.82m.

NEW LOOK

1985 COMMITTEE

The following were elected to govern the Club by the membership.

CHARLES GORMAN (President)
ANNE PATTERSON (Vice President)
GEORGE SUNNEX (Club Captain)
ELIZABETH GORMAN (Secretary)
LLOYD TRESIDDER (Junior Rep.)
STAN PATTERSON (Bar Manager)
MALCOLM BURT (Grounds)
STEVE WILLIAMS
IAN DOUGLAS (Building)
VALERIE GRAHAM (Social)
MAXINE WILLIAMS
SANDY MACDONALD (Junior Pres.)
DAVID HALL (N.L.C.coach)
EDDIE CALLAGHAN (Manager 2nd
GEORGE WHATFORD (Manager 3rd)

(Each senior team may be represented by the manager or coach. Any Club member may attend the Committee Meetings held on the second Tuesday of each month, but do not have voting rights).

SUBSCRIPTIONS

Subscriptions for all levels of Club membership are now, and have been, due for renewal.

It is in our constitution that no player may take the field in competition unless he or she has met their financial obligation to the club.

This is $30 for Social members and Senior Players; $15 for Youth Team members; $5 for pensioners and $8 for Junior members (this reduces to $6 each with two members from the same family or $5 where there are three or more players from the same family).

Fees may be paid over the bar or through your team manager/coach.

IF YOU ARE INTERESTED IN A LARGE PRINT EDITION OF THE "GREEN MACHINE" EACH WEEK SEE SANDY MACDONALD TO PLACE AN ORDER.

1985
Turning Point

There has been any amount of news in the media pre-season about minor earthquakes and kerfluffles in various clubs.

Players have not seen eye-to-eye with coaches or administrators; coaches and administrators have clashed with each other; more financial clubs have attracted valued players from less-advantaged neighbours.

When the new Administration was elected at the end of the 1984 season they set priorities. Amongst these was that of completing the club facilities (clubrooms, changing rooms, etc) with the bulk of the efforts in fundraising to go to this end.

Over half of the term of the administration has gone and little is in evidence as to this priority.

Many think this is a turning point in the club - turning where? It is painfully obvious that we have lost a lot of senior players. From this some would lead us to believe that soccer in Ngaruawahia is now dead!

We have been used to success for a number of seasons now, and although we knew it could not last, many of our club members are not ready to face the fact that there are other clubs in the region that have learned from our previous efforts at promotion and are now doing something about their own houses.

We never had a monopoly on soccer, and players are free to move about as they feel they need to. We are one of the few clubs who have not put obstacles in the way of any financial player who wants greener pastures.

A club does not rotate solely around its senior team (as some would want it) but must take into consideration all aspects of club life when making financial and social decisions.

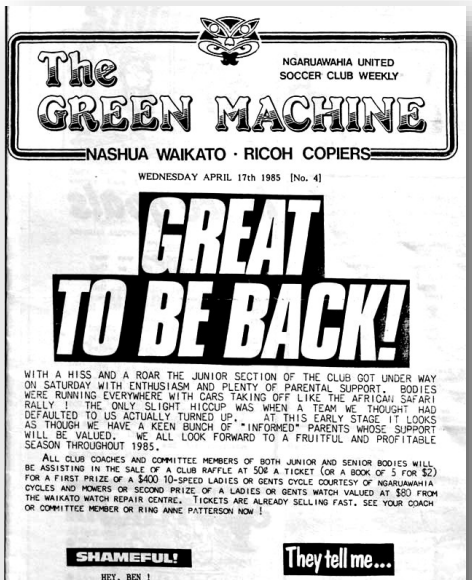

The question is raised - do we have the talent within Ngaruawahia to maintain our station in the 1st Division? Do we need to cast a wider net? If so with what do we buy the net?

Comments that many players "use" the club for purely selfish reasons may be well founded. The argument is that the club provides facilities, strip, games and travel allowance as well as paid coaching for $30 per player and that when a little loyalty and support is asked in return, it is rarely forthcoming.

Is it logical to assume that here in NZ, the more you give a player, the less you receive in return?

Despite lack of initial success at the top, the club is thriving and achieving its purpose - providing football for the residents of Ngaruawahia.

GREAT TO BE BACK!

WITH A HISS AND A ROAR THE JUNIOR SECTION OF THE CLUB GOT UNDER WAY ON SATURDAY WITH ENTHUSIASM AND PLENTY OF PARENTAL SUPPORT. BODIES WERE RUNNING EVERYWHERE WITH CARS TAKING OFF LIKE THE AFRICAN SAFARI RALLY ! THE ONLY SLIGHT HICCUP WAS WHEN A TEAM WE THOUGHT HAD DEFAULTED TO US ACTUALLY TURNED UP. AT THIS EARLY STAGE IT LOOKS AS THOUGH WE HAVE A KEEN BUNCH OF "INFORMED" PARENTS WHOSE SUPPORT WILL BE VALUED. WE ALL LOOK FORWARD TO A FRUITFUL AND PROFITABLE SEASON THROUGHOUT 1985.

ALL CLUB COACHES AND COMMITTEE MEMBERS OF BOTH JUNIOR AND SENIOR BODIES WILL BE ASSISTING IN THE SALE OF A CLUB RAFFLE AT 50¢ A TICKET (OR A BOOK OF 5 FOR $2) FOR A FIRST PRIZE OF A $400 10-SPEED LADIES OR GENTS CYCLE COURTESY OF NGARUAWAHIA CYCLES AND MOWERS OR SECOND PRIZE OF A LADIES OR GENTS WATCH VALUED AT $80 FROM THE WAIKATO WATCH REPAIR CENTRE. TICKETS ARE ALREADY SELLING FAST. SEE YOUR COACH OR COMMITTEE MEMBER OR RING ANNE PATTERSON NOW !

SHAMEFUL!

HEY, BEN !

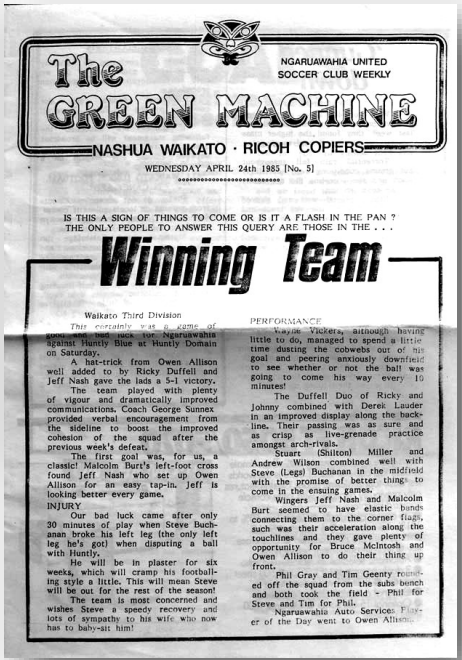

Wonder what Ben Henckel thought about the report in one of the Soccer Express editions that said the Danes don't know the difference between a bear and a squirrel ! Is that right, Ben?

They tell me...

WOUND UP

The North American Soccer League has officially wound up after starting off with 24 'big time' teams. Gone are the likes of New York Cosmos.

IS THIS A SIGN OF THINGS TO COME OR IS IT A FLASH IN THE PAN ? THE ONLY PEOPLE TO ANSWER THIS QUERY ARE THOSE IN THE . . .

Winning Team

Waikato Third Division

This certainly was a game of [illegible] for Ngaruawahia against Huntly Blue at Huntly Domain on Saturday.

A hat-trick from Owen Allison well added to by Ricky Duffell and Jeff Nash gave the lads a 5-1 victory.

The team played with plenty of vigour and dramatically improved communications. Coach George Sunnex provided verbal encouragement from the sideline to boost the improved cohesion of the squad after the previous week's defeat.

The first goal was, for us, a classic! Malcolm Burt's left-foot cross found Jeff Nash who set up Owen Allison for an easy tap-in. Jeff is looking better every game.

INJURY

Our bad luck came after only 30 minutes of play when Steve Buchanan broke his left leg (the only left leg he's got) when disputing a ball with Huntly.

He will be in plaster for six weeks, which will cramp his footballing style a little. This will mean Steve will be out for the rest of the season!

The team is most concerned and wishes Steve a speedy recovery and lots of sympathy to his wife who now has to baby-sit him!

PERFORMANCE

Wayne Vickers, although having little to do, managed to spend a little time dusting the cobwebs out of his goal and peering anxiously downfield to see whether or not the ball was going to come his way every 10 minutes!

The Duffell Duo of Ricky and Johnny combined with Derek Lauder in an improved display along the backline. Their passing was as sure and as crisp as live-grenade practice amongst archrivals.

Stuart (Shilton) Miller and Andrew Wilson combined well with Steve (Legs) Buchanan in the midfield with the promise of better things to come in the ensuing games.

Wingers Jeff Nash and Malcolm Burt seemed to have elastic bands connecting them to the corner flags, such was their acceleration along the touchlines and they gave plenty of opportunity for Bruce McIntosh and Owen Allison to do their thing up front.

Phil Gray and Tim Geenty rounded off the squad from the subs bench and both took the field - Phil for Steve and Tim for Phil.

Ngaruawahia Auto Services Player of the Day went to Owen Allison.

WHAT AN ACT TO FOLLOW!

- 9th C -

During Thursday night training sessions the team has been matching themselves against the greater skills of the 9th A and the 9th B squads, and this has helped a great deal in their approach to the game.

The first (luckless) opponent to front up to the mini-mites was Hukanui Jaguars at Clements Crescent in Hamilton. It was a perfect pitch and the weather was good, with each coach doing half a game.

AMANDA WAITERE brought to the game the beginnings of a blister, but managed to last through the first half. ANDRE DOWNING was loaned to Jaguars to allow all players full games. He played outstandingly for them, being one of the few who gave our defense any trouble!

Striker ROGER LONDON rocketed in four goals in the first 15 minutes to put us firmly on top and in control. SHANE ELLIOT added one of his own for good measure and GEORGE SUNNEX rocketed a rebound high under the bar. ANDRE MACDONALD came forward late in the half to capitalise on a SUNNEX shot that was only partially saved by the Jaguars keeper and tapped it home.

This brought the scoreline to 7-0 at the interval with ERIN GURNELL having a rather lonely and unrewarding time in the goal, not having touched the ball once!

AMANDA WAITERE came off at halftime with a rather sore blister and Ngaruawahia played 7 against 8 in the second half. There were also some rearrangements with ROGER LONDON dropping back into defense and ANDRE MACDONALD moving up as striker.

SHANE ELLIOT netted his second, as did GEORGE SUNNEX, ANDRE MACDONALD's corners caused a lot of worry in the Hukanui camp as he drove the ball hard and low across the goalmouth each time, and was rewarded with a deflecting in off the defense. He picked up his hat-trick by taking a fine through ball from halfway and beat the keeper with a well-placed drive.

SHANNON SKINNER put in a solid display (despite loose bootlaces) with BRADEN SIMMONS continually upsetting Jaguars' attacks.

The final tally of 11-0 (ERIN did get three touches in the second half!) seemed to indicate a mis-grading of one or other of the teams, but this will be confirmed or otherwise this Saturday when the team is at home to Bankwood Red at 10:00am.

All team members (as well as ANDRFE DOWNING) were presented with Player of the Day certificates for a round team effort.

There was good "mothering" support from Mrs SUNNEX, DOWNING ELLIOT, GURNELL, MACDONALD AND SIMMONS.

1987 Ngaruawahia Northern League, Division 2

With much of the previous year (and the off-season) being spent preparing the way for the arrival of Kit Fagan from England as the club's new coach, the side made a steady start to the Northern League 2nd Division with John McDermid and Grant Carlson netting in an away 2-0 win over Eden.

The following game was also away being a 1-1 draw with Unicol. The third game was our first home tie being against Tauranga. And it was in the middle of this match that the travel-weary Kit Fagan was brought directly to the park from the Auckland airport..

Caretaker Coach George Sunnex handed over the reins to Kit that following week, having placed the team in second spot behind Glenfield.

MATCH REPORT

'ROADWORKS' NGARUAWAHIA 1

v

HAMILTON WANDERERS 0

C R Montford 42

This was another team that had beaten us in our second game of the season. We knew this was going to be a tough, and very physical encounter. The first 15 mins both teams were testing each other, out to gain control of midfield and the first real chance fell to Pete Magee chesting down a cross in front of goal, only to find the only dry spot on the pitch. The ball bounced just of reach was cleared and the corner (the first of the match) came to Rick who's shot was cleared off the line.

THE GREATEST SHOW ON EARTH

What else could you call an extravagaza presided over by a clot in a clown suit. Eddie (Red Card and Nose to Boot/Callaghan was the whistle man in Sundays romp in the mud. The white team were soon to find out what to expect from old whistle happy. Every time someone fell over, the ball went out of play, the pink team got the kick. Twenty Eight red cards against one team must be a record. In fact because Old Myopic Mick couldn't tell the twin terrors Pinky and Perky apart, he sent them both off with a double whammy.

There were other stars on show. Ken (Keep yer legs together) Mills had trouble with a ball on the ground, and got into a compromising position, with the Pink Bloomer Striker Maxine (Droopy Draws) Williams, and even then it took her two attempts to goal a penalty from six feet. 'Arry (Watch my style) Jackson had a fine debut with the last act of the dying swan. All

How to win a trophy without winning a game!

This year, for the first time in its history, Sport Waikato incorporated into the Waikato Sportsperson Awards three new sections, to recognise fair play - Fair Play Team, Fair Play Individual and Fair Play Incident.

Two teams were nominated for the inaugural Fair Play Team section - United Old Boys' Under 17 Rugby Team (winners of the Matamata-Piako District Sports Awards 1992) and Ngaruawahia AFC 1st Division Soccer Team (winners of the Waikato District Sports Awards 1992).

The award went to the Ngaruawahia Soccer Team, which included a number of our High School boys. The trophy, plaque and cheque were proudly collected at the event by player/manager Sandy MacDonald on behalf of the team.

The soccer side is the local club's 4th team and was quickly assembled just 10 days before the commencement of the 1992 season at the request of the Waikato Football Association to alleviate a bye in the Waikato 1st Division. To make up a team a number of NHS boys were "recruited" along with other youth and adults from the district.

With the club already fielding a Northern League Division 1 side, a Waikato Premier Reserve side and a Waikato 3rd Division side (all seniors), the squad was affectionately known as the "babies", who, each weekend, played against seasoned and skilful veterans of soccer. Only one of the 21games was won (against their own 3rd Division side after 135 minutes of football) in a local cup knockout match.

Players who made up the team were never once cautioned, booked or sent from the field of play. There was no retaliation towards any opponent or official in either action or word and all games were given 100% by all players.

Those who played for the side were:
Marcel **Cross** (goalkeeper)
Andre **MacDonald** (fullback & forward)
Andrew **Pratt** (fullback)
Matthew **Montford** (midfielder)
Shane **Gorman** (midfielder)
Nigel **Liddle** (midfielder)
Sandy **MacDonald** (goalkeeper &. Manager)
Regan **MacDonald** (midfielder &. Captain)
Reuben **Barnes** (midfielder)
Chris **Brennan** forward)
Neil **Gorman** (Coach)

Other team members were:
Glen **McLennan** (ex Fraser HS, fullback)
George **Sunnex** (ex Hamilton Boys HS, midfielder)
Matthew **Williams** (ex St Pauls Collegiate, forward)
Paul **Montford** (ex Tokoroa HS, forward)
Chris **Banks** (ex Raglan , midfielder)
Greg **Nicolle** (ex Raglan, defender)
Wayne **Funnell** (ex Rotorua, midfielder)

The Ngaruawahia Club Awards evening recognised Andrew Pratt as the Most Improved Player, Andre MacDonald as Squad Member of the Year, Reuben Barnes and Regan MacDonald as Sportspersons of the Year, Regan MacDonald as Player of the Year along with minor awards where Reuben Barnes gained the Super -Wally Award 1992.

The team is also grateful to fellow staff -member Doug Marsh (Manager of the Premier team) who gave the boys every encouragement throughout the season, and who once had the opportunity of very nearly scoring against them in a Cup clash - hard luck Doug!

Just how did we do it?

WAIKATO 1st Division

Just literally days before the season was to start the club received a call from the Waikato Football Association asking if we could field a team in the 1st Division to help alleviate a bye that existed. The club had already confirmed their Senior, Reserves and a Waikato 3rd Division side, and most of the players were spoken for.

Doug Marsh, within days, had compiled a list of possibilities, mainly from those he knew from his schoolboy contacts. A few adult 'oldies' also appeared on the list and the Club confirmed that a team would be ready (even when it was only a paper one).

DAD WILL DO IT

The next problem was that of Coach and Manager: Neil Gorman was prevailed upon to coach and Sandy MacDonald to manage with both having sons on the list

With the bulk of the players being schoolboys, training was scheduled once a week on Monday evenings with an administration meeting on Thursdays to create the least interference with their schoolwork.

BLISTER BRIGADE

The first game (at Te Aroha) saw more than goals appearing. With many of the players pulling on boots for the first time in a few years there was a rash of blisters and this brought the team to a literal standstill in the last 25 minutes. Most of the team had never played senior football and were fronting up to seasoned players.

HIGH SPIRITS

The lads played each game to the best of their ability and were enthusiastic as they were beaten by their opponents week after week. With the exception of Tokoroa, every opponent in the 1st Division played against us in the correct spirit of the game, making each outing very enjoyable. The team built a spirit that was the envy of the club and everyone was willing them to have a win each week.

The only success all season long was when the team was drawn against the Club's 3rd Division (which subsequently won their Division) and ran out winners on penalties after 120 minutes of football and no goals in regulation and extra time.

The team and the spectators will always remember Mat Williams sliding home the winning penalty shot after Sandy MacDonald had saved the last two attempts by the 3rd Division side, Reuben Barnes had shot wide, and Mat's ecstatic mum, Maxine, punching the air with exuberance, only to make painful contact with the door lintel as she did so!

We would be lying if we said that there were no League wins. Morrinsville discovered that Te Aroha had fielded one of their players against us in the first match of the season, and Ngaruawahia was awarded the match - a technical victory.

FAIR PLAY TROPHIES

Twenty-two matches with only one on-field win certainly has a telling effect on the character-building qualities of squad members, and it was just rewards when the team was nominated for, and won, the **Waikato Districts Fair Play Team Award 1992** and went on to win the major Trophy at the **Waikato Sportspersons Awards** evening for **Fair Play Team.** Along with the trophies and plaques from both events came cheques for $100 and $300 respectively, both going into the club coffers.

FATHER/SONS

The team was captained by 17-year-old Regan MacDonald who lead by example in his play and generalship. Both Neil Gorman and Sandy MacDonald achieved their dreams of playing senior competition soccer in the same team as their sons: Neil with Shane, and Sandy with Regan and Andre together (in one game nearly half of the players were either MacDonalds or Gormans).

AWARDS

The team management found it very difficult to sort out Sportsperson of the Year and Squad Member of the Year due to a high quality 'field'. Sportsman of the Year went jointly to Reuben Barnes and Regan MacDonald. Andre MacDonald picked up the Squad Member of the Year and Player of the Year went to Regan. Reuben Barnes was awarded the "Super-Wally" Trophy. Glen McLennan was the "Best Dressed Player" while Neil Gorman was presented with a personalised T-shirt stating *"Hi, I'm Neil, but I'm having treatment for it!"*

Silver Jubilee Year 1993

Sincere congratulations to the Ngaruawahia United Association Football Club on the attainment of their Silver Jubilee Year.

We can now pause and reflect, I feel, on what must surely be regarded as a somewhat remarkable and successful career thus far.

From those early days when our first players took tentative steps in the lower Waikato divisions, our Club has blossomed in such a manner as to be the admiration of many clubs that are well established and of a higher status in our footballing fraternity.

In this regard we owe due gratitude not only to our resident committee, club members, supporters, coaches, managers and players, but also all those who have gone before.

Our facilities in the form of playing and training grounds, our changing rooms and club rooms are of credit not only to those who volunteered their labour, know-how and special skills, but also to those background workers who provided refreshment, scones, sandwiches and moral support to keep the spirits up and the fires burning.

on a more personal note, my sincere thanks to you all for your most valued support through those early years as we stove for maturity. Our aim, even in those days, was to reach the top divisions; ambitious indeed, nonetheless it still remains our ultimate goal. I feel sure that with the marvellous spirit generated within our club and its members that goal could eventually be within the realms of reality.

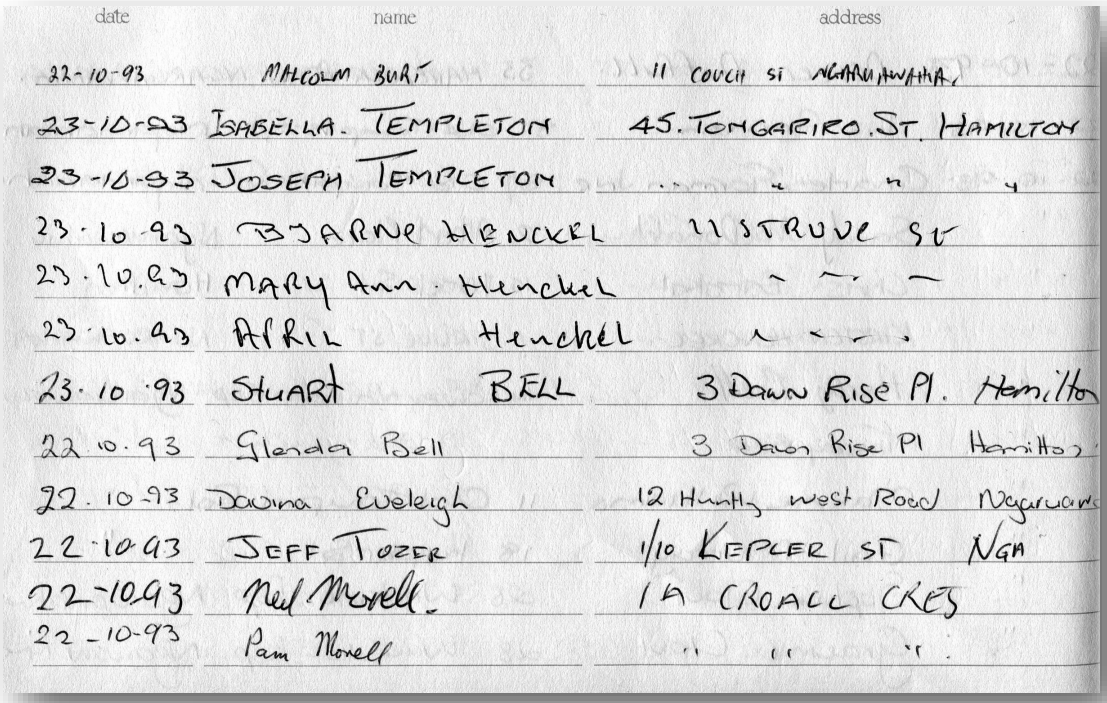

Once again, congratulations and best wishes to you all. Enjoy the festivities of this occasion.

It is with some sense of humility that I confess to being proud of your successes and to being your Founder and Patron.

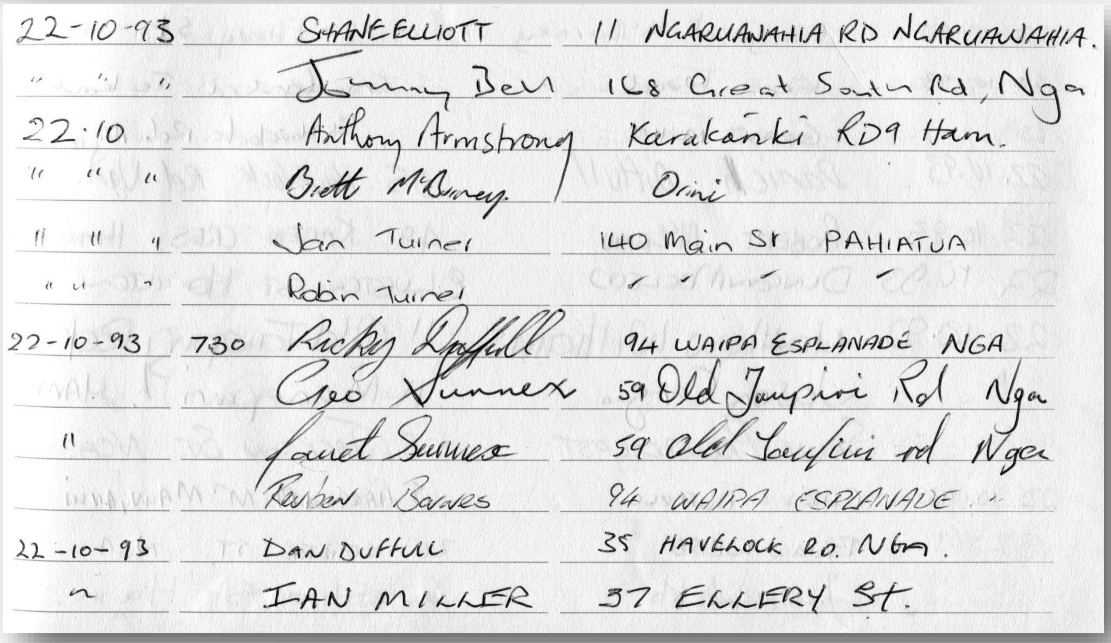

"Go Forward Green Machine"

Seniors Promotion Slips Away

In the final match of the season (a postponed game) against Metro), Ngaruawahia had to win to take the second promotion spot. An excellent crowd attended with a large representation from the Melville AFC, Waikato United AFC and Metro FC supporters as well as a large number of local supporters. New Zealand Director of Coaching Alan Jones was there to see the result and to watch his son Vaughan gain Narra's consolation goal.

In the opening sixty seconds a clearance from our defence that rebounded goalward off the head of Paul McMillan, was quickly pounced upon by Metro, who centred across the goal and three red shirts tossed for the opportunity to put the greens behind.

Late in the first half Brent Rodgers saw his clearance deflect wickedly off his boot and screw around keeper Bruce Williams to put Metro up 2-0. In the final minutes Vaughan Jones flicked his foot under a cross and saw it arc high over the Metro keeper and into the net for his first goal of the season.

With Greg Larsen sitting out the third week of his four-week suspension and Craig Wallace having ruled himself out by gaining a surplus of demerit points in the previous game, Ngaruawahia had gained the services of Eden defender Craig Stevens to replace Wally at the back. "Chats" had been a regular at Ngaruawahia during 1992.

Ngaruawahia remains in the Northern League 1st Division for the 1994 season, to be joined by Claudelands Rovers and Cambridge from the 2nd Division. Melville and Onehunga Sports were promoted to Division 1.

THE CHILLEANS

The first game on the park took place in late January with a Chilean team arriving from Auckland for a friendly against a mix-and-match group from Ngaruawahia and Hamilton. The match was won 12-1 by the Narra locals.

CLAUDLANDS ROVERS

The second run was mid-February at a Thursday evening practice session where Claudelands Rovers brought an A and a B squad to run with the greens. Our A's won 3-0 and our B's won 1-0. A feature of the A game was the official referee packing it in ten minutes before time and going off home!

KAWERAU TOURNAMENT

On the last Weekend in February (27th) the team travelled to Kawerau to play in what turned out to be a Round-Robin competition against Melville, Wanderers and Kawerau. The Club found it a long way to travel for just such a small tournament, as they were lead to understand that Claudelands Rovers would also be competing.

Immediately upon arriving at the ground they were informed that the game against Wanderers would be starting immediately and that it would be followed straight after by the Melville game!

Narra drew with Wanderers 0-0, Melville 1-1 and Kawerau 2-2_ With all other games being drawn as well the winner was found in the final round-robin match when Melville beat Wanderers 3-2 to win the tournament. Narra were second, Kawerau third and Wanderers 4th.

CAMBRIDGE TOURNAMENT

As has been the custom in the past the club entered two sides in the annual Tournament. The year the total entries had dropped to 23 with two further late withdrawals, which left a few gaps in the games schedule.

The "A" team played Melville B and struggled to find form on a small pitch but winning uncomfortably 3-0. The next match was against Matamata (a 4-0 win) in which a Matamata player was sent off in the 5th minute and the Matamata Coach earned the displeasure of the referee.

The final pool match was a dour struggle with a very lively Ngongotaha (won 1-0) to leave Narra on top and a place in the quarter-finals the following weekend.

The "B" team, under the stewardship of **George Sunnex**, had a harder row to hoe, especially with the withdrawal of East Coast Bays and only two matches were played. Each remaining team in the pool were given a 1-0 win over ECB.

Forest Hill/Milford came up first and the lads were within 4 minutes of a 1-0 win but had to settle for a 1 -1 draw when a late angled shot took a late bounce to find the net over the diving body of **Carl Allen**. The last game was against Melville A for a 0-1 loss but a dynamic performance anyway.

Melville coach Steve Williams watched with some consternation as his young son **Matthew** put pressure on his team's goalmouth in the last game. It would have been considered an extreme embarrassment for **Mat** to find the net against Dad's team!

Dave Higgins

English footballer Dave Higgins has finally made the journey to New Zealand he is so thankful he passed up six years ago.

Higgins, a 30-year-old central defender for English first division soccer club Tranmere Rovers, made the best decision of his life in 1987 when he passed up an offer to emigrate and play for Mount Maunganui.

Shortly after he was snapped up by incoming Tranmere manager John King, after nearly two years on the relative scrap-heap of Liverpool non-league football, and has since made over 200 further appearances for a club which he was only briefly associated with in the early 80s.

But Higgins' family links - he is brother-in-law of Waikato United captain Brian and Ngaruawahia coach Dave Hayes - have finally brought him to New Zealand.

Over the next six weeks he will be assisting with coaching at DB Draught Ngaruawahia, throwing in new ideas, and keeping up his own fitness regime in the process.

But playing is out of the question. Even if Ngaruawahia could afford the insurance, Higgins would not be prepared to risk injury, having just been offered a new two-year contract at Tranmere.

The gap between Tranmere and Ngaruawahia is great, but Higgins has nothing but praise for what he has seen of Kiwi soccer so far.

"The players are dead keen here, fit, and have a certain amount of ability," he says.

Higgins loves the pro-footballing lifestyle, and having worked many years as a printer before breaking into the top bracket, can appreciate the difference in the standard of living.

The season just finished had a heart-breaking end for Tranmere, when it was pipped in the play-off semi-finals for a premier berth by eventual winner Swindon.

But like a true pro Higgins shrugs off the bad memories: "There are always disappointments in football . . . things look good for this year."

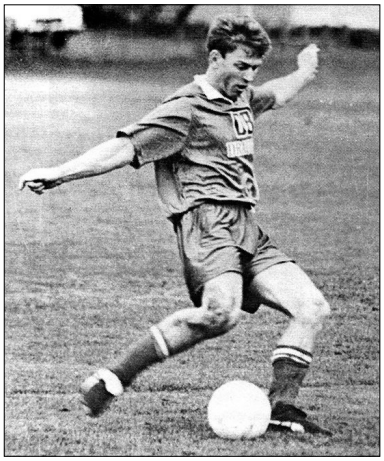

Career highlights have included six Wembley appearances - mainly for division play-offs. He also played in the Tranmere team which beat the All Whites 7-0 last year (1992).

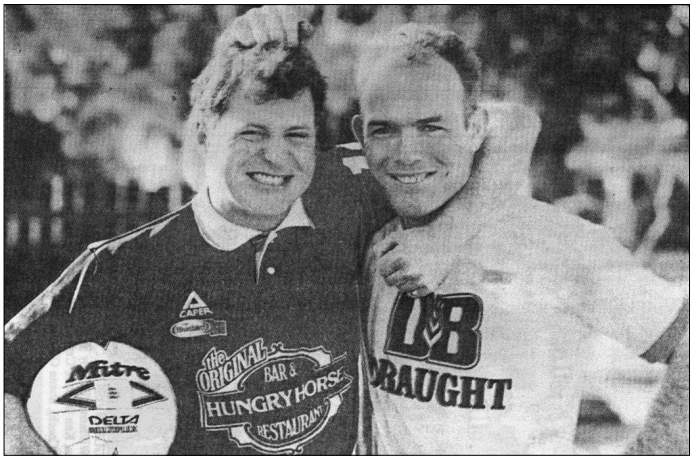

TRANMERE ROVERS professional footballer Dave Higgins. Higgins assisted Ngaruawahia for six weeks of the season.

Kirsten Henckel is a 20-year-old and began playing soccer at the age of seven. It was her 'soccer-mad' Danish father who introduced her to the sport and registered her with the Ngaruawahia club. Her mother too played and was the goalkeeper for Ngaruawahia when Kirsten was nine.

Kirsten began playing for women's teams at 13 and has played for both the Ngaruawahia and Huntly clubs. She has been in the Waikato Under 17 rep team and Waikato Under 19 rep team. In addition to playing, Kirsten is currently the manager of the Ngaruawahia Bluebird Premier First Division team.

Kirsten describes herself as an "all-rounder" with her main position being right back. Kirsten's sister, April, is goalkeeper for the Huntly team. She took up soccer at the age of four.

Pitch Perfect. The #1 pitch is upgraded.

Sat 12th Aug 1995. Prior to their match both senior teams paid respect to the memory of Ngaruawahia United's Life Member Charlie Gorman who passed away on the previous Saturday August 5th. The visiting team on the left is Eden (from Auckland).

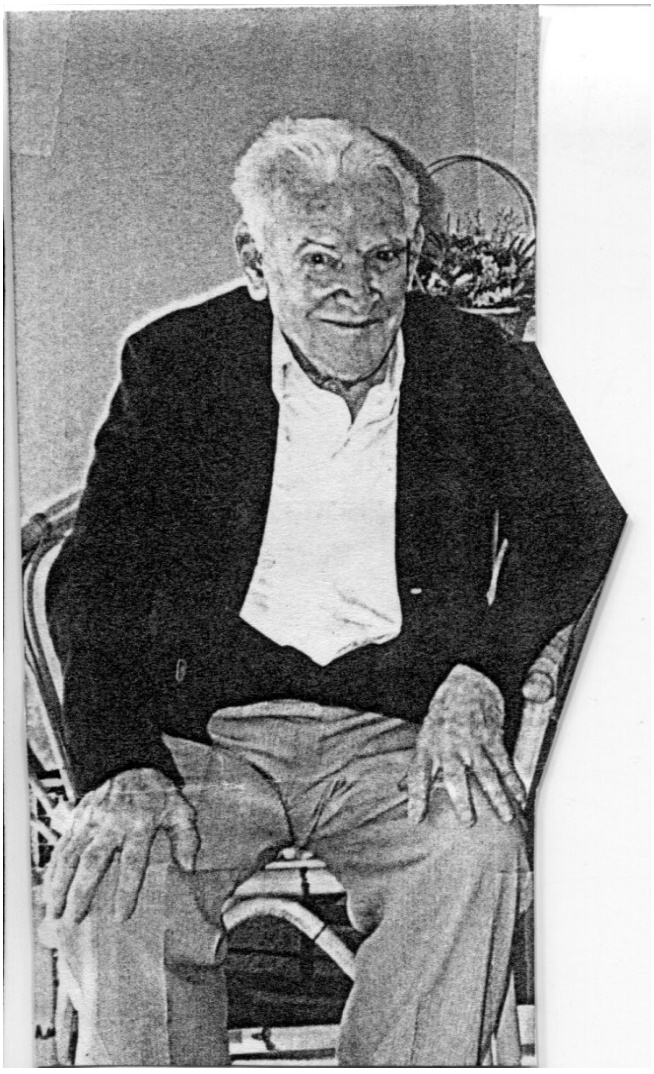

The upstairs windows (directly above players 15 & 9) where Charlie viewed the games had its curtains drawn for the brief ceremony. In the game Ngaruawahia had a 4-2 win over Eden with goals from Aaron Kingi (2), Gary Kingi and Andrew Pearson.

GORMAN, Charles (Charlie). On August 5th 1995 (suddenly), at home; aged 78 years. Dearly loved husband of Mary, loved father and father-in-law of Jeanette and Brian Fairey, Phyllis and Les Small, Charles and Liz, Neil and Lynda, loved granddad of all his grandchildren and great-grandchildren. Funeral service will be held at the Hamilton Park Crematorium Chapel, Newstead, tomorrow (Tuesday), at 2pm.

. . . . .

The funeral on Tuesday of Charlie Gorman was extremely well attended by those who knew him throughout his 78 years. The 'reception' was held at the soccer club where a great number met and reminisced. "Old Charlie" was well involved in all aspect of the club since it began in 1968.

Honouring an Absence

Moments before kick-off in the Eden game a minute's silence was observed as both teams and the officials lined up in front of the clubhouse in honour of Ngaruawahia United Life Member Charlie Gorman, who had passed away a few days previously.

The upstairs window, where Charlie had always watched the matches, had its curtains drawn during the brief moving ceremony.

The team honoured him with a 4-2 win.

1998 CHATHAM CUP Semi-Final

DUNEDIN TECHNICAL AFC
versus
NGARUAWAHIA UNITED AFC
2.00 PM SUNDAY AUGUST 16TH
CALEDONIAN GROUND DUNEDIN

PRESIDENTS WELCOME

Greetings from me, and the Dunedin Tech Soccer Club, to the Ngaruawahia team, their Supporters and all the rest of the supporters of Dunedin soccer who have attended today to see this Chatham Cup semi-final.

I am sure you will watch a top class game of football as Roger's team strives to make the Final.

I would like to take this opportunity to thank our major sponsor, Ralph Gill and the St Kilda Tavern, without whose support this Chatham Cup campaign would not have been financially viable.

An invitation is extended to everyone to attend the aftermatch function at the Dunedin Tech Clubrooms at Culling Park. As you socialize you will be able to meet todays players, some from our last Chatham Cup final in 1964, and also some of Tech's Life Members.

Wishing you all well.

Keith McEwan
Club President

FROM THE PATRON

Welcome to the contingent from Ngaruawahia and all local supporters to the 1998 Chatham Cup semi-final. What a wonderful occasion this must be for the Ngaruawahia Team to reach this stage of the prestigious competition for the first time.

For many of you this may be your first visit to the friendly city of Dunedin and hopefully it will be an enjoyable one.

Congratulations to Dunedin Tech for once again reaching the semi-finals—perhaps this is the year to go that one step further and emulate the performance of the 1964 team.

Chatham Cup football brings out the best in players so hopefully we will see a memorable game with the better team on the day going through to a well earned place in the final.

Jim Stenhouse
Patron

SOCCER OTAGO

MESSAGE FROM THE PRESIDENT

I extend a warm welcome to the Ngaruawahia team and their supporters for todays game at the Caledonian Ground here in Dunedin. Soccer Otago congratulates both teams on making the semi finals for the top prize awarded to a club team, the Chatham Cup. All of us in Dunedin know that the Technical side play a positive game of football and will provide the Ngaruawahia team with a hard fought contest.

This will be the last Chatham Cup game to be played on this ground before the move to our new headquarters and I know it will be as good to watch as the semifinals of the past.

I wish all the players, club and match officials and spectators an enjoyable day.

Malcolm Barnes
President

CITY OF DUNEDIN

WELCOME FROM SUKHI TURNER, MAYOR OF DUNEDIN

On behalf of the people of Dunedin, I am pleased to welcome Soccer's Chatham Cup semi-final to our City.

1998 is the 150th anniversary of organised European settlement in Otago and Southland, and many local festivities and national gatherings are planned for the City's celebration. The semi-final is certainly a welcome addition to the City's busy calendar.

As a city of sport lovers, it is exciting for Dunedin to be staging this important event. We are particularly proud of our city's sporting celebrities, but are also keen to support excellence in sport throughout the country.

I know that the competition will be intense, the will to succeed enormous; but in the end it will be the fellowship, good will, conviviality, and the taking part that will be remembered and savoured.

A special welcome to those visiting from out of town, especially to those whom have not been here before. I trust you will enjoy the atmosphere, environment and people in our beautiful City.

Do take time to enjoy some of our uniqueness whilst you are here. The Otago Peninsula is home to some rare wildlife that you may not get the opportunity to witness again and I urge you to take advantage of this opportunity. The cultural history of the region is also on display in many areas of the city and can also been seen in the ardent preservation and restoration of the city's Edwardian and Victorian architecture.

Dunedin is renowned for its friendly people. I hope you will experience some of that southern hospitality during your stay.

All the best, and once again, welcome to Dunedin, where *It's All Rights Here.*

Sukhi Turner
MAYOR OF DUNEDIN

HISTORY OF NGARUAWAHIA UNITED ASSOCIATION FOOTBALL CLUB Inc

The club was formed in 1969 (after an abortive attempt in 1968) from local secondary school boys and a few adults by Ngaruawahia High School engineering teacher Joe Templeton. The side played in the Waikato 2nd Division competition. The squad was made up of eight schoolboys who played for their high school on a Saturday morning and then the club on the same afternoon. The early positions of President, coach, manager and transport officer were all held by Joe Templeton and training and home games were held at Ngaruawahia High School.

After three years the club moved onto Centennial Park at the southern end of the town and operated out of a small concrete block shed 4m × 7m with no showers. It was not until 1977 that the current multi-storied clubrooms were built (at a cost of $12,970.23) and the club had a true home. Several years later the local council extended the separate changing and shower facilities to four change rooms, two shower rooms and two referees' rooms with shower incorporated in each. The No. 1 pitch was fenced in 1995.

In 1977 discussions were held with neighbouring AFFCO Rangers, who were already in the Northern League, and in 1978 Ngaruawahia United had automatic Northern League status as Ngaruawahia-AFFCO United.

From 1978 to 1985 the senior side was coached by Dave Hall and, in five years, moved from Northern League 4th Division to Northern League 1st Division, before slipping back for two years into the 2nd Division. At this stage the club brought out to NZ Kit Fagan, son of Joe Fagan of Liverpool fame, who took the side back to the 1st Division as player/coach.

In 1995 the club made the astute appointment of Geoff Coulshed as senior coach. Geoff had been involved with Hamilton United and had just returned from taking the NZ Women's Team to a tournament overseas. In the years since his appointment Geoff has worked with the local youth in building a committed side.

WHERE THE HELL IS NGARUAWAHIA?

Having quickly learnt to pronounce the name, (forgive the slight pakeha accent) and then to spell it without half a dozen glances, I thought it would be the done thing to find out exactly where it is and what it is. Can't be too difficult, I already know it's in the North Island.

Turns out to be a town, relative in size to Milton, (but with a population around 4500), 20km north-west of Hamilton on State Highway 1, at the confluence of the mighty Waikato and Waipa Rivers. The main industries over the years have been coal mining and meat works. Ngaruawahia, steeped in Maori tradition, is also the home of the Maori Queen, Dame Te Atairangikaahu, and a short distance north lies the famous Maori burial ground at Taupiri Mountain. Until now it wasn't famous for its' soccer, more a bastion of Rugby League, but this team has certainly stirred up amazing local support.

And while we were wondering, "where is Ngaruawahia?", I guess some of them were wondering, where is Dunedin and how cold will it be? Rumour has it some of the squad had not travelled south of Wellington before, so, regardless of the result, at least we've all learned something this weekend.

Our Sporting Best Honoured

Waikato Times

Sandy MacDonald (Service to Sport), Trish Sanson (Administrator of the Year), Jeff Coulshed (Coach of the Year) and Matt Williams (Team of the Year - Ngaruawahia United Premier Soccer Team) - proud sporting winners in district awards.

Last week's Waikato District Sports Awards honoured the best that sport produces in our region.

The seventh annual awards, staged at the Kimiora hall, Turangawaewae Marae, saw eight district winners named. They will go on to the Waikato Regional Awards at Hamilton Gardens next Wednesday.

Fifty-one nominations were received for the eight awards. Judges were ex-NZ netball administrator Monica Leggart, former All Black Brent Anderson and ex-NZ Women's hockey representative Sue McLeish.

Guest speaker was World Single Sculls rowing champion Rod Waddell, who shared some of his experiences leading up to his 1998 World Championship competition.

Apart from the more usual sporting codes, the awards also promote less prominent sporting interests.

This year, for the first time, rowing (Mercer Club), shearing (Raglan Western Shears), touch rugby ((Touch Waikato) and basketball (Huntly Association) were represented by nominations. Huntly, Ngaruawahia, Raglan and Te Kauwhata were all represented by entries.

Those selected to go to the regional awards were:

Sandy MacDonald (Service to Sport); Turangawaewae Rugby League and Cultural Club (Club of the Year); Trish Sanson - Ruawaro Tennis Club (Administrator of the Year); Ngaruawahia United AFC Premier Soccer team (Team of the Year); Jeff Coulshed - Ngaruawahia Premier Soccer team (Coach of the Year); Isaac Rakena - Disabled Athletes (Fairplay Individual); Wairangi Koopu - rugby league (Junior Sportsperson); Royce Willis - Taupiri Rugby Club (Sportsperson of the Year).

BELL'S BEST BOYS

Ngaruawahia Facing Former Cup Finalists

by Bruce Holloway - Waikato Times, April 24th, 2002

It is axiomatic of Chatham Cup soccer that the "wrong" team often wins.

But it is really odd when a Waikato team which has yet to win a match this season finds itself entering a first-round tie against a former Cup finalist and flagship club from another city as hot favourite.

That's the situation tomorrow when Ngaruawahia united host 1989 finalists Rotorua City at Centennial Park.

While the Green Machine have hardly moved out of first gear this season with two draws and a loss, Rotorua City have been on a stead downward slide since their brief bout of Cup fever 13 years ago.

Rotorua showed little sign of being capable of causing even the mildest of upsets at the Cambridge Tournament this year, but Ngaruawahia coach **Mark Cooper** is nevertheless wary.

"It's always difficult against an unknown entity where they have a lot of history in the club and nothing to lose," he says.

"But the scary part is that we are favourites. I think we need to show a lot more pride and passion."

Cooper will be looking for big games from nuggety midfielder **Phil Stables** and centre back **Jared Williams** tomorrow, but finishing - or lack of it - may be his biggest problem.

In the only other home tie Waikato Unicol will have a difficult job subduing a talented Mangere United team which leads the northern league second division.

Given their excellent goal-scoring potential Cambridge are the best placed of the Waikato Clubs to cause a boil-over in travelling to premier leaguers Three Kings, who are bottom of their league, having leaked 12 goals in four matches.

Metro Motors Melville United have a tough task away to Fencibles United who have already beaten them once this season and are now captained by one of their former stalwarts, Greg Larsen. Larsen is relishing the chance to secure a second successive victory over his old club.

"I'm expecting a very tight match," he said. "Melville look like a good young side but we are also steadily improving. Anything could happen on the day."

Local 2002 Chatham Cup results for April 25th.

Ngaruawahia 4, Rotorua City 2
Waikato Unicol 1, Mangere United 6
Three Kings 4, Cambridge 1

Greens sign up Solomon's star

Waikato Times, Saturday 8th July 2006. By Bruce Holloway

Ngaruawahia United have given huge impetus to their promotion charge in northern league second division soccer by signing a top Solomon Islands international.

Stanley Waita, a Solomon's' international with more than 30 caps, hinted at his pedigree when he fronted up to his first Ngaruawahia training session wearing Brett Emerton's Socceroo shirt. The shirt was a memento of his part in the Solomon's almost upsetting Australia –- they missed a penalty in losing 2-1 –- in a World Cup qualifier in Honiara.

And if there were any doubts about the 26-year-old's class, they were quickly dispelled when he scored two goals on debut for the Green Machine last week before being subbed off.

Waita will again be the star attraction when Ngaruawahia host Otahuhu United at Centennial Park on Saturday.

Waita's wife, Shalom, is studying for her masters degree in education at Waikato University. It means Waita will be based in Hamilton for two years, making him a likely candidate for Waikato FC in next summer's national league –- once he fully adapts.

"In the Solomons we love too much to keep the ball on the ground and are not at all physical," Waita said. "Here it is very physical."

Ngaruawahia forged strong bonds with the Solomons with their collection of old football gear for the Marist Football Club to take back to Honiara after the Oceania Club Championships earlier this year.

Ngaruawahia's old first team strip is now being worn by the Solomon Islands Police team.

Ngaruawahia coach Gordon Glen Watson said it was a huge coup for the club to secure a player of Waita's stature. "It is a huge privilege," he said. "Not many New Zealand clubs have an international of his standing on their books.

"Stanley is skilful and deceptively quick. But he has also had an impact in that the players around him have lifted. Gerard Pambuai looks a different player."

Support from Rentokil Initial and Lotto Sports made Ngaruawahia hope to sign more Solomon's players and expect that at some stage home-grown players will go to the Solomons to play.

Sport Waikato Team of the Year 2006

With Team Captain Sean Sullivan not available, Ngaruawahia United Committee Members Sandy MacDonald, Maxine Williams and Ricky Duffull were on hand to accept the Team of the Year Award on behalf of the Club's Northern League Squad from Sport Waikato. The function, recognising achievements across all Waikato sports codes, was held at the Endowed College, Hopuhopu.

The presentation was made by Gordon Titchens, the New Zealand Sevens Coach.

The Club had also nominated Gordon Glen Watson and Richard Harris for Coach of the Year (Jeff Coulshed winning the award in 1998).

It's with great pleasure I welcome Marist FC to Centennial Park today. It Is a massive honour for Ngaruawahia United to host this friendly international fixture.

We are very spoiled to be playing the National league Champion of the Solomon Islands in a prestige friendly, and the magnitude of the challenge Is obvious. We are giving up a great deal in experience and probably match fitness with Marist completing three very tough matches in a FIFA World Club Championship qualifying tournament with a prize purse of $1.6 million US and a place in Tokyo...and we just scraped home 1-0 of the weekend against Te Atatu!

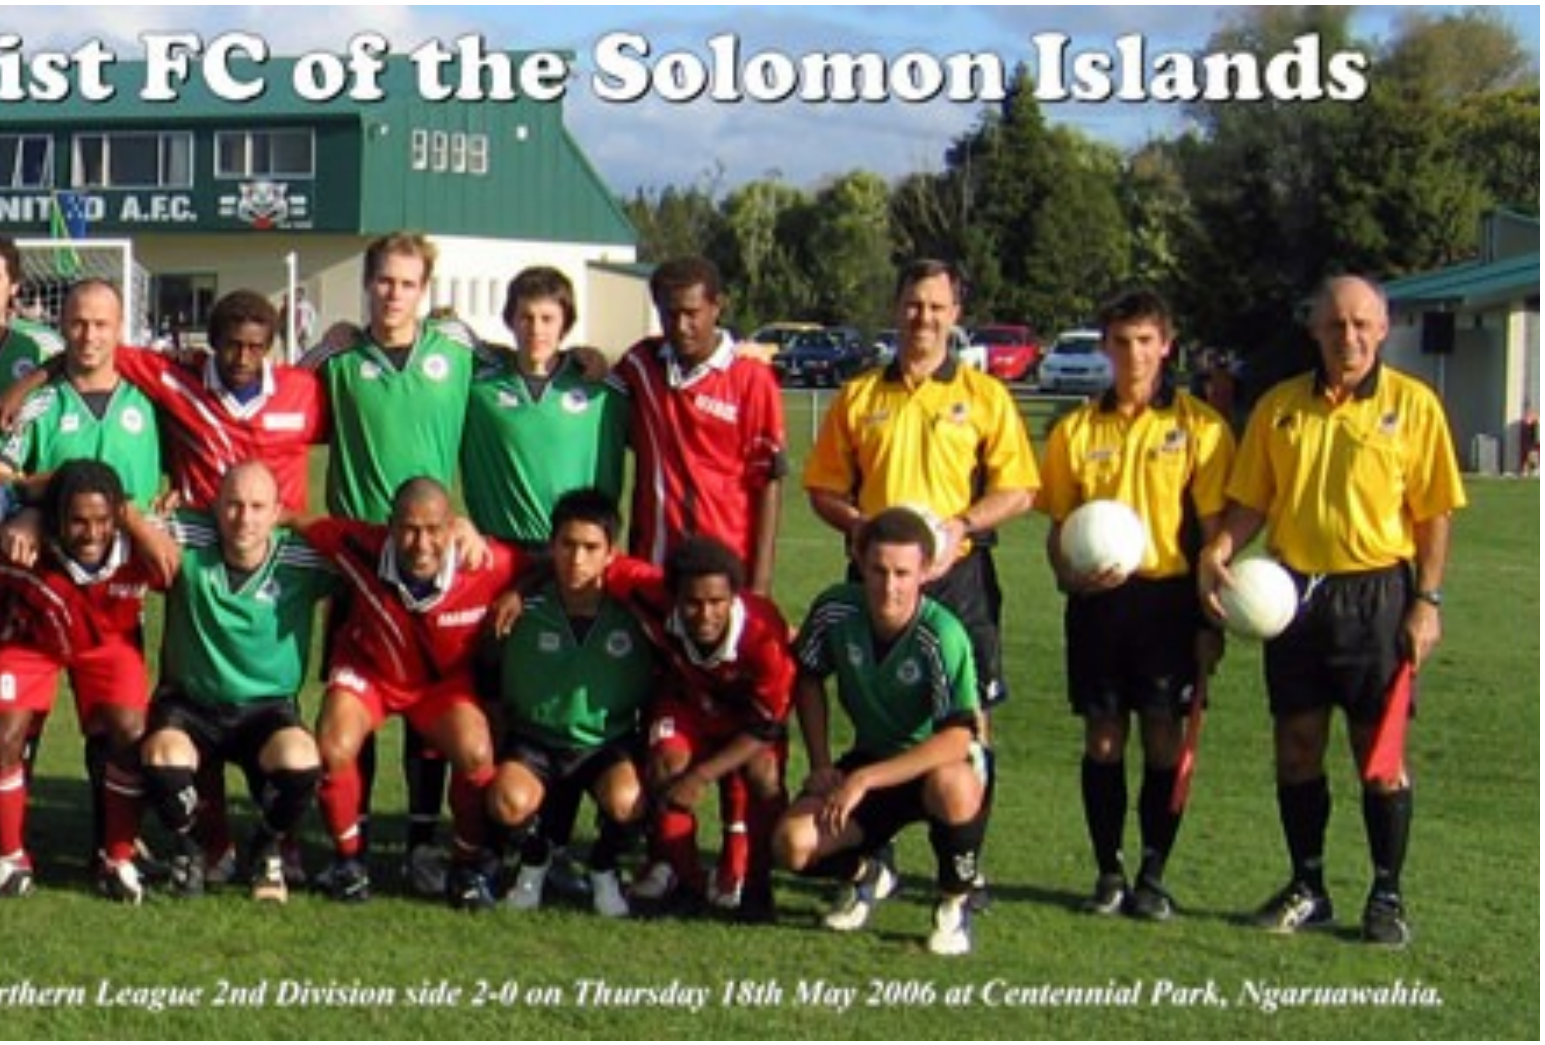

Our aim will be to earn respectability and to turn in a competitive performance. The result is of secondary Importance and how we respond to a much quicker pace and sustained pressure will be an interesting aspect of the game and, no doubt, a very steep learning curve. It will us stand in in good stead for the rest of the Northern League campaign and perhaps help us against Beachlands Maraetai in the Chatham Cup 2nd round on Saturday.

Richard and I watched Marist play AS Piraea of Tahiti last week and were Impressed with one or two individual performances in what was a very difficult match for Marist against a side that could qualify for Tokyo. Abraham Iniga and Jack Samani had some nice touches and Iniha scored a good late consolation goal.

Having played alongside and against Batram Suri, George Suri and Francis Wasi, I know how good the Solomon Island players can be and the performance against Auckland City was much improved.

This will be a tremendous &chance to forge new relationships with the Solomon Island community and Marist FC, a chance for our young players to measure themselves against same of the best in Oceania and an opportunity to enjoy a unique midweek fixture.

I have some people to think. Firstly, Seamus Marten. Seamus has been one of the best signings we have made. His contribution as a goalkeeper, his contribution to the team spirit and his amazing work in Auckland hove been absolute. How he

Ngaruawahia v Marist Photo Album

balances his professional life with driving down from Auckland and playing for us has me baffled. Ngaruawahia United is lucky to have him.

Without Seamus we would not have the link to the rest of the Oceania Confederation and, consequently, no game today. Seamus's sterling efforts at a time when he is trying to run the Oceania Club Championship, all for the love of the game, all for the best interests of Ngaruawahia United, Marist FC and the Solomon Islands, make us all truly Indebted. Every time we spoke on the phone I could hear how stressed he was, yet he still delivered to Ngaruawahia United without fail.

The next time you see Seamus, please make the effort to shake his hand and say thanks. His efforts have been remarkable.

A big thank you also to our guests. Your efforts at the Oceania Club Championships were impressive, particularly in the game with Auckland City.

Patrick Miniti has a background in the Waikato and his enthusiasm to help us forge a strong relationship in the Solomon Islands has been ground breaking. Patrick is one of the games true gentleman and his values and principles were self-evident when we met In Auckland last week. I hope one day we can see some of the best Solomon Islands talent turning out for Ngaruawahia United...and maybe some of our strips and boots and equipment and - who knows - maybe even a Ngaruawahia United team making their way to Honiara and being seen in the wider Solomon Island community.

Finally, a massive thank you to ALL out wonderful club members and our President Maxine Williams who have mobilised at the last minute to help make this fixture happen. Thank you for recognising what a wonderful opportunity we have before us to launch the Ngaruawahia United name internationally and to welcome some new talented guests into our warm family atmosphere.

As always, you are the backbone of the club and from everyone in the first team we thank you for helping create a special memory for us to cherish and enjoy.

What was said in 2006

- "I find that the harder we play, the luckier we seem to get." - Daniel Field.
- "Playing soccer is silent poetry." - Stanley Waita.
- "Half this game is 90 percent mental." Gordon Glen Watson.
- "Never interrupt your opponent when he is making a mistake." - Scott Granville at halftime against Rovers.
- "The difference between 'involvement' and 'commitment' is like an eggs-and-ham breakfast: the chicken was 'involved' - the pig was 'committed'." - Gordon Glen Watson before the Wanderers Chatham Cup game.
- "If you are going through hell, keep going." - Mark Phillips to his fellow defenders during a break in play.
- "I did not fail. I'd just found another defensive move that didn't work." - Jonathan Keenan after letting in that soft Rovers goal.
- "We didn't lose the game; we just ran out of time." - Claudelands' Coach after losing 6-1.
- "If you haven't got anything nice to say about anybody, come sit next to me." - Maxine Williams.
- "If I were two-faced, would I be wearing this one?" - The referee talking to the Rovers Captain during Gavin's booking in the first half last Saturday.
- "There are some experiences in life which should not be demanded twice from any man, and one of them is playing Ngaruawahia United." - Claudelands' substitute goalkeeper.
- "If we don't succeed we run the risk of failure." - Gordon Glen Watson.

WAIKATO FC BOASTS TWO NGARUAWAHIA PLAYERS

Waikato FC will have a distinct international flavour in the coming national soccer league despite the franchise saying it wanted to be a local based side as much as possible.

Already boasting English coaches in **Dave Edmondson** and **Ray Pooley** and new signing Matt Butler, Waikato FC added two more foreign players to the list yesterday.

Waikato FC said they had signed 30-cap Solomon Island international striker **Stanley Waita** and English-born goalkeeper Dan Robinson who has played for Blackpool and Burton Albion.

The signings bring Waikato FC's current squad to 12 with **Matt Williams**, Paul Caton, Stu Wilson, Nathan Holten, Nils Reardon, Butler, Michael Mayne, Shane Hooks, David Samson and Aaron Scott already committing to the franchise. Once **Edmondson** and **Pooley** were announced as Declan Edge's and James Pamment's replacements, Waikato FC said they wanted to sign local players wherever possible.

However, in their defence, **Waita** is a sort of local and there is a major shortage of Waikato-based goalkeepers –- and Robinson appears to be a savvy signing.

Waita, who has scored 10 times for his country, is currently playing for Ngaruawahia in the northern league second division and his wife is attending Waikato University.

She'll be at university for two years and Waikato FC hope Waita will be part of their squad for that time.

Robinson is the Gisborne City keeper in the central league premier division where the side are leading the table. Robinson has kept nine clean sheets in 18 games and only leaked 11 goals.

He came to Gisborne City on loan from Nationwide Conference League side Burton Albion through a connection with ex-All Whites coach Kevin Fallon and is now their academy director. During his four seasons with Burton Albion, Robinson was coached by former Nottingham Forest and England player Nigel Clough and the side gained promotion to the Conference League.

As a schoolboy he played for Derby County before signing as a 17-year-old with Blackpool where he played at youth and reserve team level.

He plans to settle permanently in New Zealand.

Waikato FC finished second-to-last in last season's national league after placing third in 2004-05. The 2006-07 league starts in October.

On Sunday 16th July a reunion of the original Dad's Army team of 1977 was held at the clubrooms.

A great time was had by all as the stories unfolded. Copies of the 1968-1993 club history books were eagerly snapped up and carefully scanned for the looks of yesteryear as the team had not been together for more than 25 years!

Thanks to Sandy and Johnny for taking photos on the day, to Eugene and James for running the barbeque and to Ryan for attending to the bar.

Ngaruawahia to Play Two International Teams

Not many football clubs can boast two international matches as a way to start a new year. Ngaruawahia united has scored a major coup by securing games against Samoa U-20 and Solomon Islands U-20 as both countries prepare for the OFC U-20 Championship in Auckland, New Zealand with the ultimate prize being qualification for the FIFA U-20 World Cup in Canada 2007.

New Zealand U-20 is heavily favoured to win their way to Canada but with Solomon Islands proving a very worthy and competitive obstacle. Perhaps the Kiwis will not have it all their own way.

Solomon Island Football Federation Technical Director Eddie Ngava will be hoping Airton Andrioli and his team will be flying for the tournament and we extend them a warm Ngaruawahia welcome.

Samoa U-20 will face a difficult task with their preparation programme only just coming together. Damian Fonoti of Waikato FC has yet to confirm his availability but will be familiar to the Ngaruawahia United faithful. Damian is a graduate of Mount Albert Grammar School under the tutelage of Kevin Fallon and is also the cousin of Australian and Everton midfield great Tim Cahill.

Of course, from a Ngaruawahia United perspective, these matches represent a chance for our players to test themselves against the best players from two nations within the Oceana Football Confederation football community. It is a rare opportunity and one to be savoured by the players.

I urge our players to give an honest account of themselves and to enjoy the chance to play top level football. These are your international caps (so to speak) and many footballers in your position would be envious of this opportunity. Always play hard but fair in the spirit of goodwill and competition.

The 40th Anniversary Anthem

by Sifta *(aka Glen Gray)*

For forty years this club has been the cream of the Waikato.
Even strangers through the door who come from far and wide.
For we are the team, all clad in green, with us they will abide.

In '68 they gathered here and came up with a scheme,
With Joe the coach and mastermind and hopes to build a team.
From small beginnings to present day and recognise a dream.

Sandy, Jim and Richard, Charlie, Morrie and all,
With leather ball and dubbin, they were a happy band.
With shirts from a far off place of a team called Sunderland.

We gather round and tell tall tales at moments such as these
As we remember who came before we will never see their like again.
For the times that we remember, brief as a shower of rain.

NORTHERN LEAGUE DIVISION 1, 2010

This was the season in which a number of Northern League Clubs, which had withdrawn several years previously to form their own Association, applied to be re-instated to the Northern League. In the wisdom of the Association, rather than require those clubs to earn their way back as other new aspiring clubs are required to do, they and all other existing clubs were placed in a "mixing bowl" to reorganise the divisions.

Ngaruawahia fared poorly in the results and rather than gaining entry to the Premier League as a result of the results in 2009, we found ourselves down in the 2nd Division.

How the 2010 Northern League season worked

- At the completion of the grading round, top eight advance to the Premier League. All grading round points and results are carried forward.
- Teams placed 9th, 12th, 13th, 16th, 17th go to Division 1A. No points or result are carried forward.
- Teams placed 10th, 11th, 14th, 15th, 18th go to Division 1B. No points or results are carried forward.
- At the completion of the Championship round, first-placed team is the 2010 Northern Premier League Champions. No teams are relegated.

All this was organised to accept back into the competition those clubs that had withdrawn several years previously to run their own competition. When those clubs found this "time out" was not successful they were included in an elimination system with teams that were originally in the Northern League.

This left a puzzled vibe in those clubs that had stayed true to the Northern League. The question arose as to why these returning club were not required to earn their right to a place in the league by doing what all other clubs were required to do - work their way in via seasonal qualifying competitions!

Phil Ruggles appointed Senior Coach for 2011

Phil arrived in New Zealand, particularly Ngaruawahia, late last year. He quickly picked up a playing position with Dunedin City in the Summer League and commuted for his games.

Originally from Surrey, England, Phil has played Conference football for Basingstoke, Woking and Bromley and holds a UEFA 'B' coaching licence.

As player/coach he and the team will be pushing for promotion out of NL Division 2 and into Division 1 for 2012.

"I would like to welcome everyone back to the 2011 season." said Phil.

"Looking at our pre-season preparations I am pleased with how the boys have come back following last seasons disappointment of a double relegation."

"Coming in this season I had many ideas. My main objectives were to get the lads enjoying being at the club again, to get the enthusiasm back into their game, get the shape right and to get the lads winning games and believing in themselves."

"We have had a few new faces come into the team - Danyon, Tom and Matt. These boys have settled really well within the squad and I believe them to be very good additions."

Phil has asked a few players to play in different positions this season and feels that they have taken all advice on board and are relishing the first team opportunities.

"During the pre-season we have played a handful of games," said Phil. "Some performances have been good, some indifferent, but overall I have been very impressed by each player.

"I am attempting to instil into all the players the ethic of working hard and enjoying their football." he said.

"We have had a good pre-season where the desired player characteristics of dedication, attitude, heart and spirit have begun to develop."

"Pre-season was to get the team ready for the challenges for the season ahead. We need to drive forward now and step up our work load even more. Have a good season lads - good luck."

"Finally I would like to wish the other players within the club all the best for the forth-coming season."

Phil has been appreciative of the solid support from the club's players, supporters and committee in his appointment.

Assistant Coach Norm Rose will attend to the Reserve side, which trains alongside the seniors as one squad. Sean Sullivan has been appointed captain of the senior side.

One of our goalkeepers, Brendon Robinson, died of injuries sustained in a horrific traffic accident in Te Kowhai two weeks ago. At 21 years of age Brendon played only infrequently for the club due to injuries. His last game for Ngaruawahia United was in the match against Hibiscus Coast, where he assisted the Reserve team in a 3-1 win before being injured off.

Sand-based pitch for 2012

The No.1 ground sees its last home game this Saturday until the start of the 2012 season in April. This is the window the Council requires to install and bed-in our sand-based pitch with a sub -turf sprinkler system and drainage grid.

Many of the current fixtures on and around the ground will need to be removed before the work commences. The work on the pitch and its progress will be regularly published on our web site over the summer months.

At the end of the 2011 season the #1 field was sprayed to kill off all growth.
After a period of time, when all vegetation had died, it was scalped of all residual dead grasses.

Cultivating, irrigating and levelling the #1 pitch.

Stephen Morrison joins the Green Machine family

Tuesday 17th April 2012

Just after midday on Tuesday 17th April, following a long sleepless flight from England, Ngaruawahia's latest signing landed at Auckland airport and was met by Senior Coach Norm Rose. Within hours he was at our Tuesday evening training session with the lads. Steve Morrison is here for 12 months and will be turning out for the "Green Machine". The 23-year-old is an attacking midfielder and was a trainee at Everton. He is a tall, elegant midfielder with excellent passing ability.

Originally from Birkdale he won England Under-16 honours as well as becoming a key member of the Everton Under-18s side. He then graduated to the Reserves setup and featured for Andy Holden's team on a regular basis before being released at the end of the 2007/08 campaign.

He moved to Southport and then Skelmersdale United before transferring in 2010 to Bala Town (Wales).

Steve has funded his own trip from England to Ngaruawahia and he has immediately become part of the Ngaruawahia United family.

U-18 League Match
Everton 2, Stoke City 0
Saturday 18 February 2006

Everton Team: Ingasson; Irving, Dennehy, Rodwell, Kearney (Molyneux 90); **Morrison**, Phelan, Harper, Vidarsson; Elder (Connor 75), Agard (Densmore 60).

Subs not used: Holt, Hoogarwaert.

Scorers: **Morrison**, Elder.

Everton virtually sowed the match up in the first 35 minutes and took the lead rather fortuitously after 25 minutes when **Morrison's** corner was headed back into his path and his low cross managed to squeeze past the visitors' keeper between his legs.

The Everton midfielder almost had a second immediately but this time the keeper made a better effort and saved from a well-struck free-kick. But it wasn't long before they doubled their advantage with the impressive **Morrison** again involved. His superb right-wing cross was headed home by Elder.

Everton controlled the match for much of the second half, despite Stoke trying to get back into it.

U-18 League Match
Leeds 0, Everton 1

Saturday 3 September 2005 at Leeds

Everton Team: Lake, Elder, Molyneux, Holt, Kearney, Phelan, Harper, **Morrison**, Dunn, Kissock, Vidarsson, Downes.

Subs not used: N/A.

Scorer: **Morrison**.

On 20 minutes, a cross from Aidan Downes on the right hand-side found **Stephen Morrison** at the far post who comfortably headed past the Leeds 'keeper. Following the goal, the Blues grew in confidence and became more settled, limiting the home-side throughout the second half to nothing but a series of long shots.

There were other opportunities to increase the lead for Everton but in the end they had to settle for returning to Merseyside having scored just one but with the added bonus of keeping a clean sheet

2012 - Field Renaming - Templeton Field

Maxine Williams (Club President), Audrey Harron (nee Templeton) and Rachael Hancock present at the unveiling of the plaque that renamed Centennial Park's #1 pitch as Templeton Field on the 28th of July 2012, as a memorial to club founder Joe Templeton.

Letter to the Ngaruawahia Borough Council

This is an exploratory enquiry regarding the steps to be taken in the possible renaming of a public park.

At the Annual General Meeting of the Ngaruawahia United Association Football Club to be held at the end of October a motion will be put about approaching the Council with respect to renaming all or part of Ngaruawahia's Centennial Park.

Two alternatives will be placed before the membership –

1. That the Council be approached with respect to the renaming of Centennial Park to Templeton Park.
2. That the Council be approached with respect to the renaming of Centennial Park No.1 pitch, adjacent to Kiatoa Road, to Templeton Field.

Rationale

Mr Joe Templeton was the force in re-establishing football in our town, following a brief presence of the code in 1921-1922. Club football was started in 1968 with the first matches played in 1969 at the local High School before being given permission by the then Ngaruawahia Borough Council to make use of Centennial Park, previously a cricket pitch.

The club has done much, along with the council, in facilitating the upgrade of the fields. The building of a clubrooms, the council adding changing and toilet facilities and the preparation and upgrading and fencing of the No.1 pitch has been a part of the scheme.

Over the past few years we have hosted international teams as well as New Zealand provincial sides (Otago, Canterbury, Wellington, Auckland) in regular competition. With the current upgrade in progress we will have the best footballing surface in the Waikato, only matched by Hamilton's Seddon Park (cricket) and the Hamilton Stadium (Rugby). This will ensure top-line teams from around New Zealand will return to Ngaruawahia to play.

The legacy of Mr Joe Templeton (now deceased) is very real and alive and we wish it to be more prominent by affixing his name to the realisation of his dream.

The Council plans to hand back to Ngaruawahia United the upgraded field in April 2012 and we would like that to combine with the official renaming of the field/pitch.

The only occurrence of a "Templeton Park" in New Zealand that we can ascertain is that of a housing development in the South Island, whereas there are at least eight Centennial Parks, the closest being in Te Kuiti.

We look forward to your response.

Steve Morrison - My Experience in New Zealand

I have been in New Zealand for four months now and in that time I have met some great friends and I have experienced many parts of what is a beautiful country.

Football (soccer) in New Zealand wasn't as big as I thought it was going to be, but with having said that, from what I have seen from my time so far, it is definitely heading in the right direction.

Ngaruawahia F.C., try to involve the youngsters in the 1st team which allows them to learn off the more experienced players. I think it is so important to have a great foundation for the club to move forward.

My season so far had been cut short due to injury against Metro the last time around. The few games I did play for Nara's I thoroughly enjoyed. My role since injury has been to help younger players develop their game and pass on my experiences that I have been fortunate enough to go through whilst playing professionally in England.

Ngaruawahia's plans for an academy to be put in place next season is really exciting and a great chance for the younger kids to become better players. It shows great intention and I know that the club has the right people involved to be successful.

Next year I would like to think that with a fully fit squad, we can aim for promotion. Keeping players like Matty, L.J and Jason will be very important to achieve our goals. Lets also hope that the younger players such as Herve, Boo Boo, Shane and Jama heave learnt and experienced what playing in the 1st team is all about.

I see potential in a lot of our younger players and with the right guidance and coaching they can transform from a good player into a great one.

We are hoping for a win today (against Metro) which would see us avoid relegation. It will be a tough battle against Metro but we know what we have to do to avoid defeat like last time.

Finally a big thank you to everyone involved in the club this season for there great hospitality throughout my injury. I would also like to thank the fans for their support this year at the home and away games!!

I will look forward to taking the field next year.

[The result against Metro was a 4-0 win]

DAYS after firing Bala Town into Europe for the first time, defender John Irving has departed for a 12-month stay in New Zealand. The 23-year-old Liverpudlian and ex-Everton youth scored the 89th-minute goal that defeated Port Talbot Town in the Europa League play-off final at the GenQuip Stadium a week last Saturday.

Irving, who has appeared for the England Under-16s, was a consistent member of the Toffeemen's reserves, being named player of the year two seasons running after being handed the captain's armband in February 2007.

He never made a first-team appearance for Everton, but was an unused substitute for the UEFA Cup match against AZ Alkmaar in December 2007.

Irving was released from Goodison in June 2009 and joined Bala at the end of August, becoming one of the Maes Tegid outfit's outstanding performers at right back and making 104 full Welsh Premier appearances, scoring twice.

Everton 2003-2009

John Irving is equally at home at right back and in the centre of defence, where his pace and determination have been acknowledged by England Under-16s.

Irving was encouraged to play football at a young age. He played for Liverpool and Everton junior squads from the age of 7.

When he reached the age of 9 he had to make a choice between the two clubs and decided to stay with team he supported, Everton.

He comes from a large Evertonian family. His middle name, Goodison, is named after the home of Everton.

When he was 14 he played his first international match for the England Under-16s against Northern Ireland. John Irving is a Liverpudlian defender who was a consistent member of Everton's reserves, being named player of the year two seasons running after being handed the captain's armband in February 2007.

Irving, who has appeared for the England Under-16s, was released from Goodison in June 2009 and joined Bala Town at the end of August.

I've really enjoyed my first week here in New Zealand. I've slept a lot since I got here (getting over the flight).

I've have really been welcomed here by the club and I'm playing with a great group of lads, always up for a laugh and they like to take the micky out my accent (but I was expecting that).

The main reason I came here was to play with one of my oldest mates, Steve (Morrison). We played together for 10 years at Everton and when he asked me if I wanted the chance to come play with him again out here there was only gonna be one answer.

I can't wait to get on the pitch and play with him again, and the rest of the lads.

NZ Secondary Schools U-19 UK Tour by Reid Drake

When we arrived at our accommodation it was apparent that this was real international football. Our training pitch was immaculate and the service from staff made us feel like professionals.

It was no surprise when we saw the Great Britain Olympic football team photo of them training on the wall. It really was a professional environment and was like nothing I had experienced before.

Our first game was a warm up against a Midlands rep team. It was only our second day in the country and signs of travel and jet lag showed. We managed to dominate the game but a lack in concentration ended the game at a 3-3 draw.

After a few hard-out training sessions it came as a surprise to us when we got tickets to watch Birmingham vs Leeds at St Andrews. For me and many of the boys this was the first time we were going to watch a pro game. This was a great experience and it ended in a 1-0 win to Birmingham.

Trainings stepped up and a week later we were ready for our first international vs Scotland.

After taking the lead and going into half time 1-0, we felt we had full control of the game. It wasn't until the 90th minute when a needless foul was given away on the edge of the box and international quality showed. A Scottish player made no mistake in picking out the top corner from his free kick and the game ended 1-1.

The whole team was left disappointed as we were 1 minute away from being the only NZ Schoolboy team to beat Scotland. The draw however, was still the best result we had ever achieved which was the positive we took from the game and would hope to build on.

Next up was the champions of the glorified Centenary Shield, Northern Ireland. In the Centenary Shield Northern Ireland won 3 games and drew once with the draw coming against England.

As we were in the changing room the Northern Ireland men were parading the shield around the little stadium and having photo's.

The message from the coach and ex-all white Danny Hay was very clear. These guys were writing us off already, show them we are no run -over, give them nothing. The approach was clear from the start as we were physically dominating 1st and second balls and the midfield battle.

Two goals before the break was enough for us to secure NZ's most glorious victory in the UK. Emotions were running very high making this the greatest achievement in our footballing lives so far…

After such a good performance we were granted with our first day out of the physically and mentally challenging environment of international football. A day out in Dublin was a good cultural experience for us all to see how people's lives are lived differently…

Back to football, our next opponent was the Republic of Ireland. After coming off a big win we were hungry for more international success.

The first half was challenging, being played into one of the strongest winds I have ever played in to. A goal to Ireland from a cross which caught in the wind and sailed over the goalkeepers head meant we went into the sheds 1 - 0 down, something we had never had on this tour.

A first half penalty save from our keeper kept the score at 1-0 and provided more hope for the team going out to play with the wind in the second half. Straight after the break we got one back through a scrappy long ball, a mix up between the keeper and centre back resulting in an own goal and the score was back to 1-1.

The game was a midfield battle and a break from Ireland resulted in another dodgy penalty which was converted this time and the game ended in a loss for us and a 2-1 win for Ireland. The air was moody as our first international defeat hit home. A game we feel robbed by the ref, was one we still had to learn from.

A quick turn around and after a 3½ hour trip to Wales from our England base we arrived to a dodgy pitch not suitable for a short passing game. We quickly adjusted and got a breakthrough when some good team play in the right areas and a cut back was finished Cooley to put us 1 up.

Only 10 minutes later a corner was headed home to make it 2-0 to NZ. The second half was similar to the first but our finishing was poor and pressure was really on when Wales got a goal on the break with 15 to go.

Determination and hard work for the last 15 meant we held on to our lead and got another International win making us the most successful NZ Schoolboy team.

The next day was the one a lot of the boys were looking forward to outside of football. A day trip to London where a lot of money was spent by the boys on gear and football shops we could only wish to have in NZ. There were floors dedicated purely to football!! Again, going to London was a great experience and one to remember forever.

The day after London we had a light training in the morning and to our delight we were told we were going to Nottingham Forest vs Leicester where NZ's Chris Wood has been playing and scoring goals regularly.

The game had extra edge as the winner was to gain a spot in the play offs for the premier league. It was a cracking 5 goal thriller with the winner coming in the 93rd minute after Chris Wood set up a team mate for a tap in and a day the Leicester fans were dreaming of.

All that was left in our way was England. The team everyone wants to play against. The country with the greatest league in the world. The history of football in the country is something different and we really wanted to be a part of it.

The English approach was similar to that of Northern Ireland in it being we were only little NZ and they were receiving their international caps later that afternoon. A toughly contested first half meant we went into the sheds at 0-0. After a strong talk we were told that all will be un-done if we don't get a result here. This is the game everyone will look at and say "but you lost to England".

Determined not to let people make these assumptions about our team we came out firing. After winning the ball high we got 1 on 1 and our top goal scorer on the tour made no mistake of the finish. We found ourselves 1-0 up vs England. Something we were dreaming of with 20 minutes left of the tour.

However a host of opportunities that could have put the game to bed weren't taken and England made no mistake of their chance when it came with 10 minutes to go and our fairy tale ending was taken away from us. The draw was still a great result and something to be proud of.

We were still the most successful tour to go to the UK and achieved some great results. The experience was awesome, training twice a day and focusing solely on football was something I could get used to. With the added experience of seeing Dublin and London and going to watch some live games it made the tour even more special.

All that faced us now was the 30 hour return flight back to Auckland!! Results: vs Scotland 1-1 vs Northern Ireland 2-0 win vs Ireland 1-2 loss vs Wales 2-1 win vs England 1-1

I would like to take this opportunity to thank all the people that have helped me get to where I am today and for making this tour possible, especially all of my family and main sponsors Mum (Liz), Dad (Paul) and brother (Danyon). Also big thanks to all the other generous groups and people especially the Mizuno Half Marathon Trust for donating and sponsoring money to help me get over there.

Thank you to the team at Narra for providing a great place to play football and grow with the game. The experience of International football was special and if it wasn't already clear to me it is after having a taste of this type of football that I now need to work harder if I am to have pro football full-time in my life.

"I kind of recall before travelling to Onehunga the unwavering belief that host clubs would graciously play fair when it came to playing in the strip that they regularly use instead of telling us to drive back to Ngara to pick up a new strip a mere 40 minutes before the game. And whilst Maxine (aka Michelle) could usually sell snow to an Eskimo on this day we were forced to play in our warm up shirts and tape numbers to our backs." Ryan Kerr-Bell, June 29th (Ngaruawahia lost the Chatham Cup encounter against Onehunga Sports 0-4)

Jemma Ratcliffe (& Steven Morrison)

These two ladies flew to the land of the Hobbits from England to be with their boyfriends, who play for Ngaruawahia.

Kirsty Taylor *(& John Irving)*

Goodbye our precious team mate,
always in yellow and never mellow
You'll fit right in a team up there
With loads of spirit and better gear!
With feisty effort you played the wing
First to celebrate and loudest to sing
You were always first on the bus
With enough energy for all of us
No longer will we see you play
But we know you're with us come game day
It will take some time for tears to settle.
We love you our precious Petal!

With the FIFA Under-20s World Cup being held in New Zealand in 2015, the trophy toured the country. On May 10th it had a scheduled stop at the Ngaruawahia United AFC clubrooms where there was the opportunity to see, and be photographed with, the trophy.

Senior Coach Appointed for 2015

Spanish professional footballer Magi Mas Manresa has been appointed as coach of Ngaruawahia United for the 2015 season.

Magi is a left-footed 29-year-old attacking mid-fielder with the ability to play on either wing. He has extensive coaching and managing experience at a variety of levels from youth upwards.

His playing record includes playing in Spain's Division de Honor, the highest Under18 league in Spain, against such clubs as FC Barcelona, Valencia FC, Espanyol and Villarreal.

At the end of his youth career he studied and qualified in Tourist Management before gaining a starting spot for the Fundacio Esportiva Figueres football club.

In 2008 Magi was awarded a Full Ride Scholarship to play in the United States for The Eagles (Embry Riddle Aeronautical University) where, for three consecutive seasons, he received the unique distinction of being awarded both Player and Midfielder of the Year.

Magi's goal for Qatar's Alba FC in the 2013-2014 season won his team the league title.

Our new coach is a multi-language speaker (Spanish, Catalan, English, French & Portuguese) and is looking forward to adding Kiwi-ese to that list.

Magi's Report

"This will be a rebuilding season for Ngaruawahia United Football Club with many new players to watch throughout the year.

"This year's squad will have plenty of young guys itching to show their talent. I see this situation as a great opportunity for these young players to perform in a relatively high-level football competition. I am sure that they will make an impact, and what is more important they will learn how to compete in a high demanding and physical league.

"We have some experienced players that will give us a good balance to the team and lead the younger ones in the training sessions and competition games. Most likely we will have some newcomers joining the team during the season.

"After a challenging preseason with four games, one win, two draws and one loss, we have seen that the team is competitive and can play against any rival. I am looking forward to seeing us competing in the upcoming season and I am very excited to see how our players perform on the field, specially the young ones. "From a coach perspective, my objective is to be competitive against all the teams and see a continuous improvement on an individual basis and the team as whole.

"I am from Barcelona, Spain, so it is obvious that our game style will be defined on keeping the ball, taking care of it, and maintaining a high percentage of possession.

"In terms of results, our objective is to go game by game competing at our best and trying to ensure a good result.

"At Ngaruawahia we are a tight knit family and we are looking forward to a nice season with exciting players and football to watch."

Magi Mas Manresa

Farewell to Mat

This week (May 16th) we farewell the Mighty Millwall Menace aka Matt Kellett-Smith. Having been here a year it will definitely leave a bit of a hole in the Narra Club family…I mean who will we take the mickey out of now!

Seriously, Matt has been awesome, mostly when its not Saturday night, but definitely someone who gives as much as he gets and is a big contributor when it comes to subject matter for the gossip columnists in the Club.

Not being able to drive in this country is a serious disadvantage given our crap public transport and it must have cost him a small fortune in taxi fares especially when he was living out in Narra.

Notorious for his late night antics, he invariably ended up somewhat lost and without a ride home which resulted in the $80 cab fare.

When he moved to town he actually got himself a bike , but that turned out to be about as reliable as his mood swings on a Sunday morning!

Working for Matt Williams as a brush hand was a real experience for all concerned but we have it on very good authority that his banter will be sorely missed however the pressures of providing lifts for him wont be….ask his mate Scott.

We know how much he has loved his stay in NZ and we really enjoyed having him here with us but I have a feeling he will miss his new flatmates a little more than us.

Sarah and Kieran have definitely left their mark on him (in more ways than I can politely say) and hopefully between us all we can convince him to one day return to our shores where he will always be very welcome.

At the completion of the first round of games the teams were divided into top and bottom six for further competition. Teams were curiously required to carry over wins and losses from the first round, which gave an imbalance to the resulting table (top right). If the competition had restarted from scratch the results would have been as shown on this table. →

2015 Reserve Team Report by Simon Milner

Well what a season and a hard learning curve for all those involved in the Ressie team, including me. It's hard to talk about our season without talking about how disappointing the results have been with a big zero in the win column until Saturday saw our first win 4-2, the first real 90min performance of the season.

Some would look at it as a huge failure but there have been many positive and pleasing things that have come out of this year. I would like to focus on these, rather than the score lines.

At the start of the season we had a total of 9 players that had played in the very competitive Ressy team for 2014 return. Three of whom were snapped up quickly by the first team, DJ, Hayden and Jared. Matt M throughout the season has ended up starting almost as many games for the first as Ressy and a late season call up for Isaac means he too has become a first team
regular.

Four other Ressy's have made first teams starts with a further 3 (yes that include you Roo) getting game time thought the year. This has for me been one of the pleasing things to come out of this year.

This season saw 5 players make their senior debut for Nga's, several had player age-group footy for Nga but most have come straight from high school football to a very competitive men's league and none of them have looked out of place.

Once you remove Roo, Kevin, Jared and Josh (pictured left) from the squad we have an average age of 18 per squad member with the norm being 17 (yes too young to drink but worse too young to drive for those that have been!) and with the experience these young men have got this year it can only but help them in their footballing future. Unfortunately with this age group also next year comes the need to move away to further their education, so we will be losing 5-6 to other parts of NZ and I hope they take with them the learnings from this year.

So what have we learnt this year?

To win you need to train, with numbers often in the single digits turning up to training it proved that no matter how talented as an individual you are this is a team game that needs a" team first stars later" attitude to win.

Experience and consistency of playing together over several years. This is a commodity we lacked this year and was often the only difference between us and the teams we played. Some of the teams we played this year would not look out of place in the Premiers Reserves competition we played in in 2014 and after talking to these teams you find out they have been together for years and a large number of them have played first team footy for their club.

This is our biggest challenge moving forward and one we have to come to grips with as a club.

And finally before I hit you with some stats I would like to thank some people. Josh thanks for all your help etc this year. Without your help and leadership I know things could have gone very pear shaped very quickly. The young guys respect and admire you and it is well earned.

Jared Williams, thanks for your help also. We are a small club with a very small number of people willing to step up, along with everything else you do your playing time, advise and help was great this year thank you.

And finally Roo (Andy Bell) not only would you pull your boot's on with a minutes notice to help out the team but for me you are the true Hero of this club. I shudder to think how much time you have sent this year getting the grounds ready for all team (be them Senior or Junior) let alone over the years.

Stat' time

- This year to date we have had 43 players take the field for the Ressy team.
- Not once has the same 11 taken the field on consecutive games.
- We have had 5 goal keepers play for us.
- Ten players have scored for the Ressy team: Dadire Odaine, Isaac Barclay, Jack Clarke, Malik El'Badri, Hayden Gunn, Reuben Henderson, Jeff Latham, Matt Milner, Hussain Mohammed & Spencer Young.
- In over 2100 minutes of play we have only given away 6 yellows and 1 red (not deserved).
- In four games the age difference between the youngest player and oldest was 36 years.

2016

The best way to get to the moon is to transform yourself into a ball and get Gemmell over there to take a penalty shot!

I hear that Shane Ridgway can jump higher than the crossbar!
That's because the crossbar can't jump!

Voluntary Withdrawal

In the 2016 season the Club decided that continuing with their presence in the Northern league 2nd Division, without a coach available for 2017, could be a disaster and, although finishing fifth in the 2016 League, decided to voluntarily withdraw into the Waikato A Grade competition.

This was the reason for the transfer out of a number of players during the off-season who wished to continue their football at the highest possible level for them, and their movement to other clubs was supported and encouraged by Ngaruawahia United.

By finishing second this season the club will be represented in the Federation League in 2018.

The club was recognised with the presentation of the Quality Club Mark Award this year.
Members of the Committee: Maxine Duffull, Lisa Williams (Secretary), Ricky Duffull, Jared Williams (President), Sandy MacDonald & Tracey Bell.

Glen Gray

Glen Gray (aka Gladys, Sideline Sam and Sifta) a past member of our club, passed away at 9:30am on Thursday 25th May at the Kimihia Rest Home.

He had been involved in many aspects of club life - player, junior coach, magazine editor, committee member, club physiotherapist, Club Captain ('82, '83), supporter and poet.

He enjoyed a solid mate-ship with Ian Miller and Ben Henckel and when Ben passed on Glen wrote this of him (right), called *Ode To An Absent Friend . . .*

Building Fever by Glen Gray

Our clubrooms – what a might feat!
Slogging away in the summer heat.
George on the ladder, Charles digging drains,
Staff' mixing concrete getting ready for the cranes.
The top floor is coming on Tuesday (they say) -
Rushing to get it ready for the day.
Jimmy is getting the beer for the men,
A break which is needed for them (now and then).
Accident-prone Glen has again cut a finger
– Up for a dressing, a beer, and a linger!
Any excuse is better than none!
That's no way to get the building done!

From the wintry Baltic shore
To the pleasant southern isles
There came a man of substance
And a heart so full of smiles.

As a shepherd on a country farm
Ben learned to love this land,
And, coming to Ngaruawahia,
It was here he made a stand.

I met him through a friend of mine
At a league match down the way.
We enjoyed each other's company,
That has lasted 'til this day.

A first-class cook at the local Café
And a solid family man,
Soccer was our passion,
'Though he was an Arsenal fan.

I was overseas on holiday,
Far from this friendly shore,
When I received the fateful news,
My mate Ben, I would see no more.

Glen's Poetic Compositions

The Narrer Knockers

When the moon shines on the clubhouse
And the match is o'er and won,
You will find us, altogether,
Boozing up and having fun.

Chorus:
We are the champion drinkers,
'Cause we do like our beer
We are the Narrer Knockers
Full of fun and good cheer.
So listen and hear,
There is no need to fear!

Our supporters all come with us
To our matches far and near.
You can hear them on the sideline,
"If you lose you'll get no beer!"
Chorus…
If we lose a game this season,
You'll not find us sad and glum,
'cause our Coach gives us the message,
"Wait 'till training night, you bum!"
Chorus…
When you see us on the paddock,
Don't we make a lovely sight?
For we look like jolly green giants
And play like dy-no-mite.
Chorus…
Now you've seen us, and you've heard us,
So you know just who we are.
When you come to our new clubrooms,
You'll be welcome at the bar.
Chorus…

Voluntary Labour

The shop, the kitchen, the toilets they say,
Due to the labourers are well on their way.
The chill-room is there, though naked of beer;
To the boys working there it must surely bring tears.
This poem was written to point out to you,
Grateful thanks are due to those boys that were few.
The voluntary labour of all of this crowd
Should make this club thankful, successful and proud.

PERSONALITY PARADE

GLEN GRAY

Hitheruntofore known as Lionel. The name change was made in an effort to get into Scotland by climbing Hadrians Wall. He was caught by 10,000 Rangers fans and deported to NZ with his mothers tartan skirt and his fathers paste brush he used for a sporran.

Taking on the aliases Gladdis, Sifter and Sideline Sam he settle here in 1960 only to discover that the other 14 expatriate Spurs supporters were living in Pakistan. Serving on HMS Gothic that brought the Queen to NZ He became a royalist the moment Her corgi cocked its leg on his bell-bottoms.

He managed the Mt Wellington Rugby league schoolboys from '70 to '72 and played for Eastern Suburbs. Arrived narra in 1973 and it was two years before he discovered the town had a soccer team. In '75 he coached both 7th and 9th grade teams.

Not satisfied with that he ran the High School 4th Div. squad in '76 followed in '77 by playing in Waikato 4th Division team.

In 1978 he fulfilled his dream by turning out for his 13th grade side on a foggy morning when he thought no-one would see! He has won the internationally coveted Toilet Seat Trophy as chief stirrer but he blotted his career and reputation when he allowed himself to be elected as Club Captain in 1980 and went on to win the Sportsman of the year trophy.

Glen's biggest achievements with the Club have been writing poetry and putting it to music, beating Ian Miller at pool and winning bets off Ian in the annual England/Scotland internationals.

Saturday Evening pre-Dinner Recognition Speech by Club President Jared Williams.

Welcome to our Celebration of 50 years of Football for Ngaruawahia United AFC.

I want to specifically acknowledge our Life Members that are present. Andy Bell, Tracey Bell, Maxine Duffull, Ricky Duffull, Sandy MacDonald, Emmett Connolly and Liz and Charles Gorman were here earlier

They have made and continue to make massive contributions to keep the club going, offering fantastic facilities, a fun environment and a drive to showcase top level football in the Waikato.

As a bit of an outline, I have a few thank-you's, and then we will have some Special awards to hand out, before everyone can get back to conversing. Dinner will be served at 6.30pm.

Wow, the place looks fantastic, and I'd like you all to know who has helped make it look so great.

Waikato District Council has contributed some funding to enable us to update some things, like our wicked new sign on the front of the building, they have also done some tidy up work around the facility to help make it look great. Special thanks to our Councillor Eugene Patterson, please pass on our sentiments of appreciation to the rest of Council.

The fields, as usual look amazing and Roo our evergreen groundsman has put in so many hours getting the surface looking like a pitch straight out of the Premier league. It really was a pleasure to play on today, I, and I'm sure every player who has ever had the opportunity to play on that field will join me in appreciating the efforts you have made in preparing such a fine surface, conducive to top level football.

The Clubrooms and Changing facilities have been painted by Matt Williams and his team at Academy Painters over the last 3 weeks. It looks so fresh and clean and professional. This Club now looks like the gem of the community we know it to be. It was a massive undertaking and we all thank you for what you have done for our club.

The inside also has had a pull through. Ricky Duffull has been down here almost every day since retiring, painting the toilets and the rest of the clubrooms. It's so much brighter and is something we can all be proud of.

Now, there have also been many helpers, who have come in and done jobs along the way. In particular, I'd like to acknowledge,

- Jeff Tozer – who has spent every Friday down here over the last few months,
- Ben Latham – for doing an array of building work,
- James McCaig – for being our rubbish collector,
- Liz Saunders - helping out anywhere,
- Emmett Connolly & Neil Morrell (Poss') – helping with the painting work inside,
- Michael Sluys – for sorting out our most recent electrical issues,
- David Bell – for making the beer taste so good,
- Tracey Bell – our in house artist, who has decorated the place,
- Shane Atkins – for our new spouting,
- Brooke McCaig – for painting the sign on the recording tower,
- Mary –behind the bar, and
- My darling wife – Lisa, who's been cleaning away and become the local courier driver.

They have all been down here, chipping in and getting things ready so that we can all enjoy a great weekend in this fantastic facility that means so much to us all.

Obviously there are a couple of key people missing that I haven't spoke about yet. Maxine Duffull and Sandy MacDonald. Two people who have made such massive contributions to this place over the 50 years that it has been running.

Sandy has captured the History as it has unfolded. He has captured memories, good times, good days – He has made our club famous, through extensive match day coverage, professional match day programmes and he connects our friends across the globe that we have not seen for a while.

If you haven't been upstairs yet, please – take a walk down Memory lane, review the over 500 page Jubilee book which captures our history and tells our story. Better yet – order your own copy at the bar, a fantastic piece of history for only $50!

Sandy hasn't been alone in pulling this together, he has had a little help from someone who has been around just as long as him…although their combined memory is a bit on the dodgy side, they have bounced off each other to remember the great times, the names of past players and members to be able to compile the Jubilee book.

Maxine, - my Mum, "Mum" to just about all the players at this club over the last 30 years. She has been the energy, the passion, the fun that has made this a great place to be We've had a few boarders stay at our house over the years, firstly they came from greater Waikato, then the world, enjoying Ricky's cooking. They only got to stay if they enjoyed football as much as she did! She would watch football all night long, get up - ensure her kits were clean (sometimes cleaned with toothbrushes'), funding applications and accountability reports submitted and then make the odd pot of soup or something to feed the starving masses after training nights.

Mum has committed her entire life to this place. I have no doubt, as a new President of only 5 years, that

Senior Club Centurions (100+ games).

Recognition of Members video.

Double Centurions (200+ games).
Steve Williams (229), Andy Bell (361), Matt Williams (253), Johnny Bell (285) & Mark Phillips (304).

without her, this club would not have achieved as much as it has on and off the field. In fact – I'm not sure it would continue to exist.

Without all of the people I have mentioned, this club would not exist.

There is a challenge for the rest of you, I want you to have a think about something – "*What have you given back?"* Or in Tracey Bell's words, "*What have you done for your club lately?"*

The club still needs your support, your time, your input and energy. If you can't manage these - then please – just send us some money!

Please put your hands together to thank those people for their contribution to this great weekend and our history.

Moving on, we have some special awards that I'd like to present. If I could ask:

197 CLOUT Graeme	176 SULLIVAN Sean
168 KERR-BELL Ryan	168 TOZER Jeff
164 VAN HOUTTE Phillip	157 DALY Andy
143 BROWN Glenn	139 STABLES Phil
138 CATLEY Andrew	136 WATENE Stu
134 CARLSON Grant	133 CROWE Sean
133 HELWIG Nikolai	129 BARAKAT Chris
126 LIDDLE Michael	120 McMILLAN Paul
120 ROJAS Rodi	117 CARGO Jason
117 KAUTAI Tim	113 BLUCHER Ken
102 BATES Wayne	

These people are First team Centurions. There are a few more, but unfortunately they aren't with us this weekend.

If I could ask: Andy Bell, Johnny Bell, Steve Williams, Matthew Williams and Mark Phillips up here. These five people are the clubs only Double (and Triple) Centurions. As a club we haven't always consistently recognised our centurions or our Double centurions for that matter. And we would like to start that now and have a formal process going into the future.

We have decided that from now on, and including the Centurions and Double Centurions here, that we will start a wall of fame in our foyer. Centurions will be given a name plaque on the wall to recognise their 100 first team games. Our Double Centurions, like our life members, will have their photo placed on the wall. The photo, will be accompanied with their career statistics to immortalise their on-field contribution to this club. And it is symbolic that they are recognised in the same space as our Life Members and Patron.

Please, as a sign of respect, put your hands together to recognise their achievements.

Lastly, as this is a momentous occasion for our club, we have taken the opportunity to recognise some people and their contributions over the years. We have four Life Member Nominations.

Life Membership is a special honour to recognise those people who have given up a significant part of their lives, dedicating their time and effort to the good of the club.

- Our first nominee is Rose Connolly for Administrative services spanning over 20 years
- Our second nominee is Jeff Tozer for Coaching and Administrative services spanning over 30 years
- Our third nominee is Matthew Williams for Services to the Club spanning over 20 years
- Our fourth nominee is Tui Morrell for Services to the Club spanning over 20 years

Well, with that concluded. I'd like to wish everyone an awesome night, we hope to see you tomorrow for our memorial service for members who have since past and a brunch to round out the weekend.

If you are needing a ride home, thanks to Robbie McLean, we have some Shuttle buses on offer, please see Mary at the bar, who has a list of shuttle times and spaces. Thanks to Des, our wonderful driver who will help you get home safely.

Finally, thank you for coming and being a part of our celebrations, and our history.

- Jared Williams (Club President)

ST JOHN'S

Ngaruawahia United AFC
50th Jubilee
1968-2018
12th - 14th October 2018

ST JOHN'S

Sunday Morning Remembrance Service, Brunch & Clean-up.

The brief service was conducted by Trish Forsyth.

I am Ngaruawahia born and bred and very, very proud of our beautiful town, and I congratulate Ngaruawahia soccer on your 50th Anniversary celebrations.

It is my very great privilege and honour to be here today to first give thanks to those members who have passed. I am sure there has been a lot of reminiscing this weekend, so let us take a moment to remember them.

It is also important that I would like to thank our volunteers. Ngaruawahia has a very proud volunteer history, from Plunket to schools, the arts and culture and through to our senior citizens. But I personally love the wonderful sense of community amongst our sports clubs and the many volunteers it take to run these organisations.

I have great memories of the 80's when all our sports clubs were top-rated and how hard it was even then to work to keep a sports club thriving.

Volunteers work in the background, sometimes forgotten and often over-looked as they are "always around doing things" and this just becomes the norm.

But to go back 50 years, when soccer was first played on the cricket pitch here, where your number 2 field is today, there would have been dreams, but in reality who would have thought that there would be this very successful club with such wonderful facilities that you all enjoy today.

We have to give thanks to all those wonderful volunteers, both past and present, who have toiled over these years to make this club what it is today.

Again, think back over the past year, month or even week - what were you doing? The work it has taken to co-ordinate and put this wonderful weekend together, and it has been a very busy time, and again it is the volunteers who have been toiling behind the scenes to make this 50th Anniversary celebrations such a success.

I think this Volunteer poem is quite apt, short and to the point:

The key to our success
Rests in people like you
Who embody the spirit of greatness
By saying "Yes I can, and you can too".

Thank you again for the invitation to speak, and in closing we can all finish by saying the Lord's Prayer.

Our Father who art in Heaven
Hallowed be Thy name.
Thy kingdom come,
Thy will be done
On earth as it is in heaven.
Give us this day our daily bread
And forgive us our trespasses,
As we forgive those
Who trespass against us;
And lead us not into temptation,
But deliver us from evil.
For Thine is the Kingdom,
The power and the glory.
For ever and ever.
Amen.

Thank you, and I hope you enjoy the rest of your day.

At the remembrance service, the names of members known to have passed away were read.

Four weeks after the 50th Reunion a 578-page book was published.

Personality Parade

Tongue-in-Cheek articles authored by Gladdis and Squirrel.

Staff Magee

1977-80

Staf was born in Masterton a few years ago and started soccer at Technical College and was a Manawatu rep from 12 to 18 before playing for Kiwi United.

Came to Narra in '75 as transport manager for a local haulage firm and played in the original Dad's Army team. His penchant for pies was staggering where he averaged 6 per Saturday (and that was before he took the field!).

He was top scorer for many years with 28 goals in one season, only beaten in 1992. He could score with either foot, his head or his backside. His size 12 boots have since been donated to Turangawaewae Marae as a war canoe named Waka Magee.

Just before the donation the club used them as the raft in a raft-race but the water got in the lace-holes and the raft sank.

Staf was responsible for all the cartage involved in the construction of the current clubrooms and took his leisure on a Saturday afternoon in soccer matches by clearing the trees behind the southern goal with his wayward shots. The gap in the treeline is still there as a memory to his shooting power. The sole remaining tree remains at an angle where Staf gave it a glancing blow with the last kick of his career.

On the field he was like an amiable chainsaw, always smiling as he cut down the opposition.

BEN HENCKEL

1977-92

Known locally as the Danish Cheese,. he was born in Esbjerg *where* he played for the local school champions (but not immediately after his birth!). He arrived in the Land of the Long White Soccer Pitch in 1958 and became a sheepherder but gave it away when he found himself baa-ing back at them. The tendency stayed with him and can be heard whenever he sings!

He played soccer for Otorohanga (1958) and then Wanderers (1959-61) when he had his own restaurant in Frankton. In 1970 he arrive in Narra and opened up the old 24-flour takeaway on the main road.

He played for our 3rd Division in 1977 and was voted the most Valuable player. Moved on to coach the Thirds in 1978 when they won the Ronnie Johnson Memorial Trophy (a local pre-season tournament). The following year he lead the team to a 2nd Division title.

Ben still has a goal of playing Northern League on his 60th birthday so he can add to his personal compilation of "The Henckel Footballing Crapbook".

EDDIE CALLAGHAN (Snr)

1983-88

Eddie was born at Boldon Colliery, County Durham starting his life as a pit pony and his sporting career as a hockey goalkeeper (as evidenced by his declining hairline a result of trying to head the hockey ball clear). In the early '50s he served as a medic in the Royal Army Medical Corp (RAMC) which backwards reads Can't Manage A Rifle. Came to NZ in 1971 as a leg splint on the new Auckland Zoo giraffe and settled in Dunedin as cheer-leader for Dick Plume's PomPom Squad.

He spent his time as a supervisor in the parcel sorting office of NZ Post where he was known as Colonel Klink of the Lost & Lost Again Dept. His football management career started with Claudelands Rovers where he managed his son's junior side for two years.

Joined Narra in '82 as manager of Bernie Carmakahzee's Samurai Squadron bringing with him a remarkable memory knowing 26 verses of the Bladen Races (backwards).

DAVE BLACKETT

1981-84

Known as Dipstick Basher or Abdul the Bull-Bull he had played soccer since his schooldays (apart from one season as an A Grade Rugby player). He soon went back to soccer when he found the forwards were using him as an air cushion in the scrum.

Born in Warkworth (south of Afghanistan and north of Bluff) he played for North Shore and for Takapuna when they were Northern League winners. He captained Northland for two years where they were the only team to draw with Auckland (the other teams all beat Auckland!).

Seven years with Whangarei were followed by Wanderers, then Narra, then Wanderers and finally common sense prevailed (he ran short of petrol) and he stayed with Narra.

He made his mark here early becoming the Horizontal Champion, winning the Golden Blanket Trophy through having the loudest snore. We found out later that this was the reason he was asked to leave Warkworth - his snoring was interfering with the Warkworth Tracking station.

SEAN CROWE

1981-82, 1985-93

Sean was born just a short distance north of Ngaruawahia in a place called Manchester where he claimed a playing acquaintance with the Salford Under-16s as well as Manchester United.

Arriving in NZ as a tail-gunner in a Tiger Moth he pulled on the Hamilton 1st Division strip and warmed the bench for their national league on several occasions.

His transfer to Narra in 1980 cost the Club two left football boots and was well justified as he kept goal well against all players except Steve Williams back passes.

His adoration for Mickey Mouse commenced when he realised that Mickey had ears just like his own. Although mellowed by the years Sean can still be remembered for his grasp of the English language during training sessions and sometimes in competition with such memorable utterances as:

- "Get yer ****** inta gear, ya stoopid git!"
- "If ya kin doo any ***** better, get in here and try, ya useless *****."

IAN MILLER

1976-96

Known as Jock and sometimes Muller he was born in that Never Never Land north of England in a place called Alva, Clackmannanshire. He reckons that if Clackmannanshire were in Wales it would have been called Clackmannan-shiregogogog!

He came to NZ in 1956 as a mere sprogg of 16 (not his IQ) as a trainee Haggis-basher. As an avid soccer player he was recruited into the local Forrest Lake football team (wrong football, they played League!) before suddenly switching to Tech Old Boys (before they became Hamilton AFC). He stroked a ball about with them for 5 years and in that time represented Waikato in the Under-18s under Ron White and Arthur Parker.

A machinist/cabinet maker by trade he put his skills to the test by building crates for the Apple and Pear Board and knocked together the upstairs bar.

He is a connoisseur in the rare art of whiskey-spilling and is invariably conned into betting for Scotland against England in soccer internationals, thereby regularly losing all his pocket money.

As a die-hard Rangers fan Ian was horrified to find out that Narra wore Celtic colours (green) until he worked out a compromise by wearing blue underwear. As a typical scot you can always find a fork in his sugar bowl and chalk marks up the side of his milk container.

Ever wondered what happened to the top of his finger? Well, he lost it trying to dig his 20 cents back out of the pool table after losing a game to Glen Gray!

BOB O'LEARY

1982

In 1981 Lyn Everleigh (Secretary of the Junior body) press-ganged Bob into coaching his son's 9th grade team, thus starting his pro career with Narra. This happened despite Bob's protestations about not knowing anything about the game. "Just the person we want, then!" said Lyn.

That season came and went - and so did Bob! Then at the Senior AGM in November he found himself on the Committee closely followed in 1982 by coach of the 11th grade, a qualified member of the Waikato Referees Association and also a Junior Committee member.

As a pipe smoker he used this to his advantage on a number of occasions on foggy mornings to puff out extra clouds to convert the fog to smog and get his team to score in the confusion!

BARCLAY McGHIE

1977-84

Barclay had a rather colourful nickname but, like the Dog of Footrot Flats, it cannot be divulged.

Big Bark' was born in Glasgow (where the inhabitants all talk like they have a mouthful of haggis) and came to NZ when six strapped onto his mother's back.

He played schoolboy soccer for Waikato and North Island Juniors, making his Northern League debut with AFFCo Rangers when just 14. He continued with AFFCo until their amalgamation with Ngaruawahia in 1977 and has been a squad regular apart from two visits to France.

In France he worked as a painter on the Eiffel Tower, Notre Dame and the Louvre (where he gave the Mona Lisa that enigmatic smile!). He played part time for a local team called Callas while part-timing as a grape-treader in a French vineyard.

He took Karen with him on the second visit where they worked as Apache Dancers in a Cafe. It was learned that Karen did the violent parts of the dancing thereby training up Barclay for his future soccer techniques.

Always known for getting seasick in a waterbed they only way he could get to sleep was get Karen to tickle his backside with a feather!

DICK PLUME

1982-84

Lincolnshire (just out of Taupiri) was the birthplace of Richard (Dickie) Plume way back in the mid forties. He was known to many as Hello Sailor and was only just taller than he was wide.

He played for Leicester Senior Amateurs as Captain for three years as well as for Ipswich before coming to NZ as deck cargo on a submarine. Here he joined up with Caversham, Dunedin City and was an Otago representative. He moved on to Rotorua City for a season, and then to Hamilton's National League squad for three years. In 1982 he moved to Narra as a defender.

His transfer fee of two jugs of beer and a packet of chips was kept secret until he applied through the Privacy Act to find out what it was two years later!

Popeye and Olive Oil had a dramatic effect on Dick's progress as a footballer. His ability to squint at the referee while biting his tongue was only overshadowed by the over-sized boots he wore and the severely combed-back hair style.

He proved to be a great addition to the club and could be counted on to flatten at least one opposition player per game, and could never get away from the reputation that he was the original Lincolnshire Poacher - a case that still remains open at Scotland Yard.

BRUCE MCINTOSH

1977-87, 1991-93, 1999-2004

Bruiser or Fifi was born in the Ngaruawahia Nursing Home (which they promptly closed down after they saw him). He played Rugby League since 6 years old and was in the NZ Under-15 League side that met New South Wales.

He started with the Green machine in '78 and was a member of the victorious 3rd Division side when it won the League.

A building Constructor by trade he majored in Apple & Pear Board boxes, moving on to specialize in outhouses. He now works on match-boxes for Bryant & May.

He is a speedy player who delights in zipping down the wing, ball at toe, and just before reaching the goal-line he scoops it up and dives over for the touchdown!

His other interests include squash (those things that look like pumpkins) and is a fair pool player (when he can keep his feet dry).

CHARLES GORMAN (Jnr)

1969-76, 1982-2018

Affectionately known as Chas' he had a schoolboy career in Rugby League as a winger and as a half-back for Ngaruawahia and Waikato. He tasted soccer at Ngaruawahia High and has been a Green Machinist ever since.

He used to be 6' tall in his teens until his father had him practice-heading a medicine ball. He was adept and skilled with both feet, finding no difficulty in tripping over either and was a regular recipient of the Broken A*** Trophy every year since its inception.

As a mechanical fitter he spent time working on garage forecourts cleaning the few windshields he could reach, in the Horotiu Fitters Shop as teabag boy and in the Mines as coal cleaner.

He has served the Club over the years in administrative positions across the board and his chair-bashing days have become obvious as certain parts of his anatomy have reshaped themselves.

SANDY MacDONALD

1969-2018

Alias McBandy or Crayfish Legs started his soccer at Huntly College in 1958 as Fullback/Goalkeeper and moved on to keep the nets at the Hamilton Teachers College from 1963 to 1965 continually confusing the opposition with his lily-white legs into thinking there was another set of uprights to the goal.

While at Teachers College he turned down offers from Claudelands Rovers and Wanderers who wanted him to play a specialist role as a corner flag.

Huntly Thistle took pity on him over the next three years and gave him a warm spot in goal for their senior side which played in the Auckland B competition.

He came to Narra in 1969 as an original member and became involved in Club administration, coaching, training and playing. It was in 1964 that he shared Player of the Year with Chas Gorman (collectively known as Abbot & Costello).

Sandy has managed to stay injury-free since 1958 due to a cunning ploy of goalkeeping behind the net! He occasionally grows a beard and ends up looking like a chorus girl in the Muppet Show.

One of the projects he claims he never should have started happened in 1977 when the weekly club bulletin "Centre Spot" commenced, died briefly for three years then resurrected itself to be later taken over by Glen Gray and Brian Webb.

This year (1993) is the first time in 36 years that he has not taken the field in a competition match but claims the thrill of emulating Gladdis Gray (Alias Sideline Sam) when, in 1992, he played several Waikato 1st Division games with his sons Andre and Regan.

PHILLIP HUNTER

1981-82, 1991

Phil answered to the name of Wurzel (a wurzel is a type of turnip), and was given that name as he would turnip to every game of soccer in Narra. Phil resembled the lead drummer Floyd of the Muppet Show and had a distinguished career as a Rugby League Schoolboy Rep' until he ripened into an old 13 year-old.

He played Cricket for the Lower Waikato Schoolboys and has represented Waikato at Senior Golf (with a modest handicap of 36). His other handicap is hitting the ball! If he can't get a medium-sized soccer ball into a 192 square-foot goalmouth what could he do with a golfball?

He followed his cousin Micky Dribble into the Narra soccer scene in 1978 while working as a mynah (he was often seen cadging bread-crumbs and chasing after the other birds!).

He was born in Huntly and raised (with a jack) in Pukemiro. He was a very capable goalkeeper. He learned his keeping skills in the mines. Whenever a shot-firer set off the charges he would catch the lumps of flying coal to take home for his mum.

He was a tireless worker on the field, like a terrier always chasing the ball, sometimes picking it up in his mouth, scampering over to the goalposts and cocking a leg!

THE DUFFULLS

1977-2018

Alias the Three Stooges, these lads are collectively known as Duffull Boy, Duffull Bag and Duffull Coat.

- DAN: Dan the man or Daggy Boy.
- CHRIS: Pee Wee.
- RICK: Tricky Ricky.

Three of these lads were born in Ngaruawahia while the other wasn't and, like most lads, learned their trade in the hurly burly of Rugby League football and still use League tackles against unsuspecting opponents - one under, one over, and one up the Khyber!

Split up to evade capture, Dan joined Cameron AFC while Chris and Rick attached themselves to AFFCo Rangers.

All three continued their nefarious occupations disguised as freezing workers where they were often found in the holding pens dressed as sheepdogs, rustling the stock! They were, at one stage, caught on the training field at AFFCo by Club Coach Dave Hall. They had painted 15 ewes green and were in the

process of selling them as 1st Division players!

As avid duck hunters they often returned from the wilds with a mixed bag of trophies - ducks, geese, Dan's dog, the ginger torn from next door, headless decoys and two of Rod Hill's toes!

Since invading Narra United they have moved into the spheres of infamy through poaching balls, stealing goals and shooting up the pitch. As to their present whereabouts it is believed they are under cover as aspiring un-retired players. It has been found that these men are dangerous and, if encountered in the clubrooms all are advised to take care.

These men are dangerous to the unsuspecting and will often ply victims with treble rums, tequila sunrises and ouzo dynamite, rendering them comatose before making their escapes.

GEOFF HARMAN

1981-82

Known as Noodles from his job as a cook in the Army Geoff played for Rotorua Schoolboys for 8 years until he was 14 then had a breather before joining the military at 16. He subsequently made his name playing for the Army team until side-lined for a season with injury.

While on a Singapore posting he turned out for Army against The High Commission side and the Embassy side. When not on duty poisoning the local troops he side-lined as a rickshaw boy where he met and married one of his passengers, Ivy (although he claims they met in a paddy field while planting rice).

He joined Narra in '81 and soon made the Northern League. Since then he has been trying to model his wife (oops, life) on the Swedish Chef from the Muppets.

GEORGE SUNNEX

1969-93

An ex-schoolboy Rugby League player who graduated to the round-ball code when one year they ran out of Easter Eggs and had to make do with blackballs. George's early life interest was in wrestling heifers and he became the South Pacific All Star Heifer & Bull Skipping Champion.

He was introduced to the great outdoors by a great Aunt in Jumping Jim McCaig and Richard Saville when they played for the Wheeltappers and Shunters Club. He was a founder member of Narra in 1969 and was awarded Player of the Year in 1970. As no trophy was available (the club was too poor), Janet cooked a haggis and mounted it over the fireplace. It would have been there to this day but Ian Miller discovered it and ate it.

George could always be heard on the field calling for the ball, and once he called for it in a Northern League match, forgetting he was a spectator!

In the early days before the clubrooms he was in charge of the outdoor khazi's and one evening as he struggled with Glen Gray to empty a very full container in a high wind, the inevitable happened and they were both banned from the club for a week until the smell had worn off!

IAN PRETSWELL

1983-84

Born in Sidney and was growing well until a kangaroo landed on him once (or was it twice?). Because of this, Ian's reading ability slowed down, so this column is being typed slowly so Ian can read it.

His eyesight wasn't the best either. That is why he was called Fractured Fender.

Of Scottish extraction Pretz was a staunch soccer man and started out by kicking a haggis about. Known as the Kenny Dalglish of the Kindergarten he had to keep his legs covered as better were seen holding up a table.

He played schoolboy soccer in Oz before coming to NZ in 1966 on a wayward surfboard from Bondi Beach. He played for Claudelands and Wanderers (earning player of the Year at both clubs) before joining the Green machine as a midfielder and the resident Thunderjaws.

He ability to kick with both feet had to be seen to be believed but, as no one had ever seen him do it, it was not believed!

NELSON GRANDONA

1980-84

Known locally as Poppa he was called Polio (meaning 'chicken') in Chile.

Nelson played as a youngster in Chile with Dynamo and had a season in Canada playing for an Italian side where, in one game the elastic of his shorts gave way, creating a draught in his nether regions.

He came to NZ in '79 and played for Fraser the year the great Donnybrook erupted. he subsequently joined Narra as he thought the standard of Kung Fu was higher.

His job as a welder at Gallagher Engineering lead to his knees being further apart than his ankles through sitting astride gas bottles.

Nelson showed the club how he could bend the ball on the field and bend the elbow over the bar.

NACHO REYES

1980-83

Napper (or Boyo) was born in Valparaiso (Chile) and was soon to become known as the Chilean Chihuahua.

He played schoolboy football and Under-19 reps for Quillotas Dynamos and will always remember a fantastic shot at goal where he nearly tore the net off the posts. After his exuberance had died down he embarrassingly walked into the goal to retrieve his boot, the ball hadn't even moved!

He said that he had learned his skills by chasing Llamas through Chilean police riots squads! In 1976 he and his brother Jimmy arrived in NZ and turned out for Fraser and the Hamilton Under-19s. He was a member of the Fraser side that engaged Narra in that infamous Battle of the Waikato (where most of both teams got really friendly!).

He was so impressed with our fighting spirit that he joined us the following season so he could teach Dave Hall how to speak Spanish so that more intimate conversations could be arranged with practicing referees.

MIKE HEAPPEY

1978-83

Known to many as Snoz and to some as Boof Head.

He started his skills early in life kicking the family hamster against the side of the house, then going on to represent Waikato schoolboys from 1965 through to

1969. Northern League with Claudelands Rovers from 1966 to 1974 came along with a stint in the NZ International Tournament squad in '69 at the Merderka Tournament (luckily Mike caught laryngitis and had to stay home!).

He played around with AFFCo Rangers for four years before arriving at Narra on a Lend/ Lease arrangement - AFFCo lent him, Narra leashed him!

Mike compliments his soccer with other sports such as cricket, golf, snooker and darts with equal skills. He kicks over the cricket stumps, strikes the golf ball with the outside of his foot, can't get the ball into any of the pockets in snooker, and needs a long run-up in darts!

An electrician by trade he did a lot of work on the clubrooms. His legacy is still with us. When we open the fridge door the stove turns on or the club alarm goes off when the telephone is answered..

He is a two-footed player (both of them the wrong ones) and was often seen clearing the tops of the pines when shooting at the southern goal.

KEITH MACKRELL

1977, 1982-83

Known as Snapper, Fish-head and The Flying Ferret Keith didn't kick a ball seriously until he was 15 having been a rugby adherent.

Playing for Ngaruawahia High School he top scored with 37 goals from 9 matches followed the next year with 16 goals in the Waikato 2nd Division. Known for his electrifying speed he was often approached to be the hare at greyhound meetings.

With a desire to succeed Keith trained four nights a week, twice with the seniors and twice with the women's side. He supplemented his training by trying to date Dave Hall's daughter and had to spend the early parts of his visits dodging bricks thrown by Dave!

MIKE LIDDLE

1972-85

Mike played League at Glen Afton until becoming 13 then changed to soccer under Paddy Murphy at Huntly. At 16 he reverted for two years back to League and then signed on for the AFFCo Rangers 2nd Division side. During these formative years he was in the Waikato Reps with Les Vuletich.

He was nicknamed Sunshine by Dave Hall (who called everybody Sunshine!) and was known to be a regular battler. He had more lumps on his legs that a poor liposuction patient and had a neon-light beard (off -on-off-on). He claimed he learned all his skills from the Beano and the Dandy comics especially from the character desperate Dan. Mike had a powerful shot in both feet (but not at the same time) and loved breaking crossbars, nets and keepers' fingers.

MALCOLM BURT

1969-93

Bertie (obviously) was born in Upper Hutt but as his parents loved in the Lower one they sent his food up to him on a rope.

Bertie has played for many teams, not always successfully. He spent some time in Fiji with his father where he used to dribble coconuts amongst the tree. He tried heading one once, that's why he now wears glasses!

He has played for Melville and has attended Canterbury University, gaining a degree in something or other. He then played one season for Huntly and became an original member of the Green Machine when it was just a Dinky Toy. He has played at all levels and, as he does not have a left foot, he has spent most of his playing days at left fullback.

There was a time when he was moved into the strikers role. He had a point-blank shot at goal from 2 meters out and creamed the corner flag.

JIM BARRY

1982-84

Known affectionately as Old Knobbly Knees Jim was born in the Emerald Isles in a hitherto unknown village called Limerick. Once this became known Glen Gray made up a poem ..

There was a young fellow called Jim
Whose legs were uncommonly thin.
Now, one shouldn't sneeze
At his knobbly knees
Cause the fault doesn't ly just with him!

He played his early football in England at Elsmere Port before travelling to NZ as the principal ballerina for the Bolshoi ballet. He kept goal for Hamilton and Courier Rangers before joining Narra in 1982.

He was a plasterer by trade and was called upon to contract for work on McSporran's (John McDermid's) jaw. It can be revealed that the author James Barrie used Jim upon which to model his Peter Pan character.

Jim met Bernadette at the Waikato Hospital following a double knees operation which left a permanent smile on each patella.

The operations were a success and it was not long before Jim was giving flying lessons between uprights on the AFFCo soccer pitch on Tuesdays and Thursdays while trying to pick off the back passes from Steve Williams and John Mohn.

JOHN STEWART

1981-84

Defender of the Faithless John started his career with East Coast Bays moving from Juniors to Seniors faster than it takes to break a leg.

An electrical supervisor by trade he travelled extensively overseas and played in Libya where he was made an honorary Sheik, presented with a caravan of camels and a harem of goats.

He moved on to Northern Ireland where he put his skills to use dodging grenades from the IRA and plastic bullets from the army. He used this ability when playing for Huntly Thistle against Narra between 1976 and 1980.

He moved to Narra for the transfer fee of a bag of nutty slack where he immediately commenced a series of enviable self-destruct activities, breaking various legs three times and various knees five times. It came to the time where Narra had a vet standing by during games in case John needed putting down!

JOHN McDERMID

1982-87, 1990, 1993

McSporran was born in Greenock and known as a young lad by the name of Bostick but eventually graduated to Uhu as he never let go of the ball.

Johnny Mac played as a junior for Port Glasgow Rangers first as an amateur then as a semi-pro. He became involved in county teams and was offered trials with Everton and Coventry.

The Tail o' The Bank off Greenock is where sea vessels do their speed trials over the measured mile and John was discovered there water-skiing behind the QE2.

He came to NZ in 1975 and turned out for Hamilton the year they won the Air New Zealand Trophy. He transferred to Courier Rangers for a season in '78 then bounced back to Hamilton. He accompanied the All Whites on their 1979 international tour.

Arriving at Narra in '82 on a Penalty Scholarship he was soon warned that if he missed any more Hamilton could have him back! John was easily distinguished on the field by his spring-heeled walk and his soft Scottish brogue saying "Kick it wi' ye heed, Jock!" and advising the referee on the finer points of football.

One of his time honoured quotes was made in 1982 after Narra's 7-1 win over Point Chevalier - "The game could have gone either way, until I scored the sixth!".

JOHN MOHN

1979-83

John is known nationally as Ivan the Terrible and started soccer in Primary School with Waikeria Old Boys.

His playing experience included Tech Old Boys (Hamilton) 1970, NZ Railways 1971, Wanderers 1972-74, Fraser 1975-77, Narra 1978, back to Fraser, back to Narra, back to Wanderers, back to Narra, back to back and back to bed! He has had more transfers than the tattooed lady!

He was a solid defender with attacking flair, and teamed well with Dick Plume. Those two toothless wonders put the fear of the devil into opposing strikers when they grinned as they looked somewhat like a couple of gargoyles from a cathedral facade.

Known for his total commitment to the game, John could often be heard advising the referee how the game should be played. Due to this he has had more bookings that Air New Zealand!

He coached the Ladies in 1980 where his choice of word made even them blush. He transferred the skills he learned from Tweedy Pie & Sylvester movies to his charges and nearly cut his career short by almost accepting the stand-in job as Belker on Hill Street Blues.

JOHN CYPLES

1981-85

Born in Stoke-on-Trent John was soon to be known to one and all as Cyclops. He played for the Stoke 3rd team as an amateur and as semi-pro for Sandbach Ramblers in the Cheshire League.

He learned his soccer in the pottery factories in Stoke, kicking the clay forms off the potters wheels. His turn of speed came from dodging the missiles thrown by the irate potters!

Arriving in NZ in July of '81 as a refugee of the Ugandan influx into Britain following a new immigrant introducing himself to John with the seven deadliest words in the English language - "Good morning. I am your new neighbour."

He turned up for training at the AFFCo ground with Billy McCaig's 3rd Division side but was quickly spotted by Dave Hall and moved into the Northern League side.

John has always tried to emulate his idol, Sir Stanley Matthews, the wizard of the dribble, but so far has only managed to get his shirt-front wet!

JASON CARGO

1977-84, 2012

Alias Power Pole and (how original) Clutch.

Jason played football for Otorohanga College, then Ngaruawahia High then Fairfield College (not all at the same time). He then spent five seasons with Narra in the Northern league, spending one of the matches in position as a replacement upright when a goalpost broke.

He balanced his soccer with squash, tennis and table tennis and was a very unflappable opponent, except when beaten by his father Malcolm at Table tennis (or when someone eats his jandals).

His boyhood idols were Stephen (his brother) and Donald Duck. As a Surveyor he was invaluable to his firm as they used him as the sighting pole when working in deep valleys.

He was always accompanied by his best friend Paddlefoot, a cat of no resemblance.

JEFF TOZER

1977-86, 1992-95, 2001-03, 2009-12, 2016-18

The human bulldozer, nicknamed Rooter when 12 years old.

Played for Claudelands Rovers at 15 for two seasons and stated for AFFCo Rangers way back when they were boy scouts. Rangers won the first Cambridge Tournament in 1971 and were scornfully called 'Dreamers'.

Jeff was a fitness freak gaining his running style from the Roadrunner cartoon characters.

He can to Narra when the Club amalgamated with AFFCo. After one year he moved back to Claudelands where he promptly broke his collarbone and had to sit the season out. He still top scored with one goal!

Back with the Green Machine the following year Jeff played in every position conceivable, plus a few we never heard of. He has coached the Ladies team, the Waikato Women, has been Club Captain and Club President.

A brief fluffy with a hairdresser brought him offs from the Robinson Jam Company to feature his as the golliwog on their jar labels.

A powerhouse player with a strong shot, he just revelled in the chances to go twin striker with Mike Heappey so they could compete in seeing who could knock the most pine cones off the trees behind the goal.

STEVE WILLIAMS

1977-89

Droopy Drawers was born in Liverpool and played as a defender, having proved a disaster at any other position in the team. His fullback role was one in which

goalkeeper Sean Crowe would have given his right arm to have Steve removed from!

His rise to infamy began in the club's Waikato 2nd Division side with a brief stopover in the Reserves before notching a place in the Northern League team. His brief stay in the reserved caused a sudden rash of ulcers by Sandy MacDonald in goal and Steve was forced to move on!

He was a powerful defender and exceptionally strong in the air (often cured by air freshener) and followed in the footsteps of Yogi Bear (having the figure to match).

Steve loves his football and each year was the top scorer for the opposition.

It has only lately been revealed that Steve's transfer fee from the English Football Association was two stale pies. Initially he turned down the offer but, when Maxine was thrown in for free, Steve conditionally accepted - Maxine had to leave her voice behind!

BILLY EMMENS

1981-83

Affectionately known as Old Man or Mouthguard was born in Naenae down by the windy city where you hang out your washing with return addresses stapled to the garments.

He has played soccer since he was six and highlighted his career with the Burnham army side scoring 76 goals in one season against the Blind Institute (and his team still lost the championship).

On joining the Green Machine in 1982 he found his reputation had preceded him and he was accordingly put in defence. As an ordinance worker he specialised in bomb disposal, waste disposal and permanent latrine duty.

POSSUM

The exact origins of this loyal supporter are a mystery. While the first recorded encounter with Possum dates back to when the 6pm curfew was first abolished, predating of his hat reveal that this elusive creature was first discovered sleeping amongst the trapped tumble weeds in the roof rafters upon the establishment of the upstairs members lounge.

Formerly a representative of the Newcastle development program, Possum maintains that his football knowledge stems from the extensive board sessions held between himself, Coulshed and Terry in the corner of the club. Unfortunately, the dim lighting led to many strategies being specifically developed for night fixtures.

While an ever-present proponent of keeping the bartender honest, Possum has invested heavily in the future of the club, including being an avid sponsor of Ngaruawahia's Premier Women's team.

His continued support and electric dance moves are a key feature of any club night. He is currently the key advocate for bringing uber to Ngara, enriching his own 100m journey from the bar to his front doorstep.

BRIAN "BUGSY" HARDING

1975-77, 1981, 1985-94, 1997, 2000, 2015

The original Maoridonna began plying his football trade under the scrupulous eye of Joe Templeton if only to pass 4th form English. Originally, a superstar of the Ngaruawahia synchronised swimming all male trio and Championship diving team, a career ending injury forced him to adopt the green and white claiming that it enhanced the magic in his eyes. Next to his eyes, Bugsy claims his most redeeming feature are his elbows and his ability to pull off bike shorts in any social situation.

Bugsy's heroes include Tozer's Pink polka-dot stubbies of 1994, Clouty's numerous thigh braces and, of course, his own physiotherapist, who he credits for his longevity.

Bugsy has recently retired his dream of being a professional footballer citing cultural differences with current coaching staff; however, official sources claim that difficulties arose during contract negotiations with his negotiation team adamant of the inclusion of the "permission slip" clause.

A powerful midfielder in his youth, his lunging style of play earned him a level of notoriety both on and off the football pitch. His unique talents even saw him compete in the professional wrestling finals at the Petersham Hotel Competition of 1987, where he finished a reputable runner up to the legendary Miss Lucy Brown, Waikato Regional champion 1984-1996.

Bugsy has fulfilled his 2018 new year's resolution to move out of home. He currently resides in his shed, complete with bar and near brand new gym facilities. He is aiming for at least 10 minutes to prove his worth during the jubilee celebratory match.

ANDY "ROO" BELL

1975-78, 1985-2018

Andy "Roo" Bell is a former dux of the Bell Institute of Technology and Craftmanship, having advanced in the areas of field maintenance and sound engineering. Having been born into a family of 7 boys, Roo had to fight tooth and nail to stake 5 minutes of toilet time. This daily struggle helped Roo develop a sinewy strength and speed that he transferred to his favourite wing back position at an early age.

Touted as an emerging talent in the early days of the Templeton School of Footballing Excellence, Roo was quickly seconded to the senior squad. He has since gone on to become an irreplaceable club member, having produced over 250 first team appearances. The most of any player in the club's 50-year history and an estimated 2000 club appearances!

When asked what he remembers most about his time in the first team shirt, Roo (with tears in his eyes) recalled first playing alongside his nephew Ryan, who he confesses is his inspiration and the reason he still laces up his boots. He also proudly boasts having played a significant role in the creative process for inventing the novelty adult sized pacifier.

When not lamenting the lost wages consumed over the bar, Roo can frequently be seen tinkering with the sound system, building radio's out of coconuts, fighting with Liz over the song selection and providing back-up vocals and percussion for the Bell Boys.

This life member has made himself indispensable to the club and therefore he will never be permitted to retire from his groundsman duties.

CRAIG "PUTU" PATERSON

1986-93, 1999-2006, 2015-18

Putu, spelt P, U, T, U, is the irreplaceable gentleman of the bygone game. A lover of politics, philosophy, religion and art, this creative thinker often allowed for his prestigious mind to give some thought to horticulture and plant cultivation, and often ritualistic

maintenance of the river's water levels.

A sticker for the rules of the game, Putu could often be heard lamenting the loss of players base respect for match officials. Living by a strict moral code, he always addressed the referee as "sir" even when providing a more enthusiastic interpretation of the rules.

Eye witnesses have attested to his athletic grace and poise when manoeuvring around the pitch, this striker of a bygone era would go on to receive top marks from what has now has been renamed the Neymar School for Wayward Children. Putu's talents saw him easily code-hop between football and league and is now a permanent fixture of the local bowls club.

A lover of music, he can claim as one of his talents to be able to accurately guess the length of any classic rock ballad and can claim to having met Bruce Springsteen, receiving a song dedication to him at one of his concerts. He can also recount, with near eidetic memory the set list from the Police concert at Western Springs 2008.

RICHIE HARRIS
aka "DELBOY, PHANTOM"

2005-12, 2018

Richie is an undervalued talent in Ngaruawahia football history. His rap sheet of exploits rival even those of some of the more colourful members; however, in a much shorter timeframe and often with more nudity. This willingness to shed his clothing and don the emperors cloak at crucial moments, have led to awkward work functions, and hilarious team celebrations. Backstroking in the company pool and tumbling into the Cazbar band only added to his legend.

An authoritative and commanding presence on the field, this silent achiever (but natural leader) played numerous games for the green machine following a brief stint at Melville United.

This past and present club member has been known to be free with his football knowledge around the Waikato, most recently assisting the club in gaining promotion into the WaiBoP Premiership.

A natural forager, Richie has been known to prefer the sanctity of a wheelbarrow and tarp over a comfy mattress and is loosely credited with coming up with the idea for Uber following his late-night request to the Fire Department seeking a ride back to Ngaruawahia.

Ever the purveyor of the latest in exercise equipment, this natural born salesman continues in his quest to become a millionaire, investing heavily in bitcoin and online currency.

DAN TOULSON

2004-08, 2014

Much like Jeff Wilson and Andre Agassi this towering blond centre back has fled to America to try and combat his follicle displacement disease and can currently be seen studying for a conjoint degree in Trump by-partisan politics and Early Childhood Education.

Residing in the greater Boston area, Dan has had several stints in the coaching arena, serving as Assistant Men's Coach at Emerson College and The Catholic University of America as well as dedicating his time and resources as Co-Director of Boys Soccer and Program Facilitator at Division 3 National Coaches Leadership Institute.

While this may read as an impressive CV, many easily recall his antics on his virgin bus trip which like many similar experiences ended prematurely and the early retirement of my shoes. An imaginative player on the pitch, Dan is also credited as a co-creator of the Magic D rules of Imbibing.

His physical stature and commanding presence, belied a calm demeanour and a mature level head, far beyond his years. While his initial forays into national league football can be viewed as having brought many successes, he has since evolved beyond his playing years and reached the epitome of football, counting himself a member of the Ngaruawahia Alumni.

TIM KAUTAI

1995-2000, 2006-16

Originally hailing from Cambodia, this diminutive winger first appeared in Ngaruawahia on the back of a travelling Asian Contortion Performance troupe. He would eventually come to plie his trade terrorising defences for the Green Machine.

From his hesitant start in the junior club where he stood head and shoulders above his 13th grade Ninja's teammates, he would eventually transition into the senior club, making as many Northern League appearances as he is centimetres tall. Often juggling football appearances in between rides as a Jockey.

Despite his compact stature, his speed and work rate made him a welcome addition to any starting eleven. With an ability to leap far above defences, his goal tally includes many memorable headers making him the most unlikely of aerial threats. Although he has now traded in the green grass of the Waikato for the familiarity of a concrete jungle, Tim still maintains his speed and footwork playing competitive Touch Rugby for which he also has a talent. On the side-line, Tim's mother, Wendy, can loudly be heard lamenting the fact that he has yet to produce for her any grandchildren.

BRIAN "SLY" HOLLOWAY

1992-2002, 2010-16

Not much is known of this quiet, reserved, once former librarian. Although a self-proclaimed social savant, Sly would gracefully amble into any situation be it a match warm up or club evening. Ever the illusionist and master of misdirection, he would appear as if by magic from behind the changing rooms upon kick off.

Formerly dubbed Mr Asia, due to his successful management of a Nike Shoe Factory, Sly's history remains an enigma to all but his closest confidants. His family have launched several inquiries into the details of his childhood which he has had stripped from his record, successfully repurposing all academic record of his appearances and honourable mentions in the local papers. He even went so far as to maintain a position within the public library service for this very purpose, long after the medium had died a slow death.

A recent evaluation of his google history shows he has googled himself 48 times in the last 30 days. While this level of dedication to secrecy remains unparalleled, it is heavily anticipated that this profile will also be stricken from public record.

MARK "SCOOP" PHILLIPS

1992-2014, 2018

It is hard not to view this player's commitment to the green machine without regard to both his impressive First Team appearance tally and examining his notable body

of personal injuries.

Strained Achilles- Mark strained this vital tendon while having a nightmare in bed, dreaming about Nickelback's, Chad Croger and the lead singer of Counting Crow's love child;

Prosthetic hip- surgically implanted following a 2-1 win over Whangarei in which he sustained a twisted ankle. Mark swears the elective surgery was necessary to alleviate the phantom pain most commonly associated with people with amputated limbs;

Torn ACL- sustained during an intense game of Operation, ironically trying to extricate the knee cap;

Fused Vertebrae- Mark injured his back celebrating his first goal for Ngara at the tender age of 39 in which he attempted a triple somersault with a reverse twist. While Mark stuck the somersault, he awkwardly failed to stick the landing;

2480 stitches sustained over the course of his long and illustrious career, which on average amounts to 10 per first team appearance, including 18 incurred as a result of a minor disagreement over song selection on a friendly bus trip to Whakatane.

His unnatural reverence of a former music store clerk notwithstanding, Mark has earned his place amongst the upper echelon of club legends. Silencing many of his harshest critics with consistent performances week in week out creating the "scoop" pass (patent pending).

THE WEASELS

2001-18

It is difficult to talk about one of the Weasels without mentioning the other. These pint-sized legends blew into town from the Northern League collapse of Huntly Thistle. Both have made, and continued to make, an indelible mark on the club's history.

One is particularly choosy, extremely suspicious, uncontrollably irrational, slow to forgive, a mochaccino-drinking sophisticate/ glass half full kind of guy. The other is self-described as strength, courage and composure personified, but doesn't do carbs. I will leave it for their wives to determine who is who.

Both Weasels have provided memorable first team appearances, with each earning significant accolades. Johnny would go on to be the back bone of the reincarnated "WaiBoP A Moo Loo River Dragons", literally providing pieces of his back to the team's season. Phil Weasel captained the First team on many occasions. His playing style was once labelled as "prolific", an achievement in of itself carved out in the days before the Thesaurus.

Born of a litter of 12 Weasels, Johnny and Phil have become "stable" cornerstones of the social football scene in the Waikato of late as each are committed to maintaining New Zealand's unnaturally high methane levels.

Each now require a permission slip before providing their unique talents on the football pitch.

NIKOLAI HELWIG

1996-99, 2004-05, 2010, 2012-13

The original hellion widely seen as a fundamental constant of the interconnectedness of all things. This player could fall in a bucket of excrement and come out smelling like roses, walking into a room full of people, making 10 new friends and going on a Gandalf like adventure.

Some of his actions have led many to consider whether he is masterminding a complex scheme with no obvious benefit to himself, whereas the obvious idea is that something is happening that nobody knows about. Although his insides are forever scarred by his consumption of liniment, cleverly disguised in a G Force bottle, this has not stopped him from producing a litter of progeny across several continents.

An electric player. His lightning pace and unpredictability tormented the opposition. An uncanny ability for the ball to remain both in his control and out, defenders would be left dumbfounded as to how the ball could bounce around every part of his body and still maintain "control".

TROY LOCHEAD

2004-10, 2016

The original Gandalf, Lochhead is indelibly burned into the Ngara psyche. This love child of inspector Gadget and one of the Wet Bandits from the Home Alone movies (The tall one, not Joe Pesci working through his Goodfella's hangover) dabbled in several positions before settling for coaching/ management.

Although his stints in goal left a permanent impression on his defence, glasses or not, it was in coaching that he found his niche. Ever the proprietor of the "what have you done for the club lately" ethos, his pre-match pep talks inspired a Disney like devotion to the club and teammates.

Burdened with the unenviable position of supporting Leeds United and New South Wales, he has questionably managed to maintain his positive attitude despite also being born an Australian. The Every friend, he has since relocated back to the land of his birth, investing heavily in his athletically talented children who seem to have thrived in the Australian sporting environment, providing Lochhead with a sustainable retirement scheme.

7th Grade C
Sunday Squad????

George Sunnex has really fired up the 1st Division squad this year. They are ready to run into the dirt for the Club (or face withdrawal of our facilities) and are ready also to score goals should the occasion arise.

Mrs Ann Patterson has all Junior teams fired up. In other words she has done a George Sunnex with all our little hackers. Well done Mrs P.

COUNTDOWN

Well..... Here we are again folks. Another season is upon us with all its inherant excitment and heartaches and the to-be-expected disappointments. Not being able to participate in the collapsed Unicol 5-aside tournament, and with whisperings that Rotorua aren't too keen on our entry into their pre-season encounters, we have had to hunt out our own warmups in preparation for the "Big Three" - Country Foods Cup, Chatham Cup and League.

The 1983 Senior programme for the whole season is inside and you can enter on your calendars all those weekends that will ensure exciting football.

ANNUAL MEETING

WING WIZARD

Although Matamata is in the 4th Division, compared with our 1st Division status, it was an interesting match for both spectators and players.

Those of us on the sideline were able to listen to the Matamata coach explaining the gifts and talents of the Green Machine to his neighbours as he analysed his teams performance in comparison with Narra. It made ones head swell somewhat.

Nelson's second-minute goal was the direct result of Dave Hall's emphasis on quality crosses from the wings. In the third minute a Nelson free kick was headed into the net by a defender who misread the spin on the ball.

Crosses came thick and fast, but there was not sufficient quality to have the ball finish up in the back of the net. Three-nil at half-time and a further three in the second half were all well worked for and it was a pity that Simon's 20-metre worm-burner had to be disallowed because Pretswell was having a little laydown near the keeper!

Paul McMillan was given a perfect short pass by Nelson to allow him to weave through the defense at speed and plant the ball into the bottom left corner - a skilful display of ball control.

Jim Barry thrilled the spectators when he left his area and wove in and out of Matamata challengers with the ball before cheekily taking it back into his area! The female fan club rewarded his expertise with a series of "Ole's".

Graeme Fleming looked far better in this game than he has for many a match

"Throw the baby down!" shouted Sean to the woman on the top of a blazing building.
"I daren't!" she yelled back. "You might drop him!"
"No, I won't!" he shouted back. "I'm goalkeeper with Ngaruawahia United!" Reassured, the woman dropped her baby to Sean, who immediately bounced it twice and kicked it up the street!

NEW FACE

Keep an eye on this new chap Kurt Olsen in the Youth squad. He hails from the U.S.of A. and has been playing for 10 years.

Only 4 points away from promotion

In a match that was closer than Narra would have liked (and that at their own instigation) the Greens came away with the three points vital in the chase for promotion.

Craig Jessop was on hand to tidy up a late Hamish Marsh move and poke it home for the only goal of the match and a deserved 1-0 win to the visitors south of the Bombay Hills.

Narra was unable to field a full-strength side but did enough in their allotted 90 minutes.

No doubt the rumour-mongers will latch onto Narra's 1992 and 1993 performances where good leads were frittered away and promotion chances slid down the gurgler.

With fewer injuries at this stage than last season (and a team with overall less skill than 1993) it is hoped that the required points can be picked up in the remaining three matches (Tauranga, Glenfield and Claudelands Rovers).

With the lads having conceded only one goal in the last six outings, the signs are there that this year we will achieve it, but it must not be left to the also-rans to do the damage for us.

The Fagan Saga

It is now known that Kit Fagan returned to Narra with his children due to reports that his name was mis-spelled on the honours board. You could have just written a letter, Kit!

Doreen relates to Pooley as "Dad"

In an emotional outburst last week Bar Manager Doreen Clancy revealed her feelings for Ray as she addressed him as Dad.
Ray could not be contacted for a response as this edition went to press!

Mount Roskill	19	2	3	14	14	48	9

Weekend Results

Birkenhead 0, Ngaruawahia 1
Tauranga 0, Glenfield 1
Mt Roskill 2, Metro 2
Wanderers 3, Takapuna 1
Cambridge 5, Northland 3
University 2, Claudelands 4

With Tauranga going down to Glenfield and Narra having a 3-pointer over Birkenhead, the Green Machine is within two wins of promotion.

With three games remaining (against Tauranga, Glenfield and Claudelands), the worst we must do is draw once and win once.

Assuming Wanderers win their four remaining games (12 points), they are within reach of 43 points, Tauranga can amass 39 points and Cambridge 38.

Wanderers win over Takapuna 3-1 would lead to the assumption they will repeat that performance in their outstanding match and pick up the three points they need for the second spot challenge.

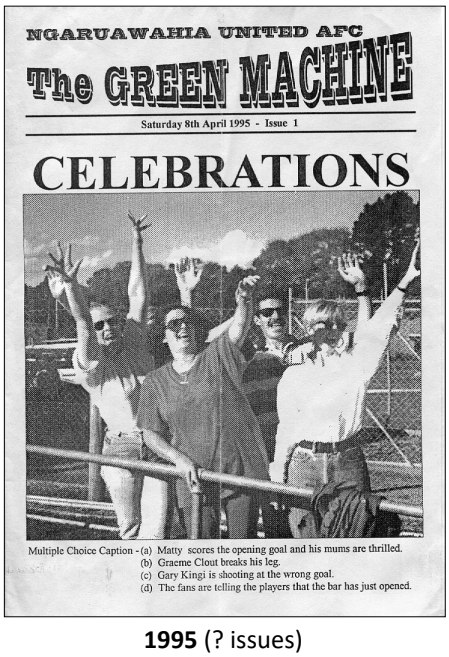

With a tiny bit of luck (as we have had some already this year) we just need Tauranga, Wanderers and Cambridge to stumble just once.

The way Mt Roskill have been performing over the past few games, they have more than mathematical chance of moving off the bottom and could leap-frog Northland.

Claudelands kept their survival hopes alive with a clinical 4-2 victory away to University.

Birkenhead, Takapuna and Glenfield will be remaining in the 1st Division next season.

The Book of Joseph, Chapter 2,018

I. *The clouds above the hills of Hakarimata, beside the village of Wahia Nga Rua parted and Saint Joseph looked down.*

II. *“I am well pleased with what they have achieved.” saith Saint Joseph quietly to himself, “The seed has taken good root.”*

III. *He marvelled at the folk who had striven to realise and keep alight his dream through the good times and the struggles.*

IV. *“When those who have striven valiantly to keep my dream alive are called away, I will welcome them with open arms and with joyful heart.”*

V. *“And I shall say unto them ‘Well done my good and faithful footballers. Welcome home.”*

VI. *“I shall show them the vision of football’s future at the meeting of the waters, and they shall see it, and their hearts will swell and they shall be glad.”*
